Vision
Our vision is of an inclusive learning community renowned for fostering competent, ethical, and caring professionals who contribute significantly to a diverse and dynamic world.

Mission
The mission of the College of Education is three-fold:
• To provide high quality educational experiences for current and prospective professionals from baccalaureate through doctoral levels;
• To enhance and extend the knowledge bases undergirding professional programs through research and other scholarly activities; and
• To deliver professional services to the various business, civic, and educational communities through collaborative endeavors.

Goals
• To recruit, admit, and graduate quality candidates and students who exemplify the capacity and commitment to become effective public educators, school counselors, psychologists, and health promotion specialists in diverse settings throughout Louisiana and elsewhere;
• To provide education and human sciences students with quality programs of study and diverse practical experiences that prepare them to be wholly proficient in the knowledge, skills, and dispositions of their chosen areas of concentration and which are linked to competencies identified by recognized professional organizations;
• To support continuous personal and professional development opportunities for all candidates, students, and instructors;
• To recruit and retain a diverse student body;
• To recruit and retain diverse faculty who demonstrate high levels of competencies in the College’s programs of study and who are committed to the College’s vision, mission, philosophical approaches, and professional model;
• To continue to collaborate closely with personnel in the other colleges at Louisiana Tech University as well as at other university campuses, state agencies, professional organizations, school and health systems, and the community-at-large who are involved in the preparation of teacher candidates and other program students;
• To continually refine curricula and instructional procedures ensuring that research, theory, and professional practice optimally inform all programs;
• To enable faculty and program graduates to serve as positive change agents through the implementation of innovative ideas, strategies, research, and technology;
• To generate original, quality research by faculty, candidates, and students consistent with the College programs and goals;
• To maintain a physical and psychological environment that is conducive to optimal student and faculty growth and development;
• To maintain positive interaction with alumni, corporate sector, public institutions, and other valued members of the College’s external community.

Accreditation
The University is accredited by the Southern Association of Colleges and Schools (SACS) and the Teaching Programs are approved by Louisiana State Board of Elementary and Secondary Education (BESE). The College of Education is also accredited by the National Council for the Accreditation of Teacher Education (NCATE) for the preparation of teachers at the undergraduate and advanced degree levels.

History and Organization
Since the founding of Louisiana Tech in 1894, the education of teachers has been a primary aim of the institution. Highlights in the history of the College of Education include: A.E. Phillips Laboratory School was created by the Legislature in 1916; the State Board of Education approved teacher education curricula in 1925; the State Board recognized the reorganization of the curricula in 1926; the Department of Education granted the organization of a separate school in 1933; physical education was transferred from the School of Arts and Sciences to the School of Education as a department in 1948; the Department of Psychology and Guidance was organized in 1965; the School was elevated to the level of College of Education in 1970 with the Division of Research and Publications being established; the State Board approved a reorganization of the College which created a Division of Research and Service and a Division of Curriculum and Instruction (Teacher Education) in 1972; Counseling and Psychology changed to Behavioral Sciences in 1975; and in 1994 the Department of Curriculum, Instruction, and Leadership replaced the Teacher Education area.
The State Board of Education (1957-1974) authorized granting the MA in Art Education, Elementary Education, English Education, Industrial/Organizational Psychology, Music Education, Social Studies Education, Special Education, and Vocational Guidance, and the MS in Biology Education, Business Education, Chemistry Education, Mathematics Education, Physics Education, and Health and Physical Education. The State Board of Education granted approval to offer the Specialist Degree in 1967 and extension courses in 1968. In 1994, the PhD in Counseling Psychology and the EdD in Curriculum and Instruction and Educational Leadership were authorized. (See Graduate Education section of the Catalog for graduate programs.)

**Requirements for Admissions, Retention, Transfer Credit, and Graduation**

**Admission and Retention in the College of Education**

Students in the College of Education are subject to the scholastic standards of the University regarding probation, suspension, and readmission. Admission and retention for the College of Education is established and administered by the College of Education Admission and Retention Committee. Students desiring to enter the College of Education must file an application obtained from the College of Education Associate Dean's office. Students applying must have at least a 2.0 grade point average on all college work earned.

Upon admission to the College of Education, each student will be assigned an advisor who will assist in planning a program of study. This advisor will be available for conferences during the academic year and must be consulted prior to each registration.

All students entering the College of Education in the non-teaching programs must follow the curriculum in effect at the time they are admitted to the College of Education. Teaching majors must follow the curriculum in place after admission to the specific program. Students enrolled in the College of Education who change their major must follow the curriculum in effect at the time of the change. Any student may choose to follow a newer curriculum as long as all requirements of the newer curriculum are fulfilled.

Students with a grade point average of less than 2.0 for 3 consecutive quarters will be dropped from the College of Education. Any student re-entering the College of Education after being suspended for academic, attendance, or disciplinary reasons must meet all entrance requirements and re-apply in writing to the Admission and Retention Committee. Appeal letters must be received in the office of the Associate Dean two weeks before the quarter begins.

NOTE: Admission to the College of Education does not ensure admission to a teaching program.

**Admission to Teacher Education Programs**

Students pursuing degrees in teacher preparation curricula must apply and meet all admission requirements prior to enrolling in specific teacher education classes.

After a student has earned or will have earned by the end of the current quarter a minimum of 46 semester hours of university credit toward a teacher education program, the student may apply for program admission. Application forms are available in the Office of the Associate Dean for Undergraduate Studies. An application must be submitted one week prior to the end of the quarter in which the student is seeking admission. The student must provide evidence that the following requirements have been met:

- Applicant must have earned at least 46 semester hours of college or university credits which include the following courses or their equivalents: Education 125; English (9 semester hours); science (9 semester hours); mathematics (6 semester hours); social studies (9 semester hours); and Speech 110 or 377. Applicant must have a minimum C average in each area.

After a student has earned or will have earned by the end of the current quarter a minimum of 46 semester hours of college or university credits which include the following courses or their equivalents: Education 125; English (9 semester hours); science (9 semester hours); mathematics (6 semester hours); social studies (9 semester hours); and Speech 110 or 377. Applicant must have a minimum C average in each area.

- Applicant must have a grade point average of 2.2 on all hours attempted and an earned grade point average of 2.5, with a grade of at least C in Education 125, 310, English 101, 102; and Speech 110 or 377.
• Applicant must possess those physical, emotional, and mental characteristics necessary for effective classroom performance. Applicant must complete a speech and hearing test administered by the Louisiana Tech Department of Speech.

• Applicant must present satisfactory scores required in Louisiana on PRAXIS I (Reading, Writing, and Mathematics). Records indicating successful completion of these examinations must be presented at the time of admission (Act 836, 1984 Louisiana Legislature).

• Any student on academic or disciplinary probation or suspension is not eligible for admission to a Teacher Education Program.

• Any student seeking admission to a Teacher Education Program who has been convicted of a felony may be denied admission.

• All students admitted to the College of Education Teacher Education Programs must complete an electronic Professional Portfolio on PASS-PORT that documents the acquisition of Program Outcomes (Knowledge, Skills, and Dispositions), Standards of the National Board for Professional Teaching Standards, and Interstate New Teacher Assessment and Support Consortium (INTASC) Model Standards by the designated time of the quarter in which they complete clinical practice.

• Newly admitted students are required to attend an orientation meeting (TBA at the beginning of each quarter) for the purpose of reviewing programmatic matriculation.

• A temporary provision (one quarter only) for those students whose credentials do not meet all requirements may be granted under specified conditions. Information may be obtained in the Associate Dean’s office.

• Applicants may be asked to appear before the Admission and Retention Committee of the College of Education to explain or defend their applications, to present additional information, or to demonstrate ability in certain areas.

• Falsification of information reported to the College of Education may result in the student being dropped from the College of Education.

• Policy changes due to state mandates or decisions in the College of Education implemented during this academic year will be posted on the College of Education website and may become effective during the academic year.

Guidelines for Admission to Clinical Practice or Internship

All candidates for clinical practice and internship:

• Must be fully admitted to the Teacher Education Program of the College of Education.

• Must have achieved a 2.2 GPA on cumulative hours pursued and a 2.5 GPA on hours earned.

• Must be recommended for clinical practice/internship by faculty advisor, practica clinical school and university faculty, and approved by the Field and Clinical Experiences Committee and the Director of Field and Clinical Experiences.

• Must have earned at least a C in all professional education or specialized academic education courses in both major and second content areas.

• Must have completed all required professional education courses.

• Must not schedule more than 3 semester hours in addition to clinical practice or internship. The course must not conflict with clinical practice or internship.

• Must have completed all required psychology courses.

• Must have completed all course work in major.

• Must first be approved for clinical practice or internship by the Field and Clinical Experiences Committee if he or she has a felony conviction record.

• Must have initiated required components of the electronic Professional Portfolio on PASS-PORT.

• Must have passed all required parts of PRAXIS prior to placement. Original scores must be submitted for verification of passing scores that meet Louisiana requirements for teacher certification.

• Must meet the College of Education Expected Outcomes (Knowledge, Skills, and Dispositions).

• Accumulate a recommended 180 approved and documented field experience hours in public schools and organizations prior to placement.

• Must apply for clinical practice or internship during the early advisement/registration period of the quarter immediately preceding the clinical experience/internship. Applications are available in the Office of Field and Clinical Experiences, Woodard Hall 105. Failure to apply in a timely manner may result in a delay of placement.

• Must be placed in one of 10 public school systems in north Louisiana. These include: Bienville, Bossier, Caddo, Claiborne, Jackson, Lincoln, Monroe City, Ouachita, Union, and Webster.

• Must apply for clinical practice or internship during the early advisement/registration period of the quarter immediately preceding the clinical experience/internship. Applications are available in the Office of Field and Clinical Experiences, Woodard Hall 105. Failure to apply in a timely manner may result in a delay of placement.

• Additional specific requirements are found in the Clinical Experiences Handbook available in the University Bookstore.

• No conventional grades or quality points are given. The final evaluation marking for student teaching is S-F (satisfactory or failure).

• Must drop student teaching/internship if all requirements are not met.

Guidelines for Admission to Field Experiences and Practica

• Registration for field experiences is completed online on the College of Education home page immediately following registration for the course.

• Most professional courses require field experiences that will prepare the candidate for his or her own classroom in the future.

• All students are placed in public schools and organizations in Louisiana. These placements are approved by the Field and Clinical Experiences Committee and are assigned by the Director of Field and Clinical Experiences.

• Students are required to review the orientation process prior to beginning field or clinical experiences.

• While the majority of field and clinical activities are course-related, others are completed over an approximate two-year period. Examples include attendance at professional seminars, visits to schools during the opening and closing of an academic year, and membership in professional organizations. Documentation of these activities should be placed in the Demographic Information section of the Professional Portfolio. The Director of Field and Clinical Experiences will oversee these activities.
Guidelines for Application for Teaching Certificate:

- Complete all requirements of the teacher education curriculum within the College of Education and receive the bachelor's degree.
- Candidates complete paperwork and submit state required fee for teaching certificate from the State Department of Education in the Office of the Associate Dean of Field and Clinical Experiences.

Guidelines for Calculating the Earned GPA for Certification:

- No credit earned in developmental (remedial) courses shall be included in calculating the earned GPA.
- The GPA shall be calculated based on all credits earned at this University and any other university attended, including courses taken more than once.
- No grade of less than C may transfer to any teaching program.

Transfer Credit

With some exceptions, the College of Education accepts for degree credit work, such as that taken by examination and at other institutions, in accordance with published policies of Louisiana Tech University as stated in the general information section of the University’s Catalog. The final determination of degree credit in any College curriculum is, however, is made by the Dean of the College. Transfer evaluations will reflect all grades earned at another institution, but only grades of C or above will be accepted for credit.

Graduation and Requirements

All requirements listed in the General Information section of the Catalog apply. In addition, students completing a degree program leading to Louisiana Teacher Certification must:

- Make a grade no lower than C in all specialized academic courses and in all professional courses.
- Earn a cumulative grade point average of at least 2.2 and an earned grade point average of 2.5 (on a scale of 4.0).
- Successfully complete three semester hours of Fine Arts selected from the following: Art 290, Health and Exercise Sciences 280, Music 290, or Speech/Theatre 290. Elementary majors are required to take Liberal Arts 336.
- Complete all required paperwork and pay the fee for certification to be submitted to the state. Original scores on all required parts of Praxis must be on file in the Office of Field and Clinical Experience.

Students completing a non-teacher certification degree program must:

- Make a grade no lower than C in all specialized academic courses.
- Earn a cumulative grade point average of 2.0 (on a 4.0 scale).

Courses numbered less than 100 will not apply toward degree requirements in any curriculum.

State certification requirements do not permit the substitution of credit for ROTC and band for health and physical education activity requirements. Health and physical education activity credit accepted by the University for Military Service can be applied to satisfy this requirement, except in cases where a specific activity is required in a curriculum.

Bachelor Degree Programs

Bachelor Degree Programs

**Department of Curriculum, Instruction, and Leadership**

The teaching education curriculum prepares candidates to function as teachers in a variety of field and situations. Programs are organized as elementary, middle, secondary, and K-12. Generally, elementary teachers are in charge of teaching children between the grades of preschool to 5th grade. Middle school teachers address the needs of children mostly in grades 4-8 with secondary teachers in charge of students in grades 6-12. Various school organizations may have different configurations of these grades: however, this will provide a general overview to the interest areas. There is another area of teacher education that works with all grades and covers the teaching areas of Art, Music, and Health and Physical Education. These teachers are expected to teach students in all grades from elementary through secondary.

Department of Health and Exercise Sciences

The Department of Health and Exercise Sciences provides opportunities for candidates seeking teaching certification in health and physical education and exercise science options for individuals interested in working in the fields of physical fitness, applied health, or athletics. Twenty-one hours of health and exercise science classes are required with 6 internship hours in professional education, and 6 elective hours from related fields from any college within the University.

The Clinical concentration prepares students seeking careers in physical therapy, occupational therapy, chiropractic, cardiac rehabilitation, and athletic training.

The Health Fitness concentration prepares students seeking careers in health and fitness, sports related areas, and massage therapy.
