Accreditation

The College of Education, one of five colleges of Louisiana Tech University approved by the University of Louisiana System, is accredited by the Southern Association of Colleges and Schools and the Louisiana State Board of Elementary and Secondary Education. As an individual unit, it is a member of the American Association of Colleges for Teacher Education and of the American Association of Business Teachers. The College of Education is accredited by the National Council for the Accreditation of Teacher Education for the preparation of teachers at the undergraduate and advanced degree levels.

History and Organization

Since the founding of Louisiana Tech in 1894, the education of teachers has been a primary aim of the institution. The Laboratory School, A.E. Phillips School, was created by the Legislature in 1916. On November 12, 1925, the State Board of Education approved teacher education curricula, and on March 15, 1926, the State Board recognized the reorganization of these curricula. A Department of Education was recognized by the State Board in 1933, and in April of the following year, authorization was granted for the organization of a separate school. In July, 1970, the School was elevated to the level of a College of Education.

In 1948, physical education was transferred from the School of Arts and Sciences to the School of Education as a department. In 1955, the offerings in education were divided, forming Departments of Elementary and Secondary Education and the Department of Special Education. In 1965 the organization was expanded to include a Department of Psychology and Guidance, and in 1970 the Division of Research and Publications was established. In July, 1972, the State Board approved a reorganization of the College which created a Division of Research and Service and a Division of Curriculum and Instruction. In the Division of Curriculum and Instruction, three areas of instruction were created; teacher education which included all elementary and secondary programs, psychology and counseling, and health and physical education which included programs for men and women.

In July, 1975, the instructional program in special education was moved from Teacher Education to the area of Counseling and Psychology and the name of the area was changed to Behavioral Sciences.

In January of 1994 a new organization plan was approved and the Department of Curriculum, Instruction, and Leadership replaced the former Teacher Education area.

By actions of the State Board of Education on December 17, 1957, January 31, 1958, April 3, 1958, April 18, 1961, July 29, 1968, and February 19, 1974, authorization was given to grant the

Master of Arts degree in Art Education, Elementary Education, English Education, Industrial/Organizational Psychology, Music Education, Social Studies Education, Special Education, and Vocational Guidance, and the Master of Science degree in Biology Education, Business Education, Chemistry Education, Mathematics Education, Physics Education, and Health and Physical Education. In April, 1967, the State Board of Education granted approval to offer the Specialist Degree, and on November 1, 1968, authority was granted to offer extension or off-campus courses. In 1994, authority was granted to offer the Ph.D. in Counseling Psychology and the Ed.D. in Curriculum and Instruction and Educational Leadership. (See Graduate Education section of catalog for graduate programs.)

Objectives

The College of Education is an integral part of Louisiana Tech University. From its founding in 1894, one of the purposes of the University has been the preparation of teachers. Undergraduate teacher education programs are developed and maintained through the joint activities of the faculty of the College of Education and the Louisiana Tech University Teacher Education Council. The College offers a full array of programs for the preparation of human services personnel as stated in its mission.

The mission of the College of Education is three-fold:

1. to provide high quality educational experiences for current and prospective professionals from baccalaureate through doctoral levels;
2. to enhance and extend the knowledge bases under girding professional programs through research and other scholarly activities;
3. to deliver professional services to the various business, civic, and educational communities through collaborative endeavors.

The mission is fostered through the following goals of the College of Education.

1. Continuously refine curriculum and instructional procedures ensuring the best research, theory, and professional practice in all programs.
2. Provide clinical and laboratory experiences enabling program graduates to function proficiently in diverse professional and cultural settings.
3. Enable program graduates to serve as change agents through implementation of innovative ideas, strategies, research, and technology.
4. Provide personal and professional development opportunities for students and faculty.
5. Encourage research and development initiatives designed to extend knowledge and solve problems in appropriate human service fields.
6. Promote faculty and student leadership in organizational service, publications, research, and other scholarly endeavors.
7. Design and deliver needs-based programs and services with appropriate constituencies.
8. Implement, evaluate, and refine plans to recruit and retain a diverse faculty and student body.

Division of Educational Research and Service

The Division of Educational Research and Service was created in 1970 to encourage and coordinate research activities in the College of Education and to provide assistance to local and state

education agencies. The Division cooperates with other research and service areas within and without the University.

The College of Education Research Advisory Committee, with the Director of the Research and Service Division serving as chair, recommends general policies and procedures for the Division. The Division is responsible to the Dean of the College of Education. Financial support for the activities of this Division is derived through the regular operating budget and special grants.

Scholarships

The following scholarships are available in the College of Education. For information concerning these scholarships, contact the Office of the Director of Clinical Experiences.

Mary Wilson Scholarship

- Pursue a teacher preparation program in Elementary Education
- Demonstrate a need for financial assistance
- Minimum high school GPA of 3.0
- Demonstrate a commitment to the teaching profession
- Awarded in the spring preceding award dates
- Maintain a GPA of 3.0 on all works to keep scholarship (may be continued)

College of Education General Scholarships

- (Number awarded varies each year)
- Pursue a degree offered through the College of Education
- Possess a strong ACT score and/or rank high in their graduating class
- Participate actively in a variety of high school activities

Lanette Southall Fisher Memorial Scholarship

- Sophomore education major
- Will receive on a continuing basis for three years unless program is completed earlier

Erma Flesher Memorial

- Enrolled in Social Studies Education curriculum Junior standing
- Possess a strong academic record

Estelle Harris Memorial Scholarship

- Elementary Education major
- Earned GPA of 3.0 on all course work completed
- Have an ACT of 23 or higher
- Awarded annually (may be a continuing student)

John Henry Milling Scholarship

- Junior or senior Education major
- Earned GPA of 3.0 on all college work completed
- Demonstrate financial need
- Recommended by a faculty member or administrator in the student's area of study
- Awarded as funds are available and as a need occurs

Mary Ann Smalling Scholarship

Kalil Scholarship

- Library Science major with overall GPA of 3.0
- Exhibits leadership in library activities such as Alpha Beta Alpha, campus activities, and community service
- Junior standing

Wilbur Bergeron Memorial Scholarship

- Enrolled in the College of Education
- Excellent academic record in high school and/or college

Enid Gladden Butler Scholarship (Graduate)

- Possess undergraduate degree from accredited college
- Active in professional organizations for teachers
- Recommended by teachers and administrators
- Active in community affairs
- Show evidence of effective classroom work
- Demonstrate need for financial assistance

Causey-Tanner Scholarship

- Enrolled in College of Education
- Demonstrate a commitment to the teaching profession
- Demonstrate a need for financial assistance
- Selected in the Spring preceding the effective date
- Satisfy the admission requirements of the College of Education
- May be from one to four years

John Cawthon Scholarship

- Enrolled in a teacher preparation program
- Demonstrate a need for financial assistance
- Have a minimum high school GPA of 3.0
- Selected in Spring preceding the effective date
- Demonstrate a commitment to the teaching profession
- Must maintain a GPA of 2.5 on all work pursued in order to retain scholarship

Mary Ross Higginbotham Scholarship

- Education major in the areas of Library Science, English, or Social Studies
- Show need for financial aid
- Junior standing and accepted into upper division
- Have a GPA of 3.0 or better

Linda Lou Allen Hudson Scholarship

- Junior of senior Elementary Education major
- College GPA of 3.0 and minimum ACT of 21
- Maintain GPA of 3.0 to retain scholarship
- Possess strong interpersonal skills as evidenced by participation in high school activities
- Registered as a full-time student in Elementary Education
- Meet with donors before final selection

Knots Memorial Scholarship

- Freshmen majoring in Physical Education
- Maintain a GPA of 2.5 over 3 quarters of one college year
- Maximum award of \$500 per year
- American born citizen of U. S.
- Same student may receive continuously from Freshman year through Senior year
- Based on need as defined by the Financial Aid Office
- Recipient must within 15 days of notification of the receipt and before award, send his/her gratitude to donor

Pipes Memorial Scholarship

- Mathematics or Science Education major, Grades 4-8 or 7-12
- Freshmen applying should have an ACT score of 22 in mathematics or science, depending upon the content major
- Sophomores applying should have an overall GPA of 3.0 and a 3.5 in the specialty areas of mathematics or science
- Juniors applying should have an overall GPA of 3.2 and have passed PRAXIS I.
- Scholarship can be awarded to the same person on a yearly basis, but requires competitive application each year. Preference will be given to Louisiana applicants who have also passed PRAXIS content for the specialty area.

Admission and Retention

Admission and retention policy for the College of Education is established and administered by the College of Education Admission and Retention Committee. Students desiring to enter the College of Education must file an application obtained from the College of Education Associate Dean's office. Students applying must have at least a 2.0 grade point average on all college work earned.

Upon admission to the College of Education, each student will be assigned an advisor who will assist in planning a program of study. This advisor will be available for conferences during the academic year and must be consulted at each registration.

Students entering the College of Education from Basic and Career Studies will follow the curriculum in effect at the time of their admission to the University or the curriculum in effect at the time they enter the College of Education, unless changes are mandated by governing bodies.

Students entering the College of Education from other colleges on campus or transferring from other institutions must follow the curriculum in effect at the time they are admitted to the College of Education.

Students enrolled in the College of Education who change their major must follow the curriculum in effect at the time of the change. Any student who is not in attendance for four or more quarters (including summer quarter) must follow the curriculum in effect upon return to the institution.

Any student may choose to follow a newer curriculum so long as all requirements of the newer curriculum are fulfilled.

Students with a grade point average of less than 2.0 for 3 consecutive quarters will be dropped from the College of Education. Any student re-entering the College of Education after being suspended for academic, attendance, or disciplinary reasons must meet all entrance requirements and re-apply in writing to the Admission and Retention Committee. Appeal letters must be received in the office of the dean by the specified deadline.

Student Organizations in the College of Education

The college sponsors several student organizations that provide numerous opportunities for service, professional and leadership development, and social functions among student members and faculty. These organizations include the following:

- ABA - Alpha Beta Alpha - National Professional Fraternity for Library Science
- ACEI - Association for Childhood Education International
- CEC - Student Council for Exceptional Children
- Kappa Delta Pi - National Honor Society in Education
- LAE-SP- Louisiana Association of Educators-Student Program
- ESPE – Exercise Science and Physical Education
- Psi Chi - National Honor Society in Psychology
- Psychology Society

Upper Division (Teacher Education Programs)

Students pursuing degrees in teacher preparation curricula must apply and meet all admission requirements prior to enrolling in upper division classes.

After a student has earned or will have earned by the end of the current quarter a minimum of 46 semester hours of university credit in a teacher education program, the student may apply for program admission. Application forms are available in the Office of the Associate Dean for Undergraduate Studies. An application must be made by the end of the quarter prior to intent to pursue upper division courses and must provide evidence of meeting the following qualifications:

1. Applicant must have earned at least 46 semester hours of college or University credits which include the following courses or their equivalents: Education 125; English (9 semester hours), science (9 semester hours); mathematics (6 semester hours); social studies (9 semester hours); and Speech 110 or 377.
2. Applicant must have a grade point average of 2.2 on all hours attempted and an earned grade point average of 2.5, with a grade of at least "C" in Education 125, 310, English 101, 102; and Speech 110 or 377. Applicant must have a "C" average in content areas appropriate to the major.
3. Applicant must possess those physical, emotional, and mental characteristics necessary for effective classroom performance.
4. A speech and hearing test administered by the Louisiana Tech Department of Speech must be completed.
5. All students admitted to the College of Education (Upper Division) prior to September, 1999, must have successfully completed the Communications Skills and General Knowledge components of the National Teacher Examinations. After September 1999, students must present satisfactory scores on PRAXIS I (Reading, Writing, and Mathematics). Records indicating successful completion of these examinations must be presented at the time of admission (Act 836, 1984 Louisiana Legislature).
6. Any student on academic or disciplinary probation or suspension is not eligible for admission to Upper Division.
7. Any student seeking admission to Upper Division who has been convicted of a felony may be denied admission.
8. All students admitted to the College of Education (Upper Division) after September 1, 1997, must complete a Professional Portfolio that documents acquisition of Program Outcomes (Content Proficiency, Research-Based Teaching Competencies, and Professional Identity), Standards of the National Board for Professional Teaching Standards, and Interstate New Teacher Assessment and Support Consortium (INTASC) Model Standards by the end of the quarter in which they student teach.
9. Newly admitted students are required to attend an orientation meeting (TBA at the beginning of each quarter) for the purpose of reviewing programmatic matriculation.

The following guidelines shall be followed in calculating the GPA:

- No credit earned in developmental (remedial) courses shall be included in calculating the GPA.
- The GPA shall be calculated based on all credits earned at this University and any other university attended, including courses taken more than once.
- No grades of less than "C" may transfer to any teaching program.

There is no limit on the number of times a student may take the PRAXIS exam.

Based on its own rigorous assessment of the quality of applicants, each institution is permitted to admit an additional 10 % of the total number of students who qualify for admission each year. Admission under this regulation is for **one quarter only** and will not meet the upper division eligibility requirements for student teaching. Students wishing to be considered for admission under the 10% regulation must submit in addition to the application a letter requesting this admission status.

Deliberate falsification of the upper division application may result in the student being dropped from the College of Education. The application must be filled in completely, dated, signed by the student's advisor, and turned in to the Associate Dean's office **at least one week before the beginning of the quarter during which the applicant plans to register** for upper division courses.

Applicants may be asked to appear before the Admission and Retention Committee of the College of Education to explain or

defend their applications, to present additional information, or to demonstrate ability in certain areas.

Upper Division (Non-Certifying Programs)

Psychology and Health and Physical Education (Fitness/Wellness Management) majors may apply for upper division upon completion of 30 semester hours. An application must be made in which the student gives evidence of meeting the following qualifications:

1. Applicants must have earned 30 semester hours of university credits which include the following courses or their equivalents: English 101, 102; Mathematics 101; and Speech 110 or 377. Also, Health and Physical Education, Fitness/Wellness Management majors must complete 18 semester hours of HPE courses including 3 different two-hour sport series courses. Psychology majors must complete 6 hours of Psychology including Psychology 102 or 202.
2. Applicants must have a grade point average of 2.0 on all hours earned with a grade of at least "C" in English 101, 102, Speech 110 or 377, and all courses in major area.

Deliberate falsification of the application may result in being dropped from the College of Education. The application must be filled in completely, dated, signed and turned into the Associate Dean's office one week before the beginning of the quarter during which the applicant will register for upper division courses.

Applicants may be asked to appear before the Admission and Retention Committee of the College of Education to explain or defend their applications, to present additional information, or to demonstrate ability in certain areas.

Degrees

Students who complete all requirements (including passing all required parts of the PRAXIS tests) of the teacher education curriculum within the College of Education are granted the bachelor's degree. Upon successful completion, students may apply for a teaching certificate from the State Department of Education to teach their specialties in the schools of Louisiana.

The degree of Bachelor of Science is awarded to students who finish curricula in elementary education, secondary education, health and physical education teacher certification, health and physical education fitness/wellness with a clinical or health concentration. Concentrations in secondary education leading to teacher certification include agriculture, business, English, mathematics, general science-biology, general science-chemistry, general science-earth science, general science-physics, social studies, and speech education. The degree of Bachelor of Arts is awarded to students completing curriculum requirements in art education, French education, music education, psychology, special education, and speech, language, and hearing therapy.

The Master of Arts degree is awarded in the following areas: counseling and guidance, industrial/organizational psychology, and educational psychology. The Master of Science degree is awarded in the following areas: curriculum and instruction, and health and physical education. The Master of Education degree (Fifth-Year Program) is awarded in the following areas: Agricultural Education, Art Education, Business Education, Elementary Education, English Education, Foreign Language Education, Health and Physical Education, Mathematics Education, Music Education, Science Education, Speech Education, and Social Studies Education.

The Ph.D. is awarded in Counseling Psychology, and the Ed.D. is awarded in both Curriculum and Instruction and Educational Leadership.

Louisiana Tech and Grambling State University offer a cooperative program in generic certification for Special Education. Frequent exchange of faculty enables each program to provide

additional expertise and frequency of course offerings. Students are encouraged to take this opportunity to select needed course work from both universities to complete their program of study in Special Education.

Graduation Requirements

Students completing a degree program leading to Louisiana Teacher Certification must make a grade no lower than "C" in all specialized academic courses and in all professional courses. An earned grade point average of at least 2.5 and a cumulative GPA of 2.2 (on a scale of 4.0) are required for graduation.

In addition to completing the general graduation requirements of Louisiana Tech, students pursuing a degree program which leads to Louisiana teacher certification must post certifying scores on all required components of the PRAXIS Examination as a graduation requirement and to be eligible for certification.

Students completing a non-teacher certification degree program offered through the College of Education must earn a grade no lower than "C" in all specialized academic courses. A cumulative grade point average of 2.0 (on a 4.0 scale) is required for graduation.

Courses numbered less than 100 will not apply toward degree requirements in any curriculum.

State certification requirements do not permit the substitution of credit for ROTC and band for health and physical education activities requirements. Health and physical education activity credit accepted by the University for military service can be applied to satisfy this requirement, except in cases where a specific activity is required in a curriculum.

Correspondence courses and off-campus work which a student in the College of Education wishes to apply toward a degree must be approved by his/her advisor, the appropriate department head, and dean.

Fine Arts

The three semester hours of Fine Arts in each curriculum except elementary education shall be taken from the following: Art 290, Health and Physical Education 280, Music 290, or Speech 290. Elementary majors are required to take Art 301 and Music 334.

In compliance with the State of Louisiana Board of Regents, the College of Education is currently redesigning all levels (K-12) elementary and secondary teacher certification programs. For further information on education degree programs offered by Louisiana Tech University, please contact the specific departments for information. New curricula will be published in the 2003-2004 Bulletin.

Guidelines for Clinical Experiences

Clinical experiences, both campus and field based, form an integral part of the various teacher preparation programs in the College of Education. Most professional courses require clinical experiences that will prepare the student for his or her own classroom in the future. All students are placed in public schools and are assigned by the Office of Clinical Experiences. Students are cautioned always to wear the identification while in a school, assuring a legitimate reason to be on a school site.

Clinical experiences are required in the various methods courses and are coordinated through the Office of Clinical Experiences.

A. External Clinical Experiences

A variety of clinical and field based experiences are provided through the College of Education. While the majority is course-

related, others are completed over an approximate two-year period. Early in their experience, education majors are apprised of clinical experiences designed to enhance their classroom preparation and readiness. Examples include attendance at professional seminars, visits to schools during the opening and closing of an academic year, and membership in professional organizations. Documentation of these activities should be placed in the Demographic Information section of the Professional Portfolio. The Director of Professional Laboratory Experiences will oversee these activities.

B. Practicum Experiences

During the early advisement period of the quarter immediately preceding enrollment in any practicum course, students must complete an application in the Office of Laboratory Experiences, Woodard Hall 111. Failure to do so will result in delay of placement and initiation of field experiences. All placements must be initiated by the Director of Laboratory Experiences.

C. Student Teaching/Internship

Student teaching/internship is the culminating activity in all teacher preparation programs. It requires placement in a school on an all-day basis (8:00 a.m. - 3:00 p.m. minimum) for an entire quarter and participation in all activities that are required of the cooperating teacher. Placement is restricted to public schools in a 9-parish area of north Louisiana. Ten systems that participate are: Bienville, Bossier, Caddo, Claiborne, Jackson, Lincoln, Monroe City, Ouachita, Union, and Webster.

Students apply for student teaching/internship during the early advisement period of the quarter immediately preceding the student teaching/internship quarter. Applications are available in the Office of Clinical Experiences, Woodard Hall 111. Failure to apply in a timely manner may result in a delay of placement.

The Board of Elementary and Secondary Education has set the requirement that a minimum of 270 clock hours will be spent in the classroom during student teaching. Of the 270 hours, 180 hours is spent in direct teaching activities with a significant portion of this time devoted to full-time teaching. This time requirement is met by beginning the student teaching/internship activity on the first day of class and continuing until the last day of class in the respective quarter. Additional specific requirements are found in the Student Teaching Handbook available in the University Bookstore.

No more than three semester hours may be taken with student teaching. All education courses should be completed prior to student teaching. Any course scheduled in addition to student teaching must not conflict with student teaching. The hours involved in student teaching will be approximately 8 a.m. to 3 p.m., Monday through Friday. No conventional grades or quality points are given. The final evaluation marking for student teaching is S-F (satisfactory or failure).

Prerequisites for student teaching are as follows:

General Prerequisites

1. Must be fully admitted to the teacher education program in the upper division of the College of Education.
2. Must have achieved a 2.2 GPA on cumulative hours pursued and a 2.5 GPA on hours earned.
3. Must be recommended for student teaching by faculty advisor, practica cooperating teacher, and approved by the Clinical Experiences Advisory Committee and the Director of Clinical Experiences.
4. All required professional education courses must be completed prior to student teaching.
5. Must have earned at least a "C" in any professional education or specialized academic education course. (both major and minor areas).
6. Must have completed all psychology courses, including

SPED 300.

7. Must have completed all course work in major area.
8. If a student has a felony conviction record, he/she must first be approved for student teaching by the Clinical Experiences Advisory Committee.
9. Must have initiated a Professional Portfolio.
10. Must present evidence of having **passed** all required parts of the PRAXIS. Satisfactory scores on all parts of the exam are required for program completion.

Induction Year

The College of Education offers assistance to first-year teachers through an Induction Year Program. Each first-year teacher from Louisiana Tech University who is employed in the region is offered assistance in conjunction with the local school system.

Alternative Certification Program

The College of Education offers alternative programs for the certification of teachers. Additional information may be obtained by contacting the Office of the Associate Dean.

Programs in the following certification areas are pending approval for 2002-2003 implementation: P-3 (early childhood); 1-6; 4-8 (middle grades mathematics or science); 7-12 (in discipline areas of: Agricultural Education, Business Education, Elementary Education, English Education, Foreign Language Education, Mathematics Education, Science Education, Speech Education, and Social Studies Education; and Special Education—Mild/Moderate. For further information on education degree programs offered by Louisiana Tech University, please contact the specific departments for information. New curricula will be published in the 2003-2004 Bulletin.

Department of Curriculum, Instruction, and Leadership

In compliance with the State of Louisiana Board of Regents, the College of Education is currently redesigning all levels (K-12) elementary and secondary teacher certification programs. For further information on education degree programs offered by Louisiana Tech University, please contact the specific departments for information. New curricula will be posted in the 2003-2004 bulletin.

Total Semester Hours 131

(GER): General Education Requirements

(V) = Vocal Program

(I) = Instrumental Program

After completing the curriculum, the graduate will be eligible for certification from the State Department of Education to teach vocal and/or instrumental music in schools, depending upon the applied music elected. Upon entrance, the student will declare the particular certification desired.

For those desiring certification to teach music, the distribution of work taken in applied music must be in accordance with one or more of the plans listed above. The plan, or plans, pursued will be determined by individual desire for certification.

The curriculum for Vocal and Instrumental Certificate includes both Music 303 and 314, Education 465 and 466, and 20 additional music hours. Ensemble requirements for Music Majors listed under the College of Liberal Arts should be noted.

(GER): General Education Requirements

*Directed Electives chosen by student in consultation with advisor from one of the following concentrations:

Clinical Concentration Directed Electives

Freshman Year: (8 hours): Natural Sciences (GER) - Biological Sciences 130, 131, 132, 133 (8).

Sophomore Year: (20 hours): (Mathematics (GER) - Mathematics 112 (3); Health & Physical Education 257 or 255 (2); Natural Sciences (GER) - Chemistry 100, 101, 102, 103, 104 (8); Biological Sciences 225, 226 (4); Social Sciences (GER) - (3).

Junior Year: (11 hours): Biological Sciences 227, 228, 315 (7); Physics 209, 261 (4).

Senior Year: (7 hours): Physics 210, 262 (4); Psychology 418 (3). This concentration includes all prerequisite course work required for Physical Therapy masters program.

Health Fitness Concentration Directed Electives

Freshman Year: (8 hours) Mathematics (GER) - Mathematics 125; Health & Physical Education 150; Health Information Management 103.

Sophomore Year: (19 hours): Social Sciences (GER) - Economics 215 (3); Health & Physical Education 257, 265, 266, 267 (choose one) (2); Management 201 or 340 (3); Natural Sciences (GER) - Biological Sciences 224 plus (6) additional hours to meet (GER) sequence requirement; Health & Physical Education 255 (2).

Junior Year: (9 hours): Accounting or 201 (3); Food & Nutrition 253 (3); Elective (3).

Senior Year: (9 hours): Health & Physical Education 316 (3); Management 310 (3); Marketing 300 (3).

Requirements for a Minor in Fitness/Wellness

(For non-Physical Education majors: 22 hours) The following courses are required: Health & Physical Education 202 (3), 256 (2), 326 (3), 405 (2), 407 (3), 408 (3), 409 (1), and two restricted elective courses. Restricted Elective 1: (choose from) Health & Physical Education 316 (3), 406 (3), 410 (3), 414 (3), 416 (3), or Food & Nutrition 253. Restricted Elective 2: (choose from) Health & Physical Education 255 (2) or 257 (2). All courses applied toward the minor must be completed with the grade of "C" or higher.

Requirements for a Minor in Health Education

(For non-Physical Education majors: 23 hours) The courses in the Health Education minor certifies one to teach health education when taken with any major in a teaching certifying curriculum. HPE 150, 290, 292, 305 (11 hrs.) And 12 hours from the following classes - six of which must be from 300- or 400-level courses: Biological Science 224, Food & Nutrition 203, 300, Health & Physical Education 292, 293, 300, 350, 408. All courses

applied toward the minor must be completed with the grade of "C" or higher.

Requirements for a Minor in Physical Education

(For Teacher Education majors: 25-26 hours) The Physical Education minor certifies one to teach physical education when taken with any major in a teaching certifying curriculum. The following courses are required: Health & Physical Education 202, 251, 326, 405, 408, and 457; one of the following Health & Physical Education 255, 256, or 257; one of the following Health & Physical Education 265, 266, 267; and any two of the following Health & Physical Education 414, one Lifetime Sport Series course, one Team Sport Series course, and up to two Coaching Techniques classes. All courses applied toward the minor must be completed with the grade of "C" or higher.

(GER): General Education Requirements (pg. 28)

As the scheduling of upper-division French courses is determined by changing enrollment patterns, students who plan to complete their degree within the shortest time possible may have to take one or more French courses through the Inter-institutional Cooperative Program at Grambling University.

Requirements for a Minor in Library Science

To meet the needs of Louisiana schools, courses in library science are offered which prepare teachers and librarians in conformity with the requirements of the State Department of Education and the Southern Association of Colleges and Schools. A student may follow the elementary education curriculum with a library science certification or a secondary education degree plan with a minor in library science and be certified as a school librarian. Students wishing to qualify for public library and civil service library positions may take library science courses along with any existing curriculum. The following courses are required: Library Science 201, 301, 302, 303, 305, Education 310, and Library Science 435 or Education 420.
