

## **Resume - Dr. James G. Dickson**

### **I. Personal Data**

- 1. Address:(O)Louisiana Tech Univ.  
PO Box 10138  
Ruston, LA 71272  
318-257-4020 (O) 318-513-1062 (H)**
- 2. Birth: 26 Apr 1943**
- 3. Family: Wife- Elizabeth; Children- John, Jamie**

### **II. Academic Training**

- 1. B.S., Forestry, University of the South, 1961-65.**
- 2. M.S., Wildlife Management, University of Georgia, 1965-67.**
- 3. Ph.D., Forestry Major, Wildlife Management/Zoology Minor, Louisiana State University, 1971-74.**

### **III. Significant Professional Experience**

- 1. 1965-67, 1972-1974 Graduate Research Assistant**
- 2. 1967-71 Line Officer, 0-3, U.S. Navy**
- 3. 1974-76 Assistant Professor, Louisiana Tech University, Ruston**
- 4. 1976-1998 Research Wildlife Biologist or Supervisory Research Wildlife Biologist (GM-14), Wildlife Habitat and Silviculture Laboratory, U.S.Forest Service, Southern Research Station, Nacogdoches,TX (concurrently Adjunct Professor, Stephen F. Austin State Univ., Texas A&M Univ.,New Mexico State Univ.)**
- 5. 1999- Merritt Professor of Forestry  
Coordinator, Wildlife Program  
Louisiana Tech University, Ruston**

### **IV. Honors and Awards**

- 1. Outstanding Forestry Major Award, University of the South (Sewanee), 1965**
- 2. Special Letter of Commendation, Commanding Officer, US Navy 1971**
- 3. Xi Sigma Pi (Honorary Forestry Fraternity), President, La. State Univ. Chapter, 1973**
- 4. Sigma Xi, Scientific Research Society, La. State Univ., 1974**
- 5. Publication Award, Southeast Section - The Wildlife Society, 1979**
- 6. Certificate of Merit, USDA Forest Service (USFS), 1984**
- 7. Certificate of Merit, USFS, 1985**
- 8. Wildlife Conservationist of the Year, Sportsmen Conservationists of Texas, 1986**
- 9. Unit Motor Vehicle Safety Award, USFS, 1987**
- 10. Certificate of Merit, USFS, 1988**
- 11.Technology Transfer Award, USFS (Southern Forest Experiment Station), 1992**
- 12.1Chief's Award and Technology Transfer Certificate of Achievement, USFS, 1993**

13. Safety and Health Award, USFS, 1993
14. Publication Award, Southeast Section-The Wildlife Society, 1993
15. Publication Award, Texas Chapter-The Wildlife Society, 1994
16. Henry Mosby Award, National Wild Turkey Federation, 1994
17. Golden Tracks Award, Texas Chapter-National Wild Turkey Federation, 1994
18. Research Award, Texas Forestry Association, 1995
19. Publication Award, Southeast Section- The Wildlife Society, 1996
20. Certificate of Merit, USFS, 1996
21. Publication Award, Texas Chapter- The Wildlife Society, 1997
22. Publication Award, Southeast Section- The Wildlife Society, 1997
23. Certificate of Merit, USFS, 1997
24. Certificate of Merit, USFS, 1998
25. Past President's Award, National Wild Turkey Federation, 1999
26. Frank Merritt Endowed Professorship, Louisiana Tech University, Ruston, 1999
27. Scientist Emeritus, USFS, Southern Research Station, 1999
28. Special letter of commendation, Bobby Jindal, President, University of Louisiana System, 2000
29. Past Chairman's Award, National Wild Turkey Federation, 2001
30. Board of Directors, National Wild Turkey Federation;  
Elected 8 consecutive terms, and served in all Officer positions except Treasurer.
31. Scholarly Activity Award, College of Applied and Natural Sciences, Louisiana Tech University, 2001
32. Forest Stewardship Advisory Council, Boise Corp., 2001
33. Outstanding Publication Award, Southeast Section- The Wildlife Society, 2002
34. Scholarly Activity Award, College of Applied and Natural Sciences, Louisiana Tech University, 2004

#### **V. Membership in Professional Organizations**

1. The Wildlife Society
2. National Wild Turkey Federation
3. Louisiana Forestry Association

#### **VI. Research**

Dr. Dickson's investigations have played a major role in defining wildlife relationships in southern forests. Dickson has published over 100 technical publications. Critical new information has been developed on breeding and wintering birds, wild turkeys, squirrels, terrestrial small mammals, white-tailed deer, and reptile and amphibian communities in bottomland hardwoods, streamside zones, and upland pine and pine-hardwood stands. The relationships of bird communities, their forest habitat, and silvicultural practices were documented. Snag and cavity formation, and methods of producing cavities were developed.

## **VII. Technology Transfer**

Dickson played an early leading role in advancing management of a variety of vertebrate wildlife, for which little was known. Information has been transferred to users through a variety of media. Dickson has made over 250 presentations to professional and lay audiences. Information developed from his research has been presented in technical journals, books, symposia, and popular media. This information has helped form the basis for development of wildlife management guidelines on public land as well as in industrial forestry. His data on wildlife communities in bottomland hardwoods and streamside zones were instrumental in establishing management practices. Relationships defined by his work also have been used in developing wildlife habitat models nationwide. Dickson consults annually with landowners responsible for millions of acres of wildlife habitat. For example, he serves on Boise's Forest Stewardship Advisory Council. He recently completed the award-winning wildlife book of the South: Wildlife of Southern Forests: Habitat and Management. And he was a founder and charter member of the Ark-La-Miss Wildlife Group; and program chairman and speaker for their first 2 symposia.

He has had significant roles (made invited, keynote, or plenary address) in major wildlife symposia:

1. Workshop - Management of Southern Forest for Nongame Birds
2. Symposium - Prescribed Fire and Wildlife in Southern Forests
3. Symposium - The Role of Insectivorous Birds in Forest Ecosystems
4. Symposium - Snag Habitat Management
5. Workshop on Management of Nongame Species and Ecological Communities
6. Fifth National Wild Turkey Symposium
7. Conference - Wilderness and Natural Areas in the Eastern United States: A Management Challenge
8. International Ornithological Congress Conference- Ottawa, Ontario, Canada- Wildlife Research of the USDA Forest Service
9. Interagency Workshop on Status and Ecology of Bottomland Hardwoods
10. Society of American Foresters Annual Conference - Managing Southern Forests for Wildlife
11. Conference on management of upland game birds in Mexico Ecology and management of the wild turkey
12. Sixth National Wild Turkey Symposium
13. Workshop - Status and Management of Neotropical Migratory Birds
14. Conference - Riparian Ecosystems in the Humid U.S., Functions, Values, and Management
15. Conference - Aquatic Fauna in Peril: The Southeastern Perspective
16. Seventh National Wild Turkey Symposium
17. Ecology and Management of Bottomland Hardwood Forests

18. The Wildlife Society, Symposium-Fire and Nongame Wildlife
19. Eighth National Wild Turkey Symposium
20. Upland Oak Ecology; History, Current Conditions, and Sustainability- A Symposium

#### VIII. Wild Turkey

Dickson has played a significant role in the conservation of the wild turkey. Dickson has been a long-term Director, and has served as Chairman of the Board, President, Vice President, and Secretary of the 500,000+ member National Wild Turkey Federation (NWTf), which is a premier conservation organization. He has a long history of research defining wild turkey forest habitat relationships and has published scientific and popular articles. He coauthored the Summary of the Fifth National Wild Turkey Symposium, authored 2 papers in the Sixth, edited the award winning Seventh National Wild Turkey Symposium, and presented the Summary for the Eighth. He has provided information which has advanced wild turkey restoration and management in America. Also Dickson has helped establish research and develop management for the Goulds wild turkey in northern Mexico. Dickson compiled and edited the most comprehensive and award winning monograph, The Wild Turkey: Biology and Management, which is called the turkey bible. He has been featured on Turkey Country which aired on the Outdoor Channel, and he was featured and was the technical consultant for Turkey Secrets which aired on Animal Planet. Also, he is former 3-time Texas Wild Turkey Calling Champion.
