JOB PLACEMENT

Job placement rate for program completers: 85% (nutrition/dietetics related); 90% (all jobs)

Who is included?

This job placement rate is based on 20 respondents to a post-graduation survey, with 100% of graduates responding.

What type of job?

Positions that recent completers were hired for include: clinical dietitian, health coach, public health nutritionist, nutrition consultant, outpatient medical dietitian, private-practice dietitian, and home-health dietitian.

When were they employed?

The job placement rate is based on program completers who were employed within 6 months of completion.

How were graduates tracked?

A survey was sent to graduates of the graduate certificate program in dietetics. The response rate was 100%.

What agencies (state or accrediting), if any, is this rate reported to?

The job placement rate is reported annually to the Accreditation Council for Education in Nutrition and Dietetics (ACEND).
