DJ positions available for all student volunteers

KLPI is the Louisiana Tech University owned campus radio station. It broadcasts 24 hours a day on 89.1 FM. The station is allocated a budget of \$2.50 per student per quarter, received from the Student Assessment Fee, plus money derived from ads sold to outside businesses. This money is used for the purchase of equipment, salaries for the Executive Staff, and for the day-to-day operation of the station. The station operates in accordance with all FCC regulations.

RADIO TECH: KLPI is run by the KLPI student organization. It is open to any student enrolled at Louisiana Tech University. KLPI was established to create and maintain interest in radio as a medium of communication. Its function is to provide a programming service primarily for Louisiana Tech University and secondarily for the broadcast area. In addition, participants in the group's activities obtain actual experience in the operation of a radio station.
