BoR/Louisiana Tech University Strategic Plan Link: Objective 1.1

Strategy 1 Post program descriptions and admissions procedures for all graduate degree programs on the Internet and have written policies governing the maintenance and updating of information
available through the Internet by June 30, 2002

Strategy 2  Report periodically on College web pages the awards received by and accomplishments of faculty, staff, and students, with emphasis on those items that will help attract quality graduate students.

Strategy 3  Develop a comprehensive plan for centralized graduate recruitment initiatives.

Strategy 4  Develop a plan to address the ways and means of providing competitive comprehensive support for students in each graduate program.

Strategy 5  Determine the level of graduate student interest in participating in the decision-making process. If sufficient interest exists, mechanisms will be identified and provided through which graduate students will have the opportunity to participate both formally and informally in the decision-making process.

Objective 1.3  

**Enhance educational opportunities by developing selected programs to ensure sufficient access to campus-based and outreach initiatives.**

**Teaching and Learning**

**Strategy 1**  Provide for students and faculty the computer-based capability for self-learning from beginning to advanced levels on common software applications such as WWW browsers, E-mail, word processing, spreadsheets, databases, and presentations by 2002.

**Strategy 2**  Eliminate those computer skills classes which have as a substantial portion of their content the use of common software applications such as WWW browsers, E-mail, word processing, spreadsheets, databases, and presentations by 2003.

**Strategy 3**  Support transparent access to all campus information services from any connection point on the campus network infrastructure by 2004.

**Strategy 4**  Expect all students to have dedicated access to a suitable computing device for high-speed access to all campus information services by 2005.

**Research**
Strategy 5  Install core data switches with redundant data paths in two additional field locations to enhance the bandwidth and reliability of the campus network infrastructure by 2002.

Strategy 6  Expand and enhance Library services for delivery of electronic information resources, such as the Web of Science, by 2002.

Strategy 7  Equip all academic buildings with current generation network switching equipment permitting high-speed access to local and remote information resources by 2003.

Administration

Strategy 8  Develop a master plan for paperless processing of all routine administrative functions such as purchasing, physical plant work orders, and curriculum approvals by 2002.

Strategy 10  Implement a Louisiana Tech integrated e-mail-for-life communication system by 2003.

Objective 2.3  Ensure that curricula, educational program requirements, and teaching and learning strategies are responsive to stakeholders’ needs.

BoR/Louisiana Tech University Strategic Plan Link: Objectives 1.1, 1.3, 1.4, 2.1, 3.1, and 3.2

Strategy 1  Increase faculty awareness of the “Expected Outcomes for All Tech Graduates.”
Strategy 2 Increases development opportunities for faculty that specifically relate to “Expected Outcomes for All Tech Graduates.”

| Strategy 3 | Identify areas where faculty course loads are consistently above the national norm for a particular discipline, and to work toward reducing these loads in order to make participation in faculty development activities more feasible. |

Strategy 4 Create, by April 2002, a matrix of assessment instruments/tools currently used by each academic unit and selected administrative units.

**Objective 2.4** Enhance the research and scholarly activity of students, faculty, and staff so as to elevate the national identity of the University.

**Strategy 1**  
Inventory the economic and cultural development accomplishments, activities, and resources of the University by May 2002.

**Strategy 2**  
Enhance communication with constituencies on economic and cultural contributions by students, faculty, and staff by May 2002.

**Strategy 3**  
Develop a minimum of two resource mechanisms for leveraging the intellectual and human capital contributions of the University by May 2003.

**Strategy 4**  
Increase the number of new Reports of Invention (ROIs) by at least 25% by 2005 using 2000 as a baseline when 16 ROIs were recorded.

**Objective 3.2:** Enhance P-16 education by increasing University partnerships with schools, businesses, and communities.
Strategy 1 Reconstitute the PK-16+ Council to include members from the community, hence ensuring open lines of communication and promoting partnerships, by September 2001.

Strategy 2 Identify three to five research areas related to PK-12 issues that enhance service to the community and state by May 2002.

Strategy 3 Identify an advisory body with representation from each College within the University representing PK-16 school, business, and community constituents to enhance PK-16 education by December 2001.

Strategy 4 Increase the number of students earning baccalaureate degrees in education at Louisiana Tech University by approximately 8%, from 77 in baseline year 1999-2000 to 83 in 2005-2006.

Objective 3.3: Enhance interaction with alumni, community, and other stakeholders.

Strategy 1 Establish a comprehensive and cohesive marketing/public relations policy by Spring 2002. This program would be tasked to increase communication significantly with alumni, community, and other stakeholders through the use of web, broadcast, and print media.
