

Engineering and Technology Management Three Year Course Schedule

Fall 2011

Core: INEN 505 Manufacturing and Operations Analysis

Elective: INEN 511 Facilities Planning

Winter 2012

Core: INEN 514 Statistical Analysis for Six Sigma

Elective: INEN 504 Simulation

Spring 2012

Core: INEN 502 Operations Research Methods

Core: INEN 509 Economics and Decision Making

Elective: INEN 503 Management of Engineering Functions and/or INEN 512 Reliability Engineering

Summer 2012

Core: FINC 577 Accounting and Finance for Non-Financial Managers

Elective: INEN 550C Organization Planning and Assessment

Fall 2012

Core: INEN 507 Engineering Administration

Core: INEN 505 Manufacturing and Operations Analysis

Elective: INEN 518 Project Management

Winter 2013

Core: INEN 514 Statistical Analysis for Six Sigma

Elective: ENGR 566 Six Sigma and Quality Control

Spring 2013

Core: INEN 502 Operations Research Methods

Core: INEN 509 Economics and Decision Making

Elective: MGMT 577 Supply Chain Management

Summer 2013

Core: INEN 507 Engineering Administration

Elective: INEN 550C Organization Planning and Assessment

Fall 2013

Core: FINC 577 Accounting and Finance for Non-Financial Managers

Core: INEN 505 Manufacturing and Operations Analysis

Elective: INEN 511 Facilities Planning

Winter 2014

Core: INEN 514 Statistical Analysis for Six Sigma

Elective: INEN 504 Simulation

Spring 2014

Core: INEN 502 Operations Research Methods

Core: INEN 509 Economics and Decision Making

Elective: INEN 503 Management of Engineering Functions and/or INEN 512 Reliability Engineering
