NOTICE TO ALL STUDENTS

The Summer Quarter at Louisiana Tech is a very busy and potentially confusing time. While there are fewer Tech students on campus during the summer, there are a number of academic and college-prep activities on separate schedules that present challenges. The Summer Quarter academic schedule provides you the opportunity to enroll in some courses offered using varied course lengths. In addition to the usual 12-week quarter, there are two 6-week sessions and two 3-week sessions during the Summer Quarter.

As you work with your Academic Advisor and then register and complete tuition/fee payment, pay close attention to information provided for you online and in the “Racing Form.” Course SECTION NUMBERS take on a specific course length meaning (e.g., courses with section numbers 30-37 meet during the first 6-week session, 38 and 39 meet during the first 3-week session, 60-67 during the second 6-week session, and 68 and 69 during the second 3-week session.) Course MEETING TIMES differ, and so do the various DEADLINES for administrative items (e.g., last days to drop/add, refunds, “W” drops, etc.). Use the tables on this and the following pages to assist you with making informed choices and help you determine dates and times applicable to YOUR SCHEDULE.

PART II
ACADEMIC INFORMATION

CLASSIFICATION OF STUDENTS

- Undergraduate students are classified as freshmen, sophomores, juniors, and seniors. For the purpose of determining eligibility for upperclassman privileges and other reasons, officially enrolled students are classified as follows:
  - Preparatory – student concurrently enrolled in high school and college
  - Freshman - has earned fewer than 30 semester hours
  - Sophomore - has earned a minimum of 30 semester hours
  - Junior - has earned a minimum of 60 semester hours
  - Senior - has earned a minimum of 90 semester hours

- Post-Baccalaureate - holds a bachelor's degree or higher but is enrolled in undergraduate classes and has not been admitted to the Graduate School

- Graduate - holds a bachelor's degree or higher and has been admitted (unconditionally or conditionally) to the Graduate School

FULL-TIME STATUS

To be classified as a full-time undergraduate or full-time post-baccalaureate student, you must be registered for at least 8 semester hours, excluding credit examinations and classes for audit.

To be classified as a full-time graduate student, you must be registered for at least 6 graduate semester hours, excluding classes for audit.

TUITION, FEES, & EXPENSES

Information concerning TUITION, FEES, ROOM and BOARD, and general regulations regarding expenses are contained on the Expense Sheet available online at http://finance.latech.edu/currentfees.php or from the Comptroller’s Office (KEEH 103), or the University Registrar’s Office (KEEH 207).

IDENTIFICATION CARDS

Every student is required to have a valid Louisiana Tech Identification Card. These cards are used by campus departments for student identification and admission to activities and events. New students must have an ID card made during registration to avoid a $10.00 late fee. A continuing student's card will be validated each quarter by computer. The cost for replacing a lost or damaged card is $10.00. ID cards are obtained through the TECH Express Office (Student Ctr, Rm. 155).

CREDIT EXAMINATION REGULATIONS

Louisiana Tech administers Credit Examinations in several subjects offered on campus. Credit Exam sections are identified by the section number “E01.” The procedure for obtaining credit by examination is as follows:

1. When the student registers for credit by exam, the advisor will enter an “E01” section of the class on the advising form. The advising form must then be signed by the department/unit head offering the exam. No exam can be taken for credit unless a student has properly registered for the exam and paid the appropriate tuition/fee.

2. Exams will be given and grades reported to the students during the period prior to the final “drop/add” day.

3. Successful completion of a credit exam will be recorded on the permanent academic record as “Credit Exam” with a grade of S (Satisfactory). Grades of S are not used to compute GPA. The grade of NC (No Credit) is loaded if the student does not take or does not pass the credit examination. The NC denotes no credit earned and is not used in the GPA calculation.

4. If a student does not take a credit examination for which he/she registered or fails to pass the exam, he/she cannot drop the exam and receive a tuition/fee refund after the examination has been administered.

CHANGING MAJORS

To change an academic major, the student should follow this procedure:

1. ON THE INTERNET: Go to the TECH website (www.latech.edu), click on “Students” then “Registrar” and then click on “Academic Major Changes”. Print out the form and follow the instructions provided. Once you have obtained the signatures, return the form to the Registrar’s Office (KEEH 207). Student Information System changes will be completed by the Registrar’s staff.

2. IN PERSON: Come to the Registrar's Office (KEEH 207), and pick up an Academic Major Change form. You will obtain the signatures required and then return the form to the Registrar’s Office. Student Information System changes will be completed by the Registrar’s staff.

RESTRICTED CLASSES

Restricted classes are those classes that have enrollment limited to a particular group of students, as determined by the responsible department/unit. Class restrictions are noted in the catalog course description and in each class offering displayed in BOSS “Available Course Sections” for the quarter. Restrictions listed may include one or more of the following:

1. Student's Classification – Student must have earned a specific classification (e.g., Senior standing). All Freshmen and Sophomores attempting to register for a 400- (Senior) level course will require the written approval of the academic Dean (or the Dean’s designated representative) of the college responsible for that subject and course.

2. Student's College/Degree/Major - Student must be enrolled in a given college and/or have a certain major (e.g., Chemical Engineering majors).
3. **Student's Grade Point Average** - Student must have a minimum overall grade point average (e.g., limited to students with at least a 3.0 GPA or an Honors section).

4. **Instructor or Department Head Signature Required** - Student must have the specified signature to register for the class.

5. **Course Prerequisites** – Student must have successfully completed a defined course or set of courses with acceptable or minimum grades.

If a class is restricted and you meet the conditions of the restriction, BOSS will allow you to register for the class. However, if you do not meet the conditions of the restriction but believe you have a special case, see the department/unit head of the area teaching the class. If the department/unit head approves a waiver for you to enroll in the restricted class, he/she will indicate approval on the Advising Form under the heading "Special Permission Signatures."

For all authorizations and permit signatures, the student must bring the Advising Form or Drop/Add Form, properly signed, to the Registrar’s Office (Keeny Hall 207) to have the permit loaded for a “signature required” class.

**REGISTRATION ASSISTANCE FOR STUDENTS WITH DISABILITIES**

Students who are disabled and need assistance to follow the registration procedure outlined may obtain information on available registration assistance by contacting the Office of Testing and Disability Services, Wyly Tower Room 318, phone 257-4221.

**GRAMBLING STATE - LOUISIANA TECH INTER-INSTITUTIONAL COOPERATIVE PROGRAM (ICP)**

Louisiana Tech University and Grambling State University, in order to facilitate free exchange of students, operate an Interinstitutional Cooperative Program (ICP). This program makes it possible for undergraduate and graduate students to enroll for classes at both schools concurrently. Faculty exchange between the two institutions is also a part of the program. Louisiana Tech Barksdale classes, extension classes, and credit examinations are not included in the ICP program.

Application for classes to be taken on the cooperating campuses must be made at the institution where admission requirements have been met and degree programs are being pursued. Credits gained as a “visiting” student may apply toward a degree at the home or matriculation school. The student’s department/unit head and advisor must approve the class or classes selected and the course load. A copy of the student’s transcript bearing the official seal will be furnished to the home institution at reporting time by the other institution.

An ICP student will be charged “full tuition & fees” at the home institution, regardless of course load. This stipulation will not require additional fees from the other institution.

A Louisiana Tech student wishing to take a class at Grambling should see the ICP Coordinator, Ms. Christol Sterling, in the Louisiana Tech Registrar’s Office (KEEH 207) to pick up forms and to receive instructions.

The ICP student’s Advising Form is processed by the home school, but it is the responsibility of the student to take action at the host school to withdraw from an individual class or resign from all classes for which he/she registered, whichever is appropriate, observing the deadlines for such action published in the class schedule of the host school. Availability of all classes CANNOT be guaranteed for the visiting student. Credit earned at GSU in the ICP program will be posted on the Tech transcript as transfer credit.

**ARMY RESERVE OFFICER TRAINING CORPS (ROTC)**

The Department of Military Science Instruction at Grambling State University emphasizes leadership and management. Army ROTC is divided into two phases: Basic Course and Advanced Course. The Basic Course is usually taken in the freshman and sophomore years, and the Advanced Course is taken in the junior and senior years. Enrollment in the Basic Course of Army ROTC occurs without a military obligation. Any student may enroll in all or part of the Basic Course. Veterans, National Guardsmen, and or Reservists in good standing, and with 30 or more semester hours are eligible to contract into the Advanced Course and participate as an SMP cadet in the National Guard and or Reserve. By contracting as a sophomore, they become non-deployable until they graduate, attain their commission as an officer, and attend and complete their Officer Basic Course. Those students that have completed 4 years of high school Junior ROTC, and are considered a sophomore by their university, can also contract into the Advanced Course. Other highly qualified Basic Course graduates and upperclassmen with four semesters or six quarters remaining in their program of study may be selected to participate in the Advanced Course and earn a commission as an Army Officer.

Students are required to complete the prescribed courses successfully in their academic disciplines. Upon earning a baccalaureate or master’s degree, the student is commissioned as an officer in the U.S. Army. Army ROTC also offers scholarships and stipends to contracted cadets. Army scholarships for two and three years are awarded to outstanding students.

For more information on the program, available scholarships, and current stipend amounts, contact the Grambling State University Army ROTC office at 318-274-3324 or 2490, email: arotc@gram.edu, or online at URL http://www.gram.edu/army/default.asp.

**AUDITING CLASSES**

A student may register for "Audit" rather than credit by notifying the Registrar of their intent to audit the class. A change from credit to audit or vice versa cannot be made after the last day to add a class (third class day). Tuition and fees for an audited class is the same as a class taken for credit. NOTE: Physical activity classes cannot be audited without the written permission of the Head, Department of Kinesiology, MEMG 205A.

Classes taken for an “AU” grade do not count toward full-time undergraduate or graduate status.

**GRADES**

Students view final grades on the Internet using their BOSS account at the end of each quarter after all grades are posted and calculations are completed. Grades for the Spring Quarter 2016 will be available beginning May 25, 2016. Grades for the Summer Quarter 2016 will be available beginning August 17, 2016.

Definitions of “Payment-in-Full” and “Registration Confirmation”

**Payment-in-Full:** All students are required to pay the full amount due the University at the time of payment. The full amount due is shown on the on-line “Account Summary” accessed through BOSS.

**Registration Confirmation:** All students who have zero or credit balances because their fees are paid by scholarships, federal financial aid, fee waivers, or other credits are required to confirm their registration to complete the registration process. If a student’s ending balance on the on-line “Account Summary” accessed through BOSS is zero or a credit balance (minus sign or “CR” indicates a credit balance), then the student is eligible to confirm registration. If the ending balance indicates an amount due to the University, the student will be required to complete payment in full.

If additional charges are incurred after a student has paid the full amount due or confirmed registration, these charges must be paid before the payment deadline to avoid the purge (cancellation) of classes. Additional charges are incurred when a student adds courses and adds or changes a dorm selection, meal plan, or Tech Express plan. The student’s schedule will not be purged if minor charges totaling $250 or less are incurred after the payment in full of the original balance due or registration confirmation.

**Definition of “Purge”**

All students are required to pay in full (see definition above) or confirm registration by the purge deadlines. Failure to complete payment or confirmation by the published deadlines will result in the purging (cancellation) of the student’s class schedule. Once a schedule has been
Students are responsible for making timely payments for all tuition, fees, and charges due the University.

2. If you registered between May 23 and June 1, 2016, and did not pay in full or confirm registration by June 1, 2016 at 5:00 p.m., your schedule has been purged (cancelled) and you will be required to complete the late registration process before June 6, 2016, and complete tuition/fee payment immediately.

3. If you registered during the Late Registration period or you previously registered and your classes were purged (cancelled) for failure to complete payment or confirm your registration. Deadline for late payment is Friday, June 6, 2016 at 12:30 p.m. Failure to complete payment in full or confirm your registration at that time may result in the final purge (cancellation) of your class schedule.

4. There is no penalty assessed for "no grade" schedule changes (Drop/Add).

5. If you register for SECOND SESSION CLASSES ONLY, you must complete tuition/fee payment or schedule confirmation by July 12, 2016 or your classes will be purged (cancelled).

PART V
SCHEDULE ADJUSTMENT, DROP/ADD, RESIGNATION

With the exception of permits or authorizations that must be processed using a properly signed Drop/Add form in the Registrar’s Office (Keeny Hall 207), all regular Drop/Add actions can be accomplished on BOSS from the first day of their eligibility to register until Monday, June 6, 2016, which is the last day for students to add classes, change sections, process “no grade” drops, or late register for classes on BOSS.

Summer Quarter 2016 BOSS Web Registration (menu option “Drop/Add Classes”) remains “live” for eligible students through the end of the Late Registration period. It will be turned off at 5:00 pm on Monday, June 6, 2016.

Students attempting to drop all of their classes (resign) must do so through the Registrar’s Office – this cannot be accomplished on BOSS.

IMPORTANT NOTES REGARDING DROPS:

- All students should consider the effect of a drop on their full-time student status and the impact on financial aid eligibility and insurability prior to processing the drop.

- Withdrawal (drop) from a developmental class (MATH 099 or ENGL 099) will NOT be permitted unless there are extenuating circumstances. Mrs. Melanie Peel, BARC Developmental Program Coordinator, Wyly 205, must approve all developmental course schedule changes.

- You must obtain Dr. Charles Patterson’s signature in addition to your advisor’s signature, to drop MATH 100B/C. Dr. Patterson is located in GTMH 306.

- Louisiana Tech-certified NCAA student-athletes will NOT drop courses without the written approval of their academic advisor and the written approval of the Assistant Athletics Director for Academics (Ms. Amber Burdge, TAC 102).

- Students receiving Veteran’s Administration (VA) benefits must report schedule changes to the VA Liaison Coordinator, Mrs. Sheila Sanchez, KEEH 207.

LOUISIANA TECH UNIVERSITY
RETURN OF TITLE IV (STUDENT FINANCIAL AID) FEDERAL FUNDS

The Louisiana Tech University Financial Aid Office is required to administer a return of federal student aid funds policy that complies with the Higher Education Reauthorization Act of 1998. Federal financial aid includes the Federal Pell Grant, Supplemental Educational Opportunity Grant (SEOG), Perkins loan, Stafford loans, and PLUS loans. The policy that follows complies with the federal requirements.

Title IV funds are awarded to a student under the assumption that the student will attend school for the entire period for which the assistance is awarded. When a student withdraws, the student may no longer be eligible for the full amount of Title IV funds that the student was originally scheduled to receive. The Financial Aid Office recalculates federal aid eligibility for students who fail to attend, drop out, resign (officially or unofficially), or are dismissed prior to completing greater than 60% of the enrollment period. The enrollment period is computed from the “classes begin” date to the “last day of classes” date. Recalculation is based on the percent of aid earned using the following formula:

\[
\text{Number of days completed} \quad \text{Total days in the Enrollment Period} = \text{percent earned}
\]
The date used in the calculation is defined as the date of last attendance. The University must return any unearned aid that was applied to institutional charges. The student then owes the University the amounts returned to the federal aid programs. The student may also be required to return/repay some portion of the federal aid received as a refund by the student. For example, if a student was enrolled for 30% of the quarter, then the student is entitled to only 30% of the aid received; thus 70% of the aid must be returned.

Students who stop attending after greater than 60% of the enrollment period has passed do not owe immediate paybacks at all! Please be aware that students must have attended at least one class after the 60% point of the enrollment period. If this date occurs after the completion of more than 60% of the enrollment period, the student is considered to have earned 100% of the Title IV aid received. The dates are published at the following location: [http://www.latech.edu/financial_aid/exiting/attendance.php](http://www.latech.edu/financial_aid/exiting/attendance.php).

Other rules govern Pell Grant eligibility. Pell recipients must attend each class at least once to qualify for the full Pell award. Pell awards will be corrected for non-attendance.

While this Return of Title IV Funds policy applies solely to students who receive federal financial aid, it must be understood that the Louisiana Tech University refund policy is also applied to all students whether or not they receive federal financial assistance. The student may owe a refund to the University on the basis of their refund rules. Details of the University refund policy are located in the "Racing Form" and quarterly "Expense Sheet".

PELL GRANT ADJUSTMENTS

Students receiving Pell Grants who drop classes during Drop/Add may have their Pell Grant reduced. Your attendance will be reviewed on the 9th class day. If you have not attended classes for which you registered, your Pell Grant amount will be reduced and your student account charged.

### PART VI: GENERAL INFORMATION

#### FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

The Family Educational Rights and Privacy Act of 1974 (as amended) is a federal law that provides guidelines for educational institutions regarding protection and release of student education record information. FERPA provides Louisiana Tech students with the following rights with respect to their education records:

1. The right to inspect and review the student’s education records within 45 days of the day Louisiana Tech University receives a written request for access. Students are required to submit a signed request identifying the education records they wish to inspect to the Registrar. The Registrar will make arrangements for access and notify the student of the time and place where the student may review his/her education records.

2. The right to request Louisiana Tech University to amend that part of the student’s education records that the student believes is inaccurate or misleading. Students may ask Louisiana Tech University to amend a record that they believe is inaccurate or misleading. The student will provide the Registrar with a written statement clearly identifying the part of the record he/she wants changed and why it is inaccurate or misleading. Procedures to be used for review and appeal are on file in the Registrar’s Office.

3. The right to consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosures without consent, is disclosure to school officials with legitimate educational interests. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Louisiana Tech to comply with the requirements of FERPA. The address of the office that administers FERPA is Family Policy Compliance Office, U.S. Department of Education, 600 Independence Avenue, SW, Washington, DC 20202-4605.

Directory Information is that personally identifiable student information not generally considered harmful or an invasion of privacy if disclosed. Prior consent of the student is not required for disclosure of directory information, unless the student has specifically requested, in writing, that Louisiana Tech University not disclose this information. The Office of Student Affairs manages these privacy requests. Student Affairs publishes a quarterly list of privacy requests that is distributed to each college.

The following elements are considered to be Directory Information at Louisiana Tech University: name, date and place of birth; local address; permanent address; telephone listing; classification; major field of study; dates of attendance at Tech; degrees, honors, and awards received; most recently attended educational institution; current class schedule; photos; e-mail address; participation in Tech activities and sports; weight and height of members of Tech athletic teams. NOTE: Social Security Numbers, Campus Wide ID numbers (CWID), and student PIN numbers are NOT Directory Information.

LOUISIANA TECH
HONOR CODE

SECTION ONE: PREAMBLE

Academic integrity at Louisiana Tech University is based upon and encompasses the principles of honesty, fairness, respect, responsibility, and excellence. Through the active pursuit of academic integrity, the University strengthens the value of the education and degrees that students seek to earn. Conversely, misconduct tarnishes the reputation of Louisiana Tech University and discredits the accomplishments of current students as well as graduates. Consequently, the University expects that all members of its academic community will demonstrate honesty and integrity in all academic relationships. The purpose of the Honor Code is to articulate and support the interests of Louisiana Tech University in maintaining the highest standard of conduct in academic affairs. This policy has been developed to provide students and faculty with guidelines to determine what behaviors violate the Honor Code and procedures for dealing with behaviors alleged to be in violation of the Code.

SECTION TWO: HONOR CODE STATEMENT

Being a student of a higher standard, I pledge to embody the principles of academic integrity.

SECTION THREE: HONOR CODE VIOLATIONS
Acts that will be considered violations of the honor code are grouped in the categories that follow. It will be considered a violation of the Louisiana Tech University Honor Code to commit or to attempt to commit any offense as outlined below:

3.1 Cheating - Cheating is defined as the act of giving unauthorized assistance to or receiving unauthorized assistance from another individual for the purpose of completing academic requirements. This includes, but is not limited to, the completion of homework, tests, projects, or research assignments. Some examples of cheating are:

3.1.1. During an examination, referring to information not specifically allowed by the instructor or receiving information from another student or another unauthorized source. Also included would be allowing another student to copy your paper.

3.1.2. Representing another person's work or any part thereof, be it published or unpublished, as one's own, which is referred to as "plagiarism."

3.1.3. Copying another’s entire paper and claiming it as one’s own.

3.1.4. Copying a part of a paper or another source and claiming it as one’s own.

3.1.5. Copying information from a source word for word without using citations.

3.1.6. Copying information from a source but changing the words around without providing citations.

3.1.7. Obtaining, distributing, or referring to a copy of an examination which the instructor and/or department has not authorized to be made available for such purpose.

3.1.8. Submitting work that has been previously or is being concurrently used in a different class by oneself or by another student. Special permission must be obtained from the instructor or professor if a student wishes to utilize or develop further any work prepared for another class.

3.1.9. Misrepresentation of data for any purpose will represent a violation of the standards of the honor code.

3.2 Falsification - Falsification is defined as altering official University documents, forging signatures of University officials or any other individual, or any other attempt to misrepresent official institutional documents or records. This also includes the alteration of grades or any other records related to the academic performance of students, whether another student’s or your own. This shall also include submitting any false records in order to gain admission to the University. Violations include not only falsification of records but also oral and written misrepresentation of truth in any kind of communication with University officials. This violation is an automatic referral to the Behavioral Standards Committee.

3.3 Stealing/Unauthorized Access - This violation includes acquiring unauthorized access to property, information, or materials which belong to another person. These materials or property may belong to a faculty member, a staff member, the university or another student and can be acquired in any form, including electronic information. This violation is an automatic referral to the Behavioral Standards Committee. It will also be considered a violation of the Louisiana Tech University Honor Code to assist, attempt to assist, or conspire to assist another student in committing the offenses as outlined above.
