Mission
As part of Louisiana Tech University, the College of Liberal Arts is committed to the University’s dedication “to quality in teaching, in research and creative activity, and in public service.” First and foremost, the College of Liberal Arts seeks to support the mission of Louisiana Tech University in maintaining “a faculty committed to teaching and advising, a student-oriented faculty dedicated to preparing students to achieve their goals in a rapidly changing economic and civic environment. . . . a faculty that will through both theoretical and applied research and creative activities, contribute to the development of new knowledge, new art, and new technology.”

Goals
Through their studies, students in the College of Liberal Arts become acquainted with many areas of intellectual interest and acquire a thorough knowledge of a specific field through the courses in their major field. This liberal arts education prepares students for business and professional careers as well as providing the basis for a richer and better life. To bring about these ends, The College of Liberal Arts serves both its own majors and the University community in the following ways:

? it offers courses in such areas as English, history, foreign languages, the arts, and social sciences which are required in many of the curricula at Louisiana Tech University;

? it provides traditional humanities and arts courses for students desiring minor fields of study, for non-traditional students who may or may not seek a degree, and for any other student interested in learning about various areas of liberal arts;

? it provides pre-professional training for those students who intend to study law and speech-language pathology or audiology;

? it assists in the preparation of prospective teachers who desire to major in such subjects as art, English, foreign languages, music, social science, and speech;

? it provides specialized training for vocations in such fields as architecture, aviation, graphic design, interior design, journalism, music, and theatre; and

? it provides graduate training leading toward various graduate degrees.

Admission Requirements

The College of Liberal Arts follows the general admissions policies of Louisiana Tech University, listed earlier in the University Catalog. In general, a freshman must have a high school GPA of 2.3, or be in the upper 35% of the graduating class, or have a composite ACT score of 22 or an SAT score of 1020.

Special Program Admission Requirements

More specific admissions criteria have been established for the following programs in Liberal Arts:
- School of Architecture (See the Director of the School of Architecture)
- School of Art (See the Director of the School of Art)
- School of the Performing Arts (Music; see the Director of the School of the Performing Arts)
- Department of Speech (Theatre Concentration; see the Director of the School of the Performing Arts)

Transfer Credit

The College of Liberal Arts follows the transfer admissions criteria listed earlier in the University Catalog. Students desiring to transfer to Louisiana Tech University with fewer than 24 semester hours of college-level course work must meet the same requirements as an entering freshman and be eligible to re-enter the institution from which he/she is transferring. Students who have completed 24 or more semester hours of college-level course work must have a minimum overall grade point average of 2.0 (on a 4.0 scale). Students transferring must submit an application and a complete, official transcript from each college attended, whether credit was earned or transferrable. Students should check with their academic advisor or unit head about the transfer of specific courses into the student’s major curriculum.

Graduation

Candidates for graduation in the College of Liberal Arts must have completed an approved curriculum and must have an average grade of C or better on all course credits earned. For those curricula specifying such, the minor subject must be chosen with the approval of the student’s advisor before the first quarter of the junior year. Twenty-one semester hours of credit are required for a minor.

Physical education requirements are to be met through physical education activity courses, through equivalent participation in the United States Air Reserve Officers Training Corps program, or through military service. Not more than 4 semester hours of physical education activity courses will be counted toward degree requirements.

(BER): General Education Requirement (pg. 14)

School of Architecture

Recognizing that architecture is one of the basic or root arts in human culture, the primary mission of the School of Architecture is to provide an accredited professional degree program in architecture that is reflective of the architect’s role as the primary shaper and steward of the built environment throughout the life cycle of its buildings and communities. Additionally, the School of Architecture acknowledges that the conscientious making of the built environment is a collaborative endeavor, and consequently its secondary mission is to provide accredited degree programs in allied fields of study that share responsibility for influencing and effecting the nature and quality of the built environment.

School of Architecture Mission Statement

The School of Architecture offers the following degrees:
- Bachelor of Architecture: (B. Arch. -- an accredited professional degree.) In the United States, most state registration boards require a degree from an accredited professional degree program as a prerequisite for licensure. The National Architectural Accrediting Board (NAAB), which is the sole agency authorized to accredit U.S. professional degree programs in architecture, recognizes two types of degrees: the Bachelor of Architecture and the Master of Architecture.
- Bachelor of Interior Design: (BID)

Architecture Program Mission Statement

To provide a comprehensive and uncompromising, balanced, and demanding education in the art (poetic expression), craft (technical processes, and practice (professional services) of ethical building through the polytechnic tradition of “hands-on” experiences and empirical learning that prepares an individual to be an architect in the fullest sense of the word.

Architecture Curriculum (BArch)

Students transferring into the architecture program from another accredited institution are required to earn a minimum of 31 credit hours from Louisiana Tech University to be eligible for the award of the Bachelor of Architecture degree, and additional course work beyond the 159 credit hours stipulated in the curriculum may be required in order to meet equivalency requirements.

**School of Art**

**School of Art Objectives**

The objectives of the School of Art are to prepare students as professional artists and to develop enlightened individuals in the production of art culminating in the Bachelor of Fine Arts and/or Master of Fine Arts degrees. To support these objectives we provide the student with a series of guided experiences in the history of art, the use of materials, the development of a personal aesthetic, and the encouragement of artistic mastery. These objectives should provide our students with the attitudes and skills needed to become mature, self-motivated artists.

**Bachelor of Fine Arts Objectives**

This program is designed to develop a deep and lasting appreciation for the visual arts among the students and to train professional artists in their respective fields of study. The candidate for a degree must complete the prescribed General Education Requirements (GER) courses and pass the remaining art courses with no grade below a C.
Degree Offerings in the School of Art

? The Bachelor of Fine Arts (BFA) is offered in graphic design, photography, and studio (ceramics, drawing, painting, printmaking, and sculpture concentrations).

**Prerequisites**

With the exception of art history, courses beyond the basic design and drawing courses have prerequisites as the knowledge gained in each successive course builds on the previous experience. Students who qualify for Advanced Placement Credit will be given credit for art elective courses; however, all students must enroll in the basic design and drawing courses because of the importance of learning the content of these introductory courses.

**Senior Exhibit**

A senior exhibit is required of all art majors and will be a graded component of their final major studio course. A passing grade in this course is contingent upon a C or better grade for the exhibit. The area head assigns this grade. The following courses (by areas) will serve as the final major studio/exhibit course:

**Art-Graphic Design Curriculum (BFA)**

Students entering this field of study will pursue courses in the core curriculum during their freshman year. These include drawing, designing, art history, rendering, and electives of the student's choice as well as the first graphic design class, Art 160. The sophomore, junior, and senior years are spent specializing in the graphic design area. Courses include typography, layout, production techniques, illustration, advertising campaign, and computer graphics. Much of the senior year is directed toward the preparation of a portfolio which will provide evidence to a potential employer of the graduate's talents and expertise in the graphics and visual communication fields. Upon graduation students are qualified to perform professionally in a wide variety of graphic-related industries: print advertising, newspaper, magazine and book publishing, specialized studios, among other related activities.

**Note:** All students enrolled in Art 260 must have Macintosh laptops. Specific descriptions of the laptop are available on our Web site [www.art.latech.edu](http://www.art.latech.edu).

**Art-Photography Curriculum (BFA)**

In the Photography program, students are involved in a common curriculum with other art majors. The emphasis is on the use of photographic materials as a means of self-expression and discovery. Technical skill is taught. However, the primary intent of the program is to examine the impact photography has on the individual, the community, and society as a whole. Through lectures, demonstrations, practical lab work, and problem solving, students develop into well-rounded artists and craftsmen. The equipment and facilities provided by the program allow the student an opportunity to master the various tools and techniques of photography.

**Art-Studio Curriculum (BFA)**

The Studio program provides areas of concentration in ceramics, drawing, painting, printmaking, and sculpture. During their freshman and sophomore years, Studio majors are involved...
in a common curriculum. The junior and senior years consist of a flexible curriculum that is primarily structured around studio assignments and individual criticism coupled with group lectures and seminars. The emphasis is on the use of materials as a means of self-expression. Technique is studied as an important aspect of art training. However, in a deeper sense, the intent of the program is to examine the reasons art is made and how art impacts the lives of those who make it as well as those who view it. Learning methods of solving visual problems, students develop into well-rounded artists and craftsmen. The equipment provided by the program allows students an opportunity to master the various tools and techniques available to the artist.

It can lead to careers in publishing, editing, advertising, public relations, or government service. Students choosing the technical writing concentration will find rewarding career opportunities in business, industry, and the professions. With many electives in the curriculum, English is one of the most flexible and useful of degrees.

Credit/Placement Examination
Students may earn credit for beginning and intermediate foreign language courses (100 and 200 level) by passing credit/placement examinations. Students with three or more years of high school credit and native speakers should consult the department office before registration. Only native speakers majoring in a language will be permitted to take credit exams for French or Spanish 301 or 302.

The foreign language credit/placement examinations are scheduled to be given each quarter on the two days preceding the first day of class. The exact time, place, and date of the examinations are listed on the calendar page of the quarterly class schedules. Students register for a credit/placement exam by enrolling in the E01 section of the appropriate 100 or 200 level course. Students may arrange for a credit exam by special appointment during the quarter but at an additional cost.

Students who have already completed credits in a foreign language must not enroll in an elementary class in that language without first taking the appropriate credit/placement examination. All native speakers of languages other than English must consult the department office before enrolling in classes in their language.

Foreign Language Requirement
All students are advised to complete a year's sequence of their foreign language courses without unnecessary interval between courses. A language requirement must be completed in the same language.

Majors and Minors
Majors in French and Spanish consist of 30 hours above the 100 level. These programs lead to Bachelor of Arts degrees in French and Spanish, respectively. Students pursuing these majors should consult with the department office concerning specific plans available for use of electives, minors, and second areas to strengthen their major and career plans. Minors in French, German, Russian, and Spanish consist of 21 hours in those languages and must include 101, 102, 201, 202, and three additional courses at the 300- or 400-level. Please note that French 428, Russian 425, and Spanish 426 and 427 (French, Russian, and Hispanic literature in English translation, respectively) cannot be used as part of the 30 hours of language courses for the major or as part of the 21 hours for the minor.

### Department of History

**Objective**

In the established tradition of liberal arts education, the Department of History provides students with personal cultural enrichment, while preparing them for employment in fields in which historical knowledge, habits of mind, and skills (such as research, analysis, and communication) are valued, and/or for further study leading to careers in teaching, the law, the ministry, government service, and many others.

**The Department of History offers the following degree:**

- BA in History

**Chair in History**

The Garnie W. McGinty Chair of History, endowed in 1977 by Dr. G. W. McGinty, former head of the History Department, is currently occupied by a member of the department. The McGinty Trust Fund also enables the department to publish scholarly historical works and to award scholarships to qualified students. The department also sponsors the American Foreign Policy Center.

**Requirements For a Major**

Thirty semester hours in history, as specified in the curriculum below, constitute a major in the Department of History. Every history major must have a minor, normally 21 hours in a related field, chosen in consultation with his or her advisor and, if necessary, the head of the department in which the student wishes to minor. Every major will consult with his or her advisor during each registration period and throughout the term as need arises. This program leads to the degree of Bachelor of Arts.

The specific department objectives (as set forth in the Louisiana Tech University Department of Music Handbook and curriculum guides) are designed to meet requirements as established by the Louisiana Board of Regents. The basic objectives of the Department of Music are:

- To assist students in becoming competent, qualified musicians by providing quality instruction and programs in music.
- To provide a variety of experiences which will prepare prospective musicians/music teachers to assume their professional roles in the fields of music performance and/or music education.
- To provide educational experiences which will develop the individual’s knowledge in both breadth and depth.
- To provide consultation service, workshops, seminars, and extension programs for teachers, administrators, school boards, and other community members interested in the development of music and music education through lecture/demonstrations, clinics, recital programs, and adjudicators for district and state music festivals.
- To evaluate on a continuing basis the curricula, course offerings and services of the Department of Music in light of new knowledge, career requirements, and opportunities for college graduates.

The accomplishment of this mission and achievement of these objectives are the ongoing endeavors of the faculty and staff of the Department of Music. For further details, visit the Department of Music Web site at [http://www.performingarts.latech.edu/](http://www.performingarts.latech.edu/) or contact the Coordinator of Music.

#### Requirements for Admission and Degrees
Entering first-year and transfer music majors are required to audition in the major performance medium prior to acceptance. The audition may be on site or via recording. Contact the Coordinator of Music for further details.

A music theory placement exam is given to new music students. Transfer credit will be evaluated for placement in music curricula. In addition to the completion of the requirements of the degrees, students must complete the University’s general education requirements (GER).

The Department of Speech offers the following degrees:

- The undergraduate/pre-professional degree is the entry-level degree for most professional settings.
- The master's degree is considered the first degree that leads to graduate study for speech-language and hearing.
- The undergraduate degree is designed to prepare a student for graduate study in speech-language pathology or audiology. It also serves as a rigorous discipline enabling students to pursue graduate work in a variety of fields.

Objectives

The major in Speech (Communication Studies concentration) is designed to allow the student to study communication that includes all forms of interpersonal, small group, organizational, public, and mass communication. The Speech curriculum has 33 semester hours of core courses that are concentrated in contemporary theory, research, and practical application of communication principles. The undergraduate major focuses on communication in interpersonal and organizational contexts. Additionally, the curriculum offers a variety of elective hours for course work in one of four tracks of emphasis: general, corporate communication, public relations, and law and related professions. While the degree can lead directly to careers in public relations, corporate consulting and advertising, it also serves as a rigorous discipline enabling students to pursue graduate work in a variety of fields.

The major in Pre-Professional Speech-Language Pathology is designed to prepare a student for graduate study in speech-language pathology or audiology. The undergraduate preparation includes a broad educational experience in the liberal arts and sciences and a strong foundation in addition to basic course work in normal and disordered speech, language, and hearing. The undergraduate/pre-professional degree is the first degree that leads to graduate study for speech-language pathologists and audiologists. The master's degree is considered to be the entry-level degree for most professional settings.

The Department of Speech offers the following degrees:

- BA in Speech with a Communication Studies Concentration
- BA in Speech with a Theatre Concentration
- BA in Pre-Professional Speech-Language Pathology

The BA in Speech, Language, and Hearing Therapy is also offered through the College of Education (See College of Education for details)

Requirements for a Major

A major in Speech consists of 33 hours which may be earned by concentrating in speech communication, theatre, or preprofessional speech-language pathology. The student concentrating in speech communication/interpersonal and organizational communication is expected to take the following courses: Speech 110/377, 325, 430, 431, 433, 440, 455, 466, plus 9 additional hours in speech. In addition, 21 hours of specialized study in one of three tracks (corporate communication, public relations, or law and related professions) will be approved by the student’s advisor. Students interested in Theatre should consult the Director of the School of the Performing Arts regarding the appropriate courses for a major concentration in Theatre. Please refer to the section on the School of the Performing Arts on page 117 of this Catalog. The degree of Bachelor of Arts is awarded upon completion of either the speech curriculum or pre-professional speech-language pathology curriculum.
