INTRODUCTION

The Louisiana Tech University Code of Student Rights, Responsibilities, and Behavior has been developed to assist the University in protecting and maintaining its educational mission—a mission focused towards developing an atmosphere conducive to the academic, spiritual, mental, physical, and social growth of its students.

Upon enrolling at Louisiana Tech University, each student elects to be subject to each of these publications governing his/her relevant communities: (1) Louisiana Tech University STUDENT HANDBOOK, (2) Louisiana Tech University BULLETIN (catalog), (3) Louisiana Tech University VEHICLE REGULATIONS, (4) RESIDENTIAL LIFE BULLETIN, and other official University publications including departmental policy and class syllabi.

All Louisiana Tech University enrolled students are subject to official University publications and procedures. Individuals should be aware that these regulations are in effect during periods of non-enrollment should a student choose to re-enroll. All students are responsible for becoming familiar with all of the relevant publications listed above.

Louisiana Tech University students are citizens of several communities—city, parish, state, and national, as well as the University. Certain types of misbehavior and violations may subject a student to the concurrent jurisdiction of, and the imposition of, a sanction by both the University and civil authorities.

It is the intent of this document to create and maintain a system of order on campus which will foster the educational aims of the University and provide an opportunity for students to work toward goals of academic development, social maturity, spiritual enrichment, and personal improvement. The administrative or judicial procedures and the bodies or committees that have been established to hear cases of misbehavior or violations, make referrals of cases, and hear appeals of decision for the accused are described in this publication.
Copies of this “Code” may be secured by written request or personal visit to the Office of the Vice President for Student Advancement, 305 Keeny Hall, PO Box 3164, Louisiana Tech University, Ruston, Louisiana 71272.

Violations of any rule in this “Code” may subject the student to separation from the University.

SECTION ONE

1.01
This “Code” shall be cited as the Louisiana Tech University Code of Student Rights, Responsibilities, and Behavior.

SECTION TWO

2.01
This Code of Student Rights, Responsibilities, and Behavior is promulgated by the Office of the President of Louisiana Tech University under the power and authority delegated that office by the Board of Supervisors for the University of Louisiana System.

2.02
The authority of the Board of Supervisors for the University of Louisiana System and the President of the University to establish the kinds and types of behavior and standards contained in this “Code” is found in such Louisiana Revised Statutes, Acts, Concurrent Resolutions, etc., as the following:

2.03
The Division of Student Affairs, by delegation of the President of Louisiana Tech University, is designated as the agency within the University concerned with student rights, responsibilities, and behavior as one of its functions. The Division, through the Vice President for Student Advancement, is responsible for recommending:

2.03:01 The kinds and types of non-academic behavioral standards necessary for creating and maintaining a system of order on campus, and

2.03:02 The procedure for determining, enforcement, and/or disposition of violation of:

   A. all behavioral standards adopted by the Board of Supervisors for the University of Louisiana System for the administration and operation of institutions of higher education under its supervision,
   B. all behavioral standards approved or issued by the President of the University, and
   C. all local, state, and federal laws.
2.04  Review
The Code of Student Rights, Responsibilities, and Behavior shall be reviewed each year. Students, faculty members, and administrators are a part of the review committee. Recommendations for revisions are submitted to the Vice President for Student Advancement for consideration and forwarding to higher authority.

Examples of coercive behavior include, but are not limited to, line-ups, scavenger hunts and personal servitude.

SECTION FOUR STATEMENT OF RIGHTS

Institutional approval of that application in turn represents the extension of a privilege to join the University community and to remain a part of it so long as the student fulfills the academic and behavioral expectations as published in the Louisiana Tech University Bulletin (catalog), Code of Student Rights, Responsibilities, and Behavior, and all other official University publications.

4.03 These enumerated rights shall not be construed to deny or disparage legal rights of students both as members of the University community and as citizens of the city, parish, state, and
nation. They shall neither be construed as legal power to disregard the rights and respect of property of others or to disrupt any scheduled University function, or to impede the free flow of pedestrian or vehicular traffic. Furthermore, they shall not be construed as legal power to deny the right of access to facilities or buildings by any member of the University community.

SECTION FIVE

STATEMENT OF RESPONSIBILITIES

5.01 General Statement
Students are obligated to be fully acquainted with and to respect and abide by the University’s Code of Student Rights, Responsibilities, and Behavior which clarifies those behavioral standards considered essential in a continuing system of order.

5.02 Student Responsibilities
When an institution of higher education extends and a prospective student accepts the privilege to join the University community, the student is obligated to assume the responsibilities of a mature individual which are held to include the following:

5.02.01 To abide by the behavioral standards of the Board of Supervisors for the University of Louisiana System and the University as well as local, state, and federal laws.

5.02.02 To hold inviolate the rights of others in matters of expression and assembly.

5.02.03 To recognize that one’s behavior reflects not only upon self but also upon the institution and its citizenry and is judged in this manner.

5.02.04 To follow the doctrine of common decency and acceptable behavior commensurate with the aspiration implied by a University education.

5.02.05 To respect the rights and property of others including University administrators, officials, instructors, staff, students, and guests.

5.02.06 To respect the property of the University and the various agencies housed on campus.

5.02.07 To refrain from using the name of the University in an official capacity without the express permission of an authorized administrator or official of the University except for the purpose of identifying affiliation.

5.02.08 To accept and recognize the financial responsibility inherent with the student’s enrollment at the University and to fully comply with the University’s fee policies, payment deadlines, refund deadlines, and other financial and academic regulations as published in the University Bulletin, Quarterly Schedule of Classes and General Information (“The Racing Form”) and in the Quarterly Expense Sheet and their appropriate revisions.

5.03 University Responsibilities
The University community has the responsibility for creating and maintaining a system of order on campus, which includes the following:

5.03.01 Providing an environment that will enable a student to pursue academic endeavors.

5.03.02 Providing an environment, which permits all students the opportunity to pursue an
education in which they can progress on their merit and ability, without regard to race, color, national origin, religion, or sex.

5.03:03 Expecting students to demonstrate habits, attitudes, and standards of behavior beyond those expected of citizens outside the academic community.

5.03:04 Displaying leadership in spiritual, mental, moral, and social activities.

5.03:05 Protecting and maintaining high academic standards.

5.03:06 Clearly setting forth rules, regulations, policies, and procedures that relate to student life.

Policies for payment and collection of tuition and fees and all other student fees, charges, fines and penalties are the responsibility of the Office of the Comptroller unless specifically designated to another department.

SECTION SIX

6.01 Jurisdiction over Violations
Violations of campus behavioral standards that are not violations of local, state, and federal laws normally are handled within the University community and in accordance with established procedures of the University. Refer to the Louisiana Tech University Bulletin (catalog) for handling of violations of academic misconduct. Also see the back of the Student Handbook for Louisiana Tech’s Honor Code.

6.02 On-Campus Violations
Student actions on campus that violate University behavioral standards and local, state, and federal laws give rise to the possibility of dual jurisdiction and may be dealt with in one of the following ways:

6.02:01 The student may, in the case of minor violations and infractions, be subjected only to censures imposed by the University authority.

6.02:02 The student may be subjected to censures imposed by the civil authority and by University authority.

6.03 Off-Campus Violations
Students apprehended for off-campus violations of local, state, and federal laws are clearly within the jurisdiction of civil authority. The University’s concern may extend to off-campus violations of local, state, and federal laws if the individual student, a student organization, or a group of students uses the University’s name to falsify its position or to associate it with a cause not approved by the University or when it serves to reflect on the quality of citizenship of the individual, organization, or group.

When a student is apprehended for violation of local, state, and federal laws, the University will not
request special consideration for the student because of his or her status as a student. Such action promotes disrespect for the law, retards the growth of responsibility, and tends to create the erroneous impression that the University sees itself as sanctuary for lawbreakers. The University will, however, cooperate with local, state, and federal agencies in a program for the rehabilitation of the student unless the seriousness of the violation serves to place in doubt the general welfare of the University and members of the University community.

The University has a responsibility to respond, in certain cases, to students who are involved in off-campus incidents. A student who is charged with a civil or criminal off-campus violation may be subjected to University disciplinary proceedings if it is believed that such violations could adversely affect the normal educational function of the University or could injure or endanger the welfare of others in the University.

In such cases, an immediate hearing is held by the Vice President for Student Advancement (or his designee) to determine if interim suspension pending a full hearing will be imposed (see Section Thirteen for more information on interim suspension). The sanction is used if it is determined that the student’s presence on campus would constitute clear danger to him/herself or to the safety of other persons or property on the premises of the University or would pose an immediate threat of disruptive interference with the normal conduct of the University’s activities.

This process is used in all cases of violent felony arrests and other circumstances that the University feels meet the above-mentioned criteria.

Louisiana Tech University will cooperate with other universities and local, state, and federal agencies in the investigation, judication, and resolution of disciplinary and legal matters.

**6.04 Enumeration of Behavioral Standards**

The following enumeration of violations is merely illustrative and should not be taken to be all inclusive. Any student is subject to disciplinary action which may result in separation from the University whenever behavior is in violation of the Board of Supervisors for the University of Louisiana System and University behavioral standards and/or local, state, and federal laws.

**6.04:01 Aiding, Abetting, or Concealing Violators** - To help, encourage, support, or provide false information concerning a violator of the Code of Conduct or any local, state, or federal laws is prohibited.

**6.04:02 Alcoholic Beverages** - Students, student organizations, or groups of students shall not dispense or possess alcoholic beverages on University property or at University functions on campus. Any student on campus in a state of intoxication or who, while intoxicated, disturbs the peace, operates a vehicle, or acts in a disorderly manner is subject to disciplinary action.

**6.04:03 Breach of Regulations Relating To Student Housing** - Participating in raids of University residence halls, violating closing hour restrictions, violating visiting hours and occupancy rules and regulations of the University, or any other breach of Housing regulations is prohibited.

**6.04:04 Destruction, Misuse, Damage, or Defacing of Property** - Participating in activities that destroy, misuse, damage or deface private, personal, or University property is prohibited. Violations involving destruction or damage will require the violator(s) to replace or repair to the satisfaction of the rightful owner all destroyed, misused, damaged, or defaced property.
6.04:05 Disrespect For Authority - Failure to comply with instructions and directions of University officials or law enforcement officers acting in the performance of their duties or failure to comply with such instructions and directives—including identification by ID card—is prohibited. Verbal, written, and/or electronic abuse of any faculty, staff member, or student employee while performing duties assigned by the university is in violation of this section.

6.04:06 Dogs, Cats, and Other Animals - No person, being the owner or keeper, or harboring or having charge shall permit dogs (other than the official school mascot), cats, and other animals to enter University buildings, structures, or facilities. The term “animals” as used in this section, shall include all kinds of animals: mammals, fowl, reptiles, and amphibians. This shall not apply to seeing-eye dogs when accompanied by their masters nor shall it apply to animals used for approved research or observation in classroom, laboratory, farm, or clinical facilities (laboratory animals however are not allowed in residence halls).

6.04:07 Failure To Register Meetings or Assemblies - Meeting or otherwise assembling in a University facility without first registering such meeting or assembly with the Student Center Director is prohibited.

6.04:08 False Reporting of Emergency - Making false reports of a bomb, fire, or other emergency in any building, structure, or facility on University premises or University-related premises by means of activating a fire alarm, emergency phones, or by any other manner is prohibited.

6.04:09 Falsification, Forgery, and/or Dishonesty - Furnishing false or misleading information, altering any University material, misusing one’s name or forging the name of another in any manner, using identification cards, meal tickets, etc. of another is prohibited. Allowing unauthorized use of identification cards, meal tickets, etc. is also prohibited. Repeat violations of the Louisiana Tech Honor Code will be addressed as a violation of this section of the code.

6.04:10 Gambling - Gambling inconsistent with state and local law on the campus is prohibited. In addition, student athletes are also subject to NCAA requirements regarding gambling activities.

6.04:11 Group Offenses - Organizations, groups, clubs, societies, or other segments of the University community are responsible for compliance with the behavioral standards of the University and with local, state, and federal laws. Upon satisfactory proof that the organization did not discourage or did not take reasonable steps to prevent violations of University behavioral standards, local, state, federal laws, the organization may be subjected to permanent or temporary suspension of recognition, social probation, denial of use of University facilities, or other similar sanctions. The determination that the organization is liable to disciplinary censure under the above paragraph, and determination of the censure to be imposed, shall be made by the appropriate judicial body subject to the approval of the University Committee on Student Organizations, at a hearing held for that purpose (see regulations governing student organizations). The University requires (in case of appropriation of and/or damage to property) that the property be repaired or replaced to the satisfaction of the original owner and that the individual or group responsible provide written evidence of such by a designated date (also see regulations governing student organizations).

6.04:12 Unauthorized Selling of Books - Selling of books belonging to another person, organization, firm or institution, with or without permission, is considered theft.

6.04:13 Unauthorized Use of Telephones - Charging or permitting to be charged any long distance telephone call or telegraph message to any telephone on University premises without proper
authorization is considered theft.

6.04:14 Unauthorized Visits to Other Campuses - Louisiana Tech University neither condones nor authorizes visits to other college or university campuses for the purpose of defacing property or creating disturbances. University officials will cooperate with any other university or law enforcement agencies.

6.04:15 Interference or Failure to Comply with Emergency Procedures - Intentionally interfering with emergency procedures prescribed for any building, structure, or facility on University premises, or failing to follow prescribed emergency procedures such as willful disregard of the emergency alarm signal is prohibited.

6.04:16 Late and Delinquent Payments - For regulations pertaining to late and delinquent payments refer to the Louisiana Tech University Bulletin (catalog) and Section 5.02:08 of this code.

6.04:17 Lewd, Indecent, or Obscene Behavior - Lewd, indecent, or obscene behavior or expression is not condoned by the University. In the event that an interpretation of lewd, indecent, or obscene behavior is needed, the Behavioral Standards Committee shall be called upon.

6.04:18 Obstruction or Disruption - Participating in activities that obstruct or disrupt any University function, mission, or process—including but not limited to instruction, administration, meetings, ceremonies, or recognized student activities, or violating the rights of others—is prohibited.

6.04:19 Physical and/or Mental Abuse - Participating in activities that endanger or attempt to endanger the physical and/or mental health, safety, and rights of members of the University community or guests of the University is prohibited. This includes, but is not limited to, fighting or violence, harassment, and stalking. (See section 3.01:21 for categories of harassment and 3.01.22 for a definition of stalking.)

9.01:05  All hearings will be closed except to those involved in the hearings.

However, if in the opinion of the Chairperson of the Behavioral Standards Committee, there is just cause for delay of the hearing, the Chairperson may reschedule it for a later date. For purposes of this section, “just cause” means any eventuality that would prevent the student from receiving a fair hearing.

9.02:07 The student may tape record the meeting if he/she wishes. The Office of Student Conduct and Academic Integrity reserves the right to record the meeting as well.

12.01 Censures other than Suspension and Expulsion
In cases where the decision or recommendation of the disciplinary body or functionary is other than to suspend or expel the student, the censure shall take effect from the time the student is informed by the appropriate official.

12.02 Censures of Suspension and Expulsion
In cases where the decision or recommendation of the disciplinary body or functionary is to suspend or expel the student, the censure shall be effective the date of the recommendation of the Behavioral Standards Committee. It becomes official after:

12.02:02 Any student who is suspended from the University will be refunded a portion of his or her registration fees according to the following: a 90 percent refund if suspended before or on the Friday immediately following fee payment, 70 percent one week after that date and 40 percent two weeks after. No refund will be given if suspended two weeks after the Friday following fee payment.

Any student suspended or expelled must vacate the university within 24 hours of the action unless the sanction is being appealed. In extreme circumstances, the Behavioral Standards Committee may choose to have the student vacate the campus immediately and be banned during the appeal process (see section 9.03:04).

SECTION THIRTEEN  INTERIM SUSPENSION

13.01 When the President or his designee has reasonable cause to believe that a student or students have violated behavioral standards, and there is reasonable cause to believe that there exists substantial risk of injury to the student or students; to any member or guest of the University community; or the University buildings, laboratories, facilities, equipment, etc., the President or his designee may suspend the student(s) forthwith for the interim, pending the initiation of a full hearing without delay on the merits of the case. SECTION FOURTEEN  DISCIPLINARY RECORDS

14.01 Disciplinary Records
Disciplinary records means records of University administrators and officials of non-academic actions of student(s) who are in violation of the University behavioral standards, and/or local, state, and federal laws.

A. The University shall maintain for every student who has received any disciplinary sanction under Section Eight or Nine of the University’s Code of Student Rights and Responsibilities a written disciplinary record that shall reflect the nature of the charge, the penalty assessed, and any other pertinent information for a period of seven (7) years.
B. The disciplinary record shall be separate from the student’s academic record and shall be treated as confidential. The involved student may view the contents of his or her personal record in the Office of Student Life upon appointment. The University follows the guidelines set forth in the Family Rights and Privacy Act of 1974 in the handling of student disciplinary records.

Disciplinary censures resulting in separation from the institution are recorded as follows:

**14.01:01** The Division of Student Affairs will not release individual student discipline records other than to authorized University officials, except upon written authorization by the individual or upon subpoena. Campus Speech and Demonstration Policy
Policy 1311 – Campus Speech And Demonstration Policy

Revision Date: XX
 Responsible Office: Executive Vice President and Vice President for Student Advancement
 Reference: Policy 4105 – Facilities Usage Policy

Louisiana Tech University unequivocally supports and endorses free speech and free expression amongst its students, faculty, and staff. The University strives to ensure the fullest degree of intellectual freedom and free expression on campus. It is not the proper role of the University to shield individuals from speech protected by the First Amendment of the Constitution of the United States of America and Article 1, Section 7, of the Constitution of Louisiana, and other applicable laws, including, without limitation, ideas and opinions they find unwelcome, disagreeable, or even deeply offensive. Students and faculty have the freedom to discuss any topic that presents itself, as provided under the First Amendment of the Constitution of the United States of America and Article 1, Section 7 of the Constitution of Louisiana and as other applicable laws permit, in a manner which does not materially and substantially disrupt the functioning of the University and within the limits on time, place, and manner of expression stated herein.

Public Areas

The “Public Areas” of Campus mean all Outdoor Areas. The “Outdoor Areas” mean outside areas generally accessible to the majority of students, administrators, faculty, and staff such as grassy areas, walkways, or other similar common areas, and do not include areas where access is restricted. The Public Areas of campus are deemed by State law as traditional public forums and are open on the same terms to any speaker. On Public Areas, students and faculty may assemble, distribute literature, and engage in spontaneous expressive activity as long as such activity is not unlawful and does not materially and substantially disrupt the functioning of the University. Any person lawfully present on campus in a Public Area may protest or demonstrate there. Protests and demonstrations that infringe upon the constitutional rights of others to engage in or listen to expressive activity by creating a substantial and material disruption to the functioning of the institution or to someone’s expressive activity shall not be permitted. University Facilities are not Public Areas under this policy. Certain Facilities are made available for reservation in accordance with Policy 4105 – Facilities Usage Policy. Further, this policy does not apply to University-sponsored activities.

Time, Place, and Manner Limitations

In order to maintain safety, security, and order, the University reserves the right to limit such activities by the following regulations regarding time, place, and manner of such activities. Except as allowed by law, the University shall not apply these restrictions in a discriminatory manner toward the content of the view being expressed or the speaker, or in any manner that otherwise infringes on any form of speech or conduct that is protected by the First Amendment. The Public Areas of campus are generally available from 9:00 am to 7:00 pm, Monday through Friday, and 11:00 am to 4:00 pm Saturdays and Sundays.
Large Group Expression:
If an individual or group of individuals attracts a group of 20 or more persons, then a representative from the group is encouraged to contact the Student Development Office or University Police as soon as circumstances reasonably permit. The University reserves the right to direct a group of 20 or more persons to another available Public Area in order to ensure the safety of campus members, to provide for proper crowd control, and to limit disruption of the academic and other operations of the University. Any relocation must not be based on the content or viewpoint of the expression.

The following equipment limitations and prohibited activities apply to all expressive activity in Public Areas:

Equipment Limitations:
No musical instrument or sound amplification equipment of any kind, including stereo speakers, turntables, stationary or mobile public address systems are allowed on Public Areas without the advance approval by the office of the Executive Vice President and Vice President for Student Advancement.

Prohibited Activities:
Expressions, assemblies, or demonstrations may not:
• Engage in provocations by fighting words or incitements to engage in immediate violence;
• Make threats which demonstrate a serious expression of intent to commit an act of unlawful violence to a particular individual or group of individuals;
• Interfere with the free and unimpeded flow of pedestrian and vehicular traffic on campus or the entry or exit into and out of University facilities;
• Materially and substantially disrupt the normal activities of the University;
• Express or exhibit obscenity as defined by law;
• Advocate the deliberate violation of law by preparing the group addressed for imminent action and seeing it to such action.
• Engage in commercial or for-profit activities absent a prior written agreement with the University authorizing such activities.

Enforcement:
Administration, enforcement, and appeals: These regulations shall be administered and enforced by the office of the Executive Vice President and Vice President for Student Advancement, the University Police, and such other University officials as shall be designated. Visitors to the campus and all others violating these regulations regarding time, place, and manner of speech and demonstration will be subject to immediate eviction or removal from the campus without further warning by appropriate University agents or officials and may be subject to appropriate legal action.
Individual students violating these regulations may, upon written complaint to the office of the Executive Vice President and Vice President for Student Advancement, be subject to action by the University Behavioral Standards Committee.
Student organizations violating these regulations may, upon written complaint to the office of the Executive Vice President and Vice President for Student Advancement, be subject to action by the University Student Organizations Committee.
Non-Endorsement:
Nothing in this policy is intended nor should be understood as an endorsement or approval by Louisiana Tech University of any speech or demonstration, an invitation or license to speak or demonstrate, or the granting of any right or permission to speak or demonstrate on campus beyond the rights existing under federal and state law. For more information, contact the office of the Executive Vice President and Vice President for Student Advancement.

Appeals:
Any person aggrieved by a violation of this policy may file a written appeal of the decision or action to the Executive Vice President and Vice President for Student Advancement or his or her designee within fourteen (14) calendar days of the decision or action. The Executive Vice President and Vice President for Student Advancement shall provide a written response to the appellant within fourteen (14) days of receipt of the appeal unless, for good cause, additional time is needed to ascertain facts or speak with the appellant or relevant officials. If additional time is needed, such time shall not exceed an additional fourteen (14) days and a notice of additional time needed shall be delivered to the appellant in writing before expiration of the original fourteen (14) day response time. The decision of the Executive Vice President and Vice President for Student Advancement shall be final.

Superseding Policy:
This policy supersedes and nullifies any provision in the policies and regulations of the University that restricts speech on campus and is therefore inconsistent with this policy on free expression.
POLICY PROCEDURES
FOR ADDRESSING THE
ISSUES CONCERNING
SEXUAL HARASSMENT
INTRODUCTION

The concept of sexual harassment is not a new phenomenon in the workplace or academic environment. Historically, victims have been reluctant to discuss incidents of sexual harassment. However, today sexual harassment charges are the most adjudicated of Title VII and Title IX issues. There are several factors which account for this development, including: (1) the issue has received great notoriety on a national level; (2) the increase in cases found in favor of the victim; and (3) the decreased tolerance of it on the part of both management and the victim.

The sexual harassment of women or men was established as a violation of Title VII of the Civil Rights Act of 1964 and the Civil Service Reform Act of 1978 and most recently, the Civil Rights Act of 1991. In addition, Title IX of the Education Amendments of 1972 and professional codes of ethics deal with the issues involving sexual harassment. The Equal Employment Opportunity Commission has set strict standards of accountability for both the harasser and the employer. As in other Title VII issues, the effect rather than the intent of the employee and employer’s conduct is the basis for determining responsibility. The claim that the harassment was unintentional is disallowed as an employer defense. Similarly, employers are absolutely liable for the actions of their agents or employees in cases in which the supervisory chain knew or should have known of the misconduct. An employee is defined as any person receiving monetary compensation for work.

Complaints of sexual harassment against employers can arise under state tort law and/or Title VII or Title IX law. Although the most common of sexual harassment charges involve an act of misconduct being perpetrated by a male supervisor against a subordinate female employee, the perpetrator can be a female against male, male against male, or female against female.

The Equal Employment Opportunity Commission’s Sexual Harassment Guidelines specifically apply to employer and employee relationships and responsibilities. However, Louisiana Tech University’s policy explicitly addresses and prohibits sexual harassment of students.

LOUISIANA TECH UNIVERSITY’S STATEMENT ON SEXUAL HARASSMENT

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex. Sexual harassment, which includes acts of sexual violence, is a form of sex discrimination.

Louisiana Tech University is committed to providing a workplace free from sexual harassment through appropriate training and providing a means to remedy sexual harassment that employees/students feel they may have experienced. Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex. Training is scheduled annually; training resources are also available in the Center for Instructional Technology and Distance Learning on the 10th floor of the Library.

Members of the University community—students, staff, faculty, and administrators—are entitled to a professional working environment, free of harassment or interference for reasons unrelated to the performance of their duties. Since some members of the community hold positions of authority that may involve the legitimate exercise of power over others, it is their responsibility to be sensitive to that power, so as to avoid actions that are abusive or unprofessional. Faculty and supervisors, in particular, in their relationships with students and fellow employees, need to be aware of potential conflicts of interest and the possible compromise of their evaluative capacity.
Because there is an inherent power difference in these relationships, the potential exists for the less powerful person to perceive a coercive element in suggestions regarding activities outside those appropriate to a strictly professional relationship. It is the responsibility of faculty, staff, and supervisors to behave in such a manner that their words or actions cannot reasonably be perceived as suggestive or coercive. It is also the responsibility of any employee who is aware of or who is made aware of the occurrence of sexual harassment to consult with an appropriate University officer.

Sexual harassment is illegal. It is defined as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when

A. Sexual Harassment:
   Submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or academic status, or of participation in activities or events sanctioned by the University; or

B. Quid Pro Quo Sexual Harassment:
   Submission to or rejection of such contact by an individual is used as a basis for employment or academic status, or other decisions about participation in activities or events sanctioned by the University; or

C. Hostile Environment Sexual Harassment:
   Such conduct has the purpose or effect of threatening an individual’s employment, interfering with an individual’s work or academic performance, or creating an intimidating, hostile, offensive working or educational environment.

Although there is no universally agreed upon definition of sexual harassment that fits all contexts and circumstances, there is agreement that it can be verbal, non-verbal or physical, and that it can occur once or several times. The following are examples of behaviors generally viewed as sexual harassment when they are unwanted:

* direct or indirect threats or bribes for unwanted sexual activity;
* sexual innuendo and comments;
* asking or commenting about a person’s sexual activities or sexual orientation;
* humor or jokes about sex or females/males in general;
* pestering a person for dates or sexual behavior;
* touching, patting, pinching, stroking, squeezing, tickling or brushing against a person;
* giving a neck or shoulder massage;
* ogling or leering;
* spreading rumors about a person’s sexuality;
* name calling;
* letters, notes, telephone calls or materials of sexual nature;
* sexist or stereotyped comments;
* displaying pictures, calendars, cartoons or other materials with sexual content;
* leaving obscene messages on campus computers;
* stalking a person either outside or inside an institution; and
* abusive speech
* attempted or actual sexual assault

False accusations will be treated as serious offenses.
If it is the belief that the nature of the behavior rises to the level of criminal activity, it should immediately be reported to the appropriate law enforcement agency.
All faculty, staff, and administrators will be held accountable for compliance with this policy. While each case of allegations of sexual harassment or discrimination and its resulting effect on the mission of the University must be considered on its own, violations of this policy may lead to disciplinary action to include suspension or removal.

Retaliation against any person for exercising legal rights is prohibited and illegal.

Intimidation and harassment are inconsistent with the maintenance of academic freedom on campus; therefore, nothing contained in this policy shall be construed either to limit the legitimate exercise of the right of free speech or to infringe upon the academic freedom of any member of the University community.

Any questions regarding either this policy or a specific situation should be addressed to the appropriate university administrator (e.g., Title IX Coordinator, Affirmative Action Officer, Assistant Vice President for Student Advancement, Counseling Services Director, Vice President for Student Advancement, Vice President for Academic Affairs, or Director of Human Resources).

Although this policy statement establishes Louisiana Tech University policies and procedures regarding sexual harassment, employees have the right to seek redress of unlawful discrimination (of which sexual harassment is one example) by filing charges directly with the Equal Employment Opportunity Commission.

PROCEDURES FOR RESOLUTION OF SEXUAL HARASSMENT COMPLAINTS

Louisiana Tech University has developed a two-step procedure for handling sexual harassment complaints:

A mechanism to resolve complaints informally;

A procedure to handle formal charges if the first procedure is unsuccessful or if further action is deemed appropriate.

Procedure for Resolving Complaints Informally
Initial Contact:
1. Any employee or student who believes he/she has been the subject of sexual harassment, sexual intimidation, sexual violence, or discrimination is encouraged to consult with an appropriate University officer (e.g., Title IX Coordinator, unit head, director, department head, dean, appropriate vice president, or Director of Human Resources) to gain an understanding of both the Louisiana Tech University Sexual Harassment Grievance Policy and of possible options and resources. The Title IX Coordinator is Carrie Flournoy, P.O. Box 3168; phone: 257-3785; email: flournoy@latech.edu.

2. Students have the option of consulting with the Dean of Student Engagement & Undergraduate Recruitment and/or the Dean of Student Services & Academic Support.
3. Upon receiving the initial complaint, the University officer will schedule a preliminary meeting to discuss the charges, to explain proper procedures, to complete the Sexual Harassment Complaint Checklist, and to determine whether further information is needed. Based upon the outcome of this meeting, the administrator will take one of the following actions:
A. If the person wants to proceed with the complaint, the University officer will explain the process and the procedures.

B. If the person does not want to proceed with the complaint, the University officer will make a record of the complaint and take such action as necessary to protect the interest of the complainant and of the University.

C. If after the preliminary investigation the University officer feels that sexual harassment has not occurred, the officer will advise the person of his/her findings and will advise the person of his/her options if the person wishes to proceed further with the complaint.

Louisiana Tech University has two types of procedures to address sexual harassment complaints—informal and formal. Anyone who believes himself or herself to be a victim of sexual harassment may make use of both procedures, if deemed necessary.

**Informal Resolution:**

If a person decides to file a sexual harassment complaint, the following procedure will be adhered to:

Every effort should be made to resolve a complaint within thirty (30) days of the complaint using an informal process. During this preliminary stage, the complainant will be encouraged to provide information contained in the Sexual Harassment Complaint Checklist describing the behavior and relief sought. After completing the Sexual Harassment Complaint Checklist, the administrator will use the [Assessment Form](#) to determine appropriate courses of action. If the University officer decides that the described situation fits the definition of sexual harassment, he/she will request the names of the involved parties and will request an agreement to conduct an informal investigation.

The objective of this process will be to provide appropriate relief to the aggrieved party, sensitize the alleged harasser to the effects of such behavior, and resolve the complaint to the mutual satisfaction of both parties. An investigation will minimally include contacting the University officer responsible for the accused, i.e., if a student makes a complaint to the Assistant Vice President for Student Advancement about a faculty member, the Assistant Vice President for Student Advancement will notify the faculty member’s Dean and/or Unit Head relative to the complaint. Other steps that may take place in the investigative process are the following: (1) additional fact-finding; (2) a meeting with the administrative officer of the accused to discuss the grievance; and (3) a meeting with the complainant and accused separately or together.

Where a resolution is reached, a dated copy of the terms of the resolution indicating the nature of the complaint and the names of the parties shall be recorded and kept in a separate case file to be located in the appropriate University office.

Note: The person filing the complaint will be protected against retaliation in any form. Words or behavior that punish a person for filing a complaint of sexual harassment are illegal.

False accusations have a damaging effect on innocent people. False accusations are not condoned and may lead to disciplinary action.

**Confidentiality:**

Louisiana Tech University will make every effort to maintain confidentiality to the extent legally possible throughout the investigation and hearing procedures. If a complainant insists on confidentiality, the ability to respond may be limited.
Procedures for Resolving Complaints Formally:

If the informal proceedings are deemed inappropriate by either party or if the matter is not resolved, the aggrieved party may initiate the formal grievance procedure. In extraordinary circumstances when the continued working or academic relationship between the aggrieved party and the accused creates an impossible working/academic environment, a temporary transfer or reassignment of duties will be considered.

If the aggrieved party decides to proceed with a formal grievance, the following action will take place:

1. A written and signed complaint of sexual harassment must be submitted to the appropriate University officer by the aggrieved party within ten (10) working days after the informal resolution has failed or within sixty (60) calendar days of the incident cited as sexual harassment. Student complaints should be submitted within ten (10) months of the incident. The complaint shall state, clearly and concisely, the facts, which are the grounds for the proceeding and the relief sought. The University officer receiving the written complaint shall inform the appropriate Vice President of the complaint so that a hearing may be set. In special circumstances, time limits may be waived with the mutual consent of University officers. All matters will be handled as expeditiously as possible.

2. Upon receipt of the written complaint, the appropriate University officer(s) will within five (5) days contact the person who allegedly engaged in the sexual harassment and inform him or her of the basis of the complaint and then give him or her the opportunity to respond. That person will have five (5) days to respond to the complaint. The response shall contain full, direct, and specific responses to each claim in the complaint.

3. Within fifteen (15) days of the aforementioned deadline, the Vice President for Student Advancement will convene the University’s Sexual Harassment Grievance Committee to establish hearing procedures concerning the complaint.

4. The function of the Sexual Harassment Grievance Committee will be to hear and consider testimony and other relevant evidence, to make findings of fact, to determine whether the University’s policy on sexual harassment has been violated, and to recommend appropriate relief and disciplinary action(s) if the policy has been violated. A copy of the Committee’s findings will be made and retained by the appropriate University officer(s).

5. If the Sexual Harassment Grievance Committee determines that sexual harassment has occurred, it will recommend effective corrective action. The corrective action will reflect the severity of the incident and any past sexual harassment offenses. Effective corrective action can include but is not limited to the following:

   A. Oral reprimand
   B. Written reprimand
   C. Suspension
   D. Reassignment of duties
   E. Termination
   F. Counseling
   G. Any combination of the above.

6. Within five (5) days following the conclusion of its investigation and hearing, the Sexual Harassment Grievance Committee will forward its findings and recommendation for action to the
President or his designee. When the recommendation concerns a classified employee, the designee will be the Director of Personnel. Within fifteen (15) working days, the President will review the Committee’s recommendation and determine an appropriate course of action and sanctions. The decision will be communicated in writing to the accuser, accused, and the accused’s appropriate administrative supervisor(s).

7. Either party may appeal the Committee’s recommendation by submitting a written request to the President. Request for an appeal must be made to the President or his designee within fifteen (15) days after the appealing party receives a copy of the Committee’s findings. The written ruling of the President or his designee shall constitute the final decision. Beyond that point, both parties may seek remedies outside the University.

The use of this formal procedure in no way limits a resolution that is agreeable to all parties at any state; however, any such mutually agreed upon resolution must be documented in writing and signed by the accuser, the accused, and the administrator who handled the complaint.

CONSENSUAL RELATIONSHIPS

The University is committed to the principle that all personnel shall objectively and ethically carry out their duties. Inappropriate relationships may prejudice one’s judgment and adversely impact one’s ability to exercise institutional responsibility.

An employee of Louisiana Tech University shall not enter into a consensual sexual relationship with any individual over whom he or she exercises direct or significant academic, administrative, supervisory, evaluative, counseling or extracurricular authority or influence. It is incumbent upon all employees to disclose to their immediate supervisor any relationship or knowledge of a relationship that may adversely affect the workplace. The administrator who receives the report shall immediately consult with the appropriate administrator, i.e., Dean, Vice President, Human Resources Director, or Title IX Coordinator (Carrie Flournoy, P.O. Box 3168; phone – 257-3785; email – flournoy@latech.edu) and in cooperation with the above person complete the following:

A. Conduct a formal investigation
B. Correct any conflicts of interest and eliminate advise effect on all parties.
C. Document the steps taken

Those employees found in violation of this policy will be subject to disciplinary action.

Reports of fire and ambulance requests should be made directly to the Ruston Fire Department at 911, however if these requests are made directly to the Louisiana Tech University Police Department, the dispatcher will immediately relay the request to the fire department and dispatch a police unit to assist as needed.

Free telephones are located at the entrances of most residence halls. University Police may be contacted by dialing 4018 from these free phones. Additionally, there are emergency phones, which automatically dial University Police when the caller pushes one button on the phone. These phones are located:

The Louisiana Tech University Police Department operates a 24-hour Communication and Information Center in South Hall. The communication center is staffed by a police officer. This officer monitors campus fire alarms, door alarms, and intrusion/burglary alarms. This officer operates a State/Federal criminal history and driver’s record computer. Police telephone calls are received by the Police Communications Center.

Patrol officers are radio dispatched by the Police Communication Center upon call to investigate crime, respond to emergencies, or assist the public 24 hours a day, 365 days a year.

Criminal activity is actively investigated by the patrol and investigative divisions of the Police Department. Offenders are subject to criminal prosecution and University disciplinary action.

Louisiana Tech University Police officers respond to all emergencies on campus. Louisiana Tech University Police has a mutual assistance agreement with other departments within the University as well as the City of Ruston to assist one another with resources and manpower in the event of emergencies. Louisiana Tech University is represented at Lincoln Parish Emergency Planning/Exercise meetings.

SECURITY AND ACCESS TO CAMPUS FACILITIES

Exterior entrances to residence halls are locked 24 hours a day. Residents use a main entrance key card swipe to enter their residence hall. Each resident, male and female, has a key to his or
her individual residence hall room. University Police student employees check the doors of the residence halls when they are on duty. The department utilizes security cameras in selected parking lots and buildings.

Visitation hours in the residence halls are from 10am to midnight. Visitors must be escorted by their hosts during visitation. Individuals in violation of University visitation policies or anyone found trespassing on University property is subject to criminal charges and/or University disciplinary action. Residents are informed of rules and guidelines at the first hall meeting of the year and can find the rules and regulations on the Department of Residential Life’s website. Residents are encouraged to report suspicious or criminal activity. Louisiana Tech University reserves the right to ban individuals from returning to the University campus.

Campus academic and classroom buildings are secured daily, upon their primary use as classroom or office facilities, by the evening custodial staff of the University. After-hours access to campus buildings is permitted by authorization of the appropriate administrative authority. Department heads are encouraged to advise the University Police of those persons authorized after-hours access to facilities.

The Louisiana Tech University Police Department employs 18 commissioned police officers, two office administrators, and approximately 70 student employees.

The University campus is patrolled 24 hours a day, 365 days a year, by commissioned police officers. Additionally, student employees of the University Police Department staff a police cart patrol. These police cart units are especially well suited for patrolling parking lots, pedestrian, and athletic facility areas. The police cart patrol also offers escorts to students on the campus. The student may request an escort by calling 4018.

The University Police Department utilizes student employees for parking enforcement, supplementary parking lot patrol, selected dormitory patrol, and student escorts during selected times daily. All University Police student employees are in direct radio contact with the University Police Communication Center and may be radio dispatched. Police escort service is available upon a student’s request. Louisiana Tech University Police commissioned police officers provide escorts of persons, currency, and sensitive documents each academic year. Additionally, the Louisiana Tech University Police Department increased the safety of stranded motorists by providing motorist assists as necessary. The Louisiana Tech University Police Department spot checks building security on a daily basis and secures any buildings found unlocked. The appropriate department head is furnished a written report denoting the date, time, and location of the secured building. The department conducts safety seminars to students and parents during orientation and throughout the year as necessary.

Louisiana Tech University has a full-time University Safety Officer who chairs the campus-wide University Safety Committee. Members of the Safety Committee include representatives from University Police, Academic Affairs, Residential Life/Housing, the Physical Plant, Nursing, the Chemistry Department, and other areas on campus. Additionally, the Chairman of the University Safety Committee is a member of committees planning new construction on campus. One of the responsibilities of the University Safety Committee is to evaluate the usage, access, and security of campus buildings and to recommend actions for improvement. The University Safety Committee also makes recommendations concerning the security of proposed buildings, and the Committee Chairman gives recommendations to the building committees regarding safety and security. The Director of Environmental Health and Safety may be contacted at 257-2120.
CAMPUS LAW ENFORCEMENT POLICY, ENFORCEMENT AUTHORITY, AND ENCOURAGEMENT OF REPORTING

The Louisiana Tech University Police Department is a department in the Division of Student Affairs and is directed by the Chief of University Police who reports to the Dean of Student Life who reports to the Vice President for Student Advancement. Louisiana Tech Police Officers have a dual role as certified police officers and student development professionals. Louisiana Tech University is committed to public safety and supports the Police Department with state-of-the-art equipment, officer training, professional personnel, and the financial resources to serve the University community. Questions, suggestions, or comments concerning police or parking services should be directed to the police chief or captain who maintains an open door policy for meeting with students and other members of the public. The Louisiana Tech University Police Department is well trained and its officers constantly strive to increase their level of public service and professional growth. All Louisiana Tech University Police officers are enrolled in a certified police academy and are certified as police officers through the Louisiana P.O.S.T. (Peace Officers Standards and Training Council) Exam. Additionally, selected officers receive specialized training each year and all officers receive refresher or recertification courses as needed. Types of training attended may include but are not limited to the following:

- Red Cross first-aid and CPR training
- DWI detection & standardized field sobriety training
- Crimes investigators training
- Narcotics officer training
- LLETS/NCIC instructor and operator certification training
- Pepper spray training
- Anti-terrorism training
- Active shooter training
- Intoxilyzer 5000 operator training
- Radar operator training
- Drug awareness training
- Annual firearms qualification

- Rapid deployment to critical incidents

Under Louisiana Law R.S. 17:1805, Louisiana Tech University Police officers have full law enforcement authority including the power of arrest and are commissioned by the Louisiana Department of Public Safety. Additionally, Louisiana Tech University Police officers are authorized to carry weapons, to pursue violators off campus, and to investigate on-campus crimes or criminal activity. The Department has an excellent working relationship with other area law enforcement agencies. Louisiana Tech University Police and area law enforcement agencies mutually assist each other with information, cooperative investigations, manpower, and resources as needed. The Louisiana Tech University Police Department has the primary responsibility for law enforcement on the Louisiana Tech campus.

The Louisiana Tech University Police Department has an excellent working relationship with other criminal justice agencies, including local courts and the District Attorney’s office. The Louisiana Tech Investigative Division prepares its own affidavits for search and arrest warrants in the investigation of cases.

The Louisiana Tech Police Department enhances the University’s mission by contributing the following:

- Contributes to campus safety by enforcing city, state, and federal statutes, which is accomplished through vehicular patrol, bike patrol, radar enforcement, DWI enforcement, foot patrol, police cart patrol, criminal investigations, and narcotic investigations.
- Enhances the welfare of students by providing assistance as needed: providing escorts, traffic control, officers to increase safety at more than 150 athletic and special events each academic year, and assistance in emergency situations.
- Conducts public education seminars in child safety, seat belt safety, drug education, theft and
crime prevention, and DWI awareness.

• Operates a 24-hour police communication and campus information center at the University Police Department in South Hall.

• Provides for parking regulation enforcement through the Parking and Traffic Division of the Louisiana Tech Police Department located in South Hall. All Louisiana Tech students, faculty, and staff are required to register their vehicle; and a parking permit is required to park anywhere on the campus 24 hours a day. Complete information on parking regulations may be found in the current edition of the Louisiana Tech Vehicle Regulations Brochure. The traffic office may be contacted by calling 257-2921 or by email at traffic@latech.edu.

South Hall, where the Police Department is housed, is also host to a student organization classroom and a conference room. These facilities are located above the Police Station and are used on a daily basis to provide students with a location to hold organizational meetings. The co-location of these facilities with the Police Department has contributed to positive interaction between the officers and the students. The University Health Center is also located in South Hall, and the University Police Department provides assistance to the Health Center.

The Louisiana Tech Police Department encourages and promotes the prompt and accurate reporting of all crimes to the Louisiana Tech Police Department. Deans, academic personnel, Housing personnel, and all staff members are advised to refer any information concerning criminal activity or to refer persons needing to report criminal activity to the University Police Department or to the appropriate off-campus police agency if the criminal activity occurred in another jurisdiction. The Louisiana Tech Police Department has been tracking and reporting UCR (Uniform Crime Report) crimes voluntarily to the FBI since 1984. Additionally, the UCR is furnished monthly to the University of Louisiana System’s Office. Criminal activity is communicated to the campus community through email and/or emergency notification. Resources are directed, as needed, into areas needing increased patrol or enforcement. Student “Right-To-Know” crime statistics are included in this publication and posted on <www.latech.edu>.

Department of Housing resident assistants are advised to encourage persons to report crime. Feature stories and interviews with police officers in the Tech Talk, the student newspaper, encourage crime prevention and the reporting of crimes.

POLICE PROCEDURES, CRIME PREVENTION, AND CRIME PREVENTION PROGRAMS

Louisiana Tech University students and staff are informed about various police procedures through the following: Department of Housing resident assistants; The Tech Talk; the Office of Student Conduct and Academic Integrity; the Student Handbook; The Lagniappe; the University catalog; the Vehicle Regulations Brochure; the University Safety Manual; the Faculty and Staff Handbook; the Class Schedule and General Information Booklet; the annual Police Department Annual Report; and public education programs. Additionally, the University Police Department addresses incoming freshmen at each of the summer orientation sessions.

University Police conducts, upon requests by any campus organizations, the following public education programs:

• DWI Awareness Program
• Police and Crime Prevention Orientation for International students
• Police Policy/Procedures Class for Residential Life resident assistants
• Police Drug Awareness Class for Residential Life resident assistants
• Theft prevention seminar
• Crime prevention seminar
• Emergency procedures seminar

Additionally, the Louisiana Tech Counseling Center provides alcohol and drug abuse programs for the University community. The Counseling Center also provides student programs on the subject of date rape and responsible and acceptable dating behavior. (See the Handbook's Sexual Assault Information Guide for more information.)

CRIME PREVENTION TIPS

The Louisiana Tech Police Department encourages everyone to follow simple crime prevention tips to reduce the probability of being a crime victim. Each person has a responsibility to take action to promote safety. The following are some crime prevention tips for on- and off-campus students:
• Restrict internet pages/blogs to viewing by your friends only.
• Do not put personal information, phone number or address on internet blogs/pages for public viewing.
• Be alert and pay attention; scan ahead and be aware of what’s happening around you.
• Utilize the escort service for going from one location to another on campus. Call 257-4018.
• When walking, jogging, or bicycling—especially at night—do so with a friend or group.
• Stay sober; an intoxicated person is an easier target for criminal activity.
• Don’t drink and drive. Approximately 10 percent of weekend drivers between the hours of 10 pm and 2 am are intoxicated. The average DWI violator commits the offense 80 times a year. If this is you, on-campus confidential alcohol counseling is available at Tech’s Counseling Services - Call 257-2488.
• Remember, friends don’t let friends drive drunk!
• Wear a seat belt. The life saved could be yours.
• Hold purses securely.
• Lock your doors; promptly report lost keys.
• Don’t leave an extra key under the mat, in a plant, in the mailbox, etc.
• Check before opening the door.
• Use outside lighting daily.
• Store valuables in a safe place.
• Record your serial numbers.
• Report suspicious persons.
• Report crime or criminal activity immediately (who, what, when, where).
• Don’t carry large sums of cash.
• Stay off dark streets.
• Always lock your car; don’t leave valuables in your car.
• Don’t leave radar detectors, radar detector cords, or cellular phones in your parked car.
• Don’t pick up hitchhikers; don’t be a hitchhiker.
• Never leave laundry unattended in a laundry facility.
• Don’t give cash to a stranger with a hard-luck story; it’s often a con game. Call the Police.
• Report persons selling items on campus to the police. Popular stolen items include cell phones, compact discs, guns, computers, clothes, radar detectors, and stereos. A deal too good to be true usually means the item is stolen. It is illegal to buy or sell stolen items. Please report the seller to the police. The next item he or she sells might be stolen from you!
• Hang up on obscene or harassing phone callers; keep a log of the calls (date, time, who answered the phone, and what the caller did or said), and report the calls to the police.
• Don’t let strangers in your room or home to use the phone; leave them in the hall and call the police.

**EMERGENCY RESPONSE, NOTIFICATION AND EVACUATION POLICY**

Louisiana Tech University has developed and regularly tests an Emergency Response Plan, which is also known as the Crisis Response Plan. Other emergency response guidelines have been prepared for and disseminated to the faculty, staff and students. Louisiana Tech University will respond to an emergency situation in a safe, effective and timely manner. University resources and equipment will be utilized to accomplish the following priorities:

- Protection of human life
- Support/restoration of health, safety and essential services
- Protection of Louisiana Tech University assets
- Assessment of damages
- Restoration of critical operations
- Restoration of general campus operations

Louisiana Tech University has designated an Emergency Response Team who will respond to and manage any known emergency situation.

**Testing and Evaluation of Plan**

Annual testing of the emergency response plan is designed for the assessment and evaluation of the plan and capability. These tests may be in the form of a tabletop, drill, functional exercise or full-scale exercise as determined. The documentation of the test will be maintained in the office of the University Police. Testing of the emergency notification system will occur on at least a quarterly basis.

**Emergency Notification Policy and Procedures**

Louisiana Tech University has in place methods designed and intended to make and send emergency information, such as an audible fire alarm (indicating the need to perform a facility evacuation), University mass email, text (SMS) or voice message via an Emergency Notification System (ENS), website, or by intercom in buildings where available. Sirens, loudspeakers or other informational devices, if available, may be utilized.

Notification will take place without delay upon confirmation of an event or pending event, which would be considered a significant emergency or dangerous situation, if a threat exists to any of the campus community.

Persons responsible for carrying out this notification process include: Command Staff of the University Police, Vice President for Student Advancement, Dean of Student Life, and Director of Marketing and Public Relations.

Confirmation and validation of an emergency, threat or dangerous situation will, under most situations, be the responsibility of member(s) of the LA Tech University Police.

Dissemination of emergency information to the larger community, including other public safety agencies, would occur through the University Police dispatcher and/or Marketing and Public Relations Department, as necessary.

**Evacuation Procedures**

When an evacuation of a building is ordered, the evacuation will be performed in an orderly
and safe manner. All faculty and staff are to assemble in designated areas. Evacuation orders may be given for multiple purposes.

1. Become familiar with work areas and exit locations.
2. When the fire alarm sounds, prepare to evacuate immediately.
3. Do not panic, but walk quickly to the closest emergency exit.
4. Do not use elevators. Do not use cell phones.
5. Walk in a single file on the right through corridors and stairwells.
6. Avoid unnecessary talking and keep the lines moving.
7. Individuals requiring assistance in evacuation should proceed to stairwell entrance areas and wait for assistance.
8. If smoke is encountered, drop to the floor and crawl along the wall to the nearest exit.
9. When approaching a closed door, feel the door with the back of your hand; if cool, carefully open the door and, if safe, proceed with the evacuation.
10. No one is to return to the building until authorized by the Incident Commander or other public safety official.

Special Evacuation Procedures

1. A “Vertical Evacuation” is a procedure in which individuals on lower floors relocate themselves to higher floors. This type of evacuation is conducted when there is a danger on the lower floors or if the outside environment is dangerous. The most likely use of vertical evacuation is if there occurs a chemical spill either outdoors or within the lower floors. Vertical evacuations are also used as an evacuation of last resort in a flooding event.

2. A “Silent Evacuation” is a procedure conducted when it is advisable to evacuate without causing alarm. This procedure is most likely used during some type of crime or crime-threatening emergency.

Faculty and supervisory staff having people with disabilities under their direction shall meet with them as soon as possible to discuss evacuation procedures in case of fire or other emergency.

Evacuation of People Needing Mobility Assistance

Evacuation of people with disabilities who are ambulatory, such as those who have vision or hearing impairments:
- Should take place normally with other building occupants.
- Escorts may be offered from within the class or work area.

People who are dependent upon equipment for their mobility:
- May be assigned an escort from within the class or work area.
- Should not use elevators unless directed to do so by the emergency personnel.
- Remain in a protected place to await arrival of emergency personnel or proceed to the stairway in the building, if possible, accompanied by an escort. Emergency personnel are trained to look for persons with mobility difficulties in these designated areas.
- Once the stairs have begun to clear of other evacuating people, the escort and the person needing mobility assistance should enter the stairway and remain on the landing near the door.

If the stairway becomes smoke-filled or unsafe before the arrival of emergency personnel:
- Move back into the building and proceed to another usable stairway.
- If another stairway is not available, find a room that is safe and close the door.
- Wave a coat or similar object in a window to gain attention.
If there is a direct and immediate threat, the individual should be moved. If there is potential for fire, explosion, biohazards, or gas in the area where the person needing mobility assistance is located, several persons may need to assist the person to leave the building.

Faculty and staff who have individuals needing mobility assistance under their direction are responsible for notification of emergency personnel about the location of these people within the building.

Evacuation from Campus Property

If the need exists to evacuate the campus or an area of campus, evacuees will receive direction from law enforcement personnel and/or persons who are working in concert with the law enforcement agencies. Please follow directions given in order to effect a safe and rapid evacuation.

Missing Persons’ Policy and Procedure

An individual is considered “missing” based upon information received during a report filed with the University Police. The officer receiving the report will conduct the necessary follow-up investigation including, but not limited to, contacting the Department of Residential Life personally or having an officer check the student’s housing area to determine if the missing student has filed a confidential contact through the student’s personal BOSS network and responding accordingly; making contact with the student’s “emergency contact” which would be on file with the Residential Life Office; utilizing the National Crime Information Center (NCIC) as per guidelines; and making any and all other contacts as the inquiry necessitates.

The report will be “on file” with the University Police. Any time frame for notifications will be dependent on the nature and course of the investigation.

CRIME STATISTICS

Introduction

In November 1990, Congress passed the Student-Right-to-Know and Campus Security Act (Public Law 101-542) for the purpose of requiring colleges and universities to publish annual campus security reports that (a) include statistics on campus crime and arrests for certain specified categories of offenses and (b) describe policies, procedures, and programs related to campus security.

MONITORING CRIMINAL ACTIVITY AT OFF-CAMPUS ORGANIZATIONS

The Ruston Police Department advises the University Police and the Office of Student Conduct and Academic Integrity of crimes that occur at recognized student organization dwellings (such as fraternity houses), which are located on private property off campus in the city of Ruston. Student organizations must abide by University regulations set forth in their agreement of recognition signed with the University and in the Code of Student Rights, Responsibilities, and Behavior. Part of the agreement is that student organizations must abide by University regulations and local, state, and federal laws. Student organizations found to be in violation of their recognition agreement may be suspended by the Vice President for Student Advancement pending the organization’s appearance before the Louisiana Tech Student Organization Committee, which will decide the appropriate action. Rules governing student organizations may be found in the Division of Student Affairs’ Student Handbook.

DRUG & ALCOHOL ABUSE (PUBLIC LAW 101-226)

Students are encouraged to review A Student Guide for Making Decisions about Alcohol and Other Drugs, a pamphlet published by the Division of Student Affairs.

SEXUAL ASSAULT, DATING VIOLENCE, STALKING, DOMESTIC VIOLENCE

Title IX of the Education Amendments of 1972 is a comprehensive federal law that prohibits discrimination based on the gender of students and employees of educational institutions that receive federal financial assistance.

In accordance with Title IX and other applicable law, Louisiana Tech University is committed to providing a learning, working, and living environment that promotes integrity, civility, and mutual respect in an environment free of discrimination on the basis of sex and sexual misconduct which includes sex discrimination, sexual harassment, dating violence, domestic violence, sexual assault, stalking and retaliation. Louisiana Tech University prohibits sex discrimination and sexual misconduct. This policy applies to all persons without regard to sexual orientation, gender identity and/or gender expression.

In July 1992, Congress enacted the Higher Education Amendments of 1992, which imposed requirements for preventing, reporting, and investigating sex offenses that occur on college campuses. The following information has been prepared by Louisiana Tech University officials, not only to comply with federal requirements but also to assist students, faculty, and staff members in maintaining a safe environment, which is conducive to achieving the mission of Louisiana Tech University.

Educational Programming for Students, Faculty, and Staff

The Office of the Vice President of Student Advancement facilitates programming designed to inform, educate, and assist students with issues related to Sexual Assault, Domestic/Dating Violence, and Stalking. Counseling and Career Services provides licensed professional counselors and/or trained students from the Peer Leadership Council to assist students, both men and women, toward greater awareness of the legal and psychological implications of the phenomenon of sexual assault. Educational programming in the area of sexual assault, stalking, dating, and domestic violence is available to students in residence halls, sororities, fraternities, classes, and any other student groups. Every freshman is reached with this message through the University
Seminar class. These educational presentations include guidelines for a safe code of dating conduct and a resource listing campus and community agencies to contact in the event of a sexual assault. The programs are free and available to Louisiana Tech students by contacting Counseling and Career Services at 257-2488.

Additionally, the Division of Student Affairs purchases and utilizes training modules, as well as partners with community resources such as DART and Piney Hills Advocacy Center, to provide training for targeted campus populations.

The Office of Human Resources manages the training needs of Faculty and Staff personnel. The University Police Department also offers free presentations on the subject of personal safety with emphasis on precautions and reporting procedures. Arrangements for these programs can be made by contacting University Police at 257-4018. Additionally, educational literature in the form of brochures and other handouts may be picked up, at no charge, from the following offices: Counseling and Career Services in 310 Keeny Hall; University Health Center, Lambright; and University Police in South Hall.

**Strategies for Limiting the Risk of Sexual Assault**

1. Examine societal and personal attitudes that tolerate sexual aggression.
2. Know your sexual intentions and limits and communicate them firmly.
3. Be aware that alcohol is a disinhibitor and may affect judgment in a dating situation. Set safe boundaries in its use.
4. Attend functions with friends you can trust. Go in a group and return home with the group.
5. Be aware of surroundings. Many acquaintance rapes occur in private dwellings under the cover of loud music.
6. Listen to your instincts; if the situation feels risky, it probably is.
7. Do not leave beverages unattended.
8. Accept drinks only from a bartender or waitperson.
9. Consider buddy system; look out for one another. Be alert to behavior of friends who appear intoxicated and unable to make appropriate and safe decisions.

**Helping a Friend Who Is Being Abused or Bystander Intervention Strategies**

Bystander intervention consists of safe and positive options that may be carried out by an individual(s) to prevent harm or to intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking.

(The following bystander information has been adapted several times by several organizations and originated with “Helping The Battered Woman, A Guide For Family And Friends,” a 1989 publication of the National Woman Abuse Prevention Project.)

Many students are emotionally, physically, and/or sexually abused by their intimate partners each year. If you are concerned about a friend, perhaps you feel the problem will work itself out. This is very unlikely. Violence and abuse in relationships usually continues and often gets worse over time if no action is taken to stop it. You can help your friend by being honest about your concerns. Say something.

**Things that might be keeping you from saying something:**

**The violence can’t really be that serious.** Dating violence includes threats, pushing, punching, slapping, choking, sexual assault, and assault with weapons. It is rarely a one-time occurrence and usually escalates in frequency and severity. Even if the violence is “only” verbal, it can seriously affect the victim’s health and well-being, so any act of dating violence is something to take seriously.
• **My friend must be doing something to provoke the violence.** A victim of dating violence is never to blame for another person’s choice to use violence against them. Problems exist in any relationship, but the use of violence is never acceptable.

• **If it’s so bad, why don’t they just leave?** For most of us, a decision to end a relationship is not easy. Your friend’s emotional ties to their partner may be strong, supporting the hope that the violence will end. Perhaps your friend doesn’t know about available resources, or maybe social and justice systems may have been unhelpful in the past. Perhaps when your friend has tried to end the relationship in the past, their partner may have used threats or violence to stop them. These are just some of the many compelling reasons that may keep someone in an abusive relationship.

• **I shouldn’t get involved in a private matter.** Dating violence is not a “personal problem.” It is a crime with serious repercussions for your friend, your friend’s partner, your campus, and your entire community.

• **I know the abusive person; I really don’t think he/she could hurt anyone.** Many abusers are not violent in other relationships and can be charming in social situations, yet be extremely violent in private.

• **The abusive person must be sick.** Using violence and abuse is a learned behavior, not a mental illness. People who use violence and abuse to control their partners choose such behavior; viewing them as “sick” wrongly excuses them from taking responsibility for it.

• **I think the abusive person has a drinking problem. Could that be the cause of violence?** Alcohol or drug use may intensify violent behavior, but it does not cause violence of abuse. People who engage in abusive behavior typically make excuses for their violence, claiming a loss of control due to alcohol/drug use or extreme stress. Acting abusively, however, does not represent a loss of control, but a way of achieving it.

• **How can my friend still care for someone who abuses them?** Chances are the abuser is not always abusive. They may show remorse for the violence after it happens and promise to change. Your friend may understandably hope for such changes. Their relationship probably involves good times, bad times, and in-between times.

• **If my friend wanted my help, he or she would ask for it.** Your friend may not feel comfortable confiding in you, feeling you may not understand his or her situation. Talk to them about the abusive behaviors you have noticed, tell your friend no one deserves to be treated in that way, and ask them how you can help.

### What You Can Do to Help:

• **Say something. Lend a listening ear.** Tell your friend that you care and are willing to listen. Don’t force the issue, but allow your friend to confide in you at his or her own pace. Never blame your friend for what is happening or underestimate their fear of potential Danger. Focus on supporting your friend’s right to make decisions.

• **Become informed.** Find out all the facts you can about dating violence. Contact offices such as Counseling Services (257-2488) and/or University Health Center (257-4866), which are located on campus that address sexual and dating violence, or contact DART (513-9373), a Ruston community-based resource that assists victims of domestic violence, or call the National Domestic Violence Hotline at 1-800-799-7233, or for TTY assistance 1-800-787-3224.

• **Guide your friend to community services.** Gather information about dating/domestic violence programs in your area. These programs offer safety, advocacy, support, legal information, and other needed services. If your friend asks for advice on what they should do, share the information you’ve gathered. Let your friend know they are not
alone and people are available to help. Encourage them to seek the assistance of
dating/domestic violence victim advocates. Assure them that they will keep all information
confidential.

• **If your friend decides to end the relationship.** Help them make a plan to be safe. He or she
may want to call a local domestic violence hotline to help create a “safety plan.” Domestic
violence programs can help them look at their options and make a plan to be as safe as possible.

**Victims of dating violence may face a greater risk when they try to end the abusive
relationship.** If the abusive person feels they have lost control, they may become very
dangerous.

• **Focus on their strengths.** Your friend has probably continually been told by the abusive
person that they are a bad person, a bad student, or a bad friend. Your friend may believe
they can’t do anything right and that there really is something wrong with them. Give him or
her emotional support. Help them examine their strengths and skills. Emphasize that they
deserve a life that is free from violence.

**Amnesty Policy**

Any student who reports, in good faith, any sexual violence to a university official, shall not be
sanctioned by the university for a nonviolent student conduct violation, such as underage drinking of
alcohol, if it is revealed during the course of filing the report.

**Recommended Guidelines in the Event of an Assault**

Sexual assault, either by a stranger or by an acquaintance, creates emotional turmoil for any individual.
Louisiana Tech University is sensitive to the devastating effects of rape and other types of sex offenses
and has established the following recommendations to assist the survivor of a sexual assault and to
inform the Louisiana Tech student of the facts, laws, and resources that pertain to these types of
criminal behavior:

1. **Report the assault regardless of the circumstances.** Reporting the incident allows the
survivor to be advised of available resources and alternatives. The strength of the case could be
affected by the length of time the survivor waits before pressing charges. The first step in regaining a
sense of control over the situation is to report the assault.

If requested, university personnel will assist the student in working through the criminal justice and/or
administrative processes. The following are options available to the student:

• Report to a responsible employee of university (see below list)
• File a sexual harassment claim with the Title IX coordinator
• Report to appropriate law enforcement agency
  • Proceed with criminal investigation
  • Request no criminal investigation
• Utilize free university counseling services.
• Request university administrative action against the suspect
• Access and utilize community resources, such as:
  • Piney Hills Advocacy Center
  • (DART ) Domestic Violence Resistance Team
• Obtain a protective order against the suspect

**Responsible Employees:** Responsible Employees have the authority to take action to redress
sexual violence and have been given the duty of reporting incidents of sexual violence or any
other misconduct by students to the Title IX Coordinator or other appropriate school designees. The
following are designated as the Responsible Employee’s for LA Tech:

College of Applied and Natural Sciences:
- Dr. Amy Yates-Human Ecology, Carson Taylor Hall, room 251, 257-3727
- Patti McFadden-Nursing, Reese Hall, room 209, 257-3109

College of Business:
- Debbie Inman-CENIT, College of Business, room 218C, 257-3430
- Dr. Laura Flurry-Marketing & Analysis, College of Business, room 341, 257-3768

College of Education:
- Dr. Latoya Pierce-Psychology & Behavioral Science, Woodard Hall, room 211D, 257-2874
- Dr. Pam Morgan-Curriculum, Instruction & Leadership, Woodard Hall, room 200C, 257-2561

College of Engineering & Science:
- Dr. David Hall-Mechanical Engineering, Bogard Hall, room 224A, 257-4127
- Dr. Katie Evans-Mathematics & Statistics, Madison Hall (GTM), room 334,

College of Liberal Arts:
- Lisa Maxedon-Performing Arts, Howard Center, room 221, 257-2061
- Paul Nelson-Modern Languages, Madison Hall (GTM), room 226, 257-5246

Athletics:
- Renee Puckett-Thomas Assembly Center, room 154, 257-5196

**On-Campus Assaults**
If the incident occurred on the Louisiana Tech University campus, contact the University Police Department, 257-4018, available 24 hours a day. Police officials will contact a professional counselor and/or will assist the survivor in seeking medical treatment at the hospital if requested.

**Off-Campus Assaults**
If the incident occurred within the city limits of Ruston and is off the Louisiana Tech campus, report the crime to the Ruston City Police Department, 255-4141, located at 401 North Trenton Street. If the incident occurred in Lincoln Parish, outside the city limits of Ruston, report the crime to the Lincoln Parish Sheriff’s office, 318-251-5111, located on Camp Road, Ruston, LA.

2. **Seek medical assistance within 24 hours of the assault.** A survivor does not have to press charges in order to seek medical treatment; however, if criminal charges are pressed, medical information and an examination are essential. Police advise the victim not to change clothing, douche, or brush teeth. Very important evidence such as hair samples, saliva samples, finger scrapings, etc., may be lost if not collected immediately. Usual procedures call for a medical examination, which will be performed by a physician, in the presence of a female nurse. Hospital medical personnel report that the following procedures may take place during a medical examination:

- baseline lab work will be performed to determine existing health concerns.
- evidence will be collected in the event charges are pressed. Note: this step will be taken only with the consent of the survivor.
- police will be contacted with the consent of the victim.
• information regarding testing for sexually transmitted diseases and pregnancy will be provided.
• information about immediate counseling resources will be provided or referrals for follow-up counseling will be given.

3. **Seek medical testing if you have reason to believe you were disabled with drugs without your knowledge and subsequently sexually assaulted.** Drugs such as Rohypnol and GHB are used to spike drinks for the purpose of sedating for sexual assault. Drowsiness and impaired motor skills are common effects, giving an appearance of intoxication. Symptoms may also include impaired judgment, disinhibition, dizziness and confusion. Such substances can be colorless, tasteless, odorless, and dissolve easily into liquid. If you think you have been sedated with such a drug, tell hospital personnel. A urine test within 72 hours may determine if a drug was used.

4. **Consider options for actions against the perpetrator.**

   **On-Campus Options**

   If the incident happened on the Louisiana Tech campus, the assault survivor has the options of (1) pressing criminal charges against the perpetrator with the appropriate law enforcement agency and/or (2) requesting a university administrative review of the incident. An administrative review of the behavior will be conducted when the personnel with the Office of Student Conduct and Academic Integrity are informed of a possible violation of the University’s Code of Student Rights, Responsibilities, and Behavior. A review of possible violations may be made by reporting the incident to the Office of Student Conduct and Academic Integrity, 257-3396, 326 Keeny Hall. It should be noted that any report filed through the University Police Department or forwarded to the University Police Department by another law enforcement agency will be immediately forwarded to the Office of Student Conduct and Academic Integrity and will prompt an administrative review of the behavior of any Louisiana Tech students involved in the incident. If a violation of the University’s Code of Student Rights, Responsibilities, and Behavior has occurred as defined in Section Six of the Code, administrative action will be taken as defined in Sections Eight and Nine of the aforementioned Code. Offenses pertaining to sexual assault, as defined in Section 6.04:37 of the Student Code, will warrant an immediate review by the University Behavioral Standards Committee. The standard of evidence during any hearing will be “a preponderance of evidence.”

   If a hearing by the University Behavioral Standards Committee is held, both the accuser and the accused are entitled to the same opportunities to have a representative (either personal or legal counsel) who may attend and advise but may not present the case. Also, both the accuser and the accused will be informed of the outcome of any campus disciplinary proceeding dealing with sexual assault. Sanctions that may be issued by the Behavioral Standards Committee against a student found guilty of sexual assault can be found in Section 9.03 of the Student Code. Possible sanctions are: Administrative Probation, Suspension, Expulsion, Restitution, Counseling, and/or Community Service. Behavior of a particularly violent nature performed by a student enrolled at the university may warrant an immediate interim suspension by the President of the university or by his designee as provided for in Section Thirteen of the Code of Student Rights, Responsibilities, and Behavior.

   **Off-Campus Options**

   If the incident happened off the campus, the assault survivor may press criminal charges against the perpetrator with the appropriate law enforcement agency. University officials can assist the victim in notifying these authorities if the student so chooses.
5. **Seek professional counseling and support.** Whether or not the victim chooses to take legal action against the perpetrator, he/she is advised to seek professional counseling. A sexual assault of any kind can result in difficulty later if the emotional issues associated with it are not addressed. The University Police can contact a counselor immediately following an assault. Individuals can contact the Louisiana Tech Counseling and Career Services office at 257-2488, during regular working hours. A licensed professional counselor can assist with decisions about available options and can help in working through the healing process. Options can include assisting the survivor in changing academic and living situations if requested and if such changes are reasonably available. A listing of area resources for sexual assault survivors is provided in this Guide.

**DEFINITIONS**

**Sexual misconduct** is a sexual act or contact of a sexual nature that occurs, regardless of personal relationship, without the consent of the other person(s), or that occurs when the person(s) is unable to give consent or whose consent is coerced or obtained in a fraudulent manner. For the purpose of this policy, sexual misconduct includes, but is not limited to, sexual assault, sexual abuse, violence of a sexual nature, sexual harassment, non-consensual sexual intercourse, sexual exploitation, video voyeurism, contact of a sexual nature with an object, or the obtaining, posting or disclosure of intimate descriptions, photos, or videos without the express consent or the persons depicted therein, as well as dating violence, domestic violence, and stalking.

a. **Sexual Assault as defined by the Clery Act:** an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s UCR program.

b. **Sexual Assault as defined by Louisiana State Law:**
   - **Non-Consensual Sexual Intercourse:** Having or attempting to have sexual intercourse, cunnilingus, or fellatio without consent. Sexual intercourse is defined as anal or vaginal penetration by a penis, tongue, finger, or inanimate object.
   - **Non-Consensual Sexual Contact:** Any intentional sexual touching or attempted sexual touching, without consent.

"**Harassing**" means the repeated pattern of verbal communications or nonverbal behavior without invitation which includes but is not limited to making telephone calls, transmitting electronic mail, sending messages via a third party, or sending letters or pictures. "**Pattern of conduct**" means a series of acts over a period of time, however short, evidencing an intent to inflict a continuity of emotional distress upon the person. Constitutionally protected activity is not included within the meaning of pattern of conduct. **LA. RS § 14:40.2(C)**

f. **Domestic Violence definition in Clery Act**: Violence, including but not limited to sexual or physical abuse or the threat of such abuse, committed by a current or former spouse or intimate partner or any other person from whom the alleged victim is protected under federal or Louisiana law. Felony or misdemeanor crime of violence committed:
   - By a current or former spouse or intimate partner of the victim;
   - By a person with whom the victim shares a child in common;
   - By a person who is cohabiting with, or has cohabited with, the victim as a spouse or intimate partner;
   - By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or

RS 46:2132(3)**

j. **Dating Violence definition in Clery Act**: Violence, including but not limited to, sexual or physical abuse or the threat of such abuse, committed by a person who is or has been in a social relationship of a romantic or intimate nature with the alleged victim. The existence of such a relationship will be determined based on a consideration of the length and type of relationship and the frequency of interaction.

**Dating Violence definition in Louisiana law**: "**Dating violence**" includes but is not limited to physical or sexual abuse and any offense against the person as defined in the Criminal Code of Louisiana, except negligent injury and defamation, committed by one dating partner against the other. **LA. RS § 46.2151(C)** For purposes of this Section, "**dating partner**" means any person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the following factors:

1. The length of the relationship.
2. The type of relationship.
(3) The frequency of interaction between the persons involved in the relationship.

k. **Sexual Harassment:** Unwelcome conduct of a sexual nature when i) submission to such conduct is made either explicitly or implicitly a term or condition of a person’s employment or education; ii) submission to or rejection of such conduct by a person is used as the basis for a decision affecting that person’s employment or education; or iii) such conduct has the purpose or effect of unreasonably interfering with a person’s employment or education, or creating an intimidating, hostile, or offensive employment or educational environment, and has no legitimate relationship to the subject matter of a course or academic research. Sexual Harassment also includes non-sexual harassment or discrimination of a person because of the person’s sex and/or gender, including harassment based on the person’s nonconformity with gender stereotypes. For purposes of this Policy, the various forms of prohibited Sexual Harassment are referred to as “Sexual Misconduct.”

l. **Retaliation:** Acts or attempted acts for the purpose of interfering with any report, investigation, or proceeding under this Policy, or as retribution or revenge against anyone who has reported Sexual Misconduct or Relationship Violence or who has participated (or is expected to participate) in any manner in an investigation, or proceeding under this Policy. Prohibited retaliatory acts include, but are not limited to, intimidation, threats, coercion, or discrimination. Title IX prohibits Retaliation. For purposes of this Policy, an attempt requires a substantial step towards committing a violation.

m. **Consent:** Consent to engage in sexual activity must exist from beginning to end of each instance of sexual activity. Consent is demonstrated through mutually understandable words and/or actions that clearly indicate a willingness to engage in a specific sexual activity. Silence alone, without actions evidencing permission, does not demonstrate Consent. Consent must be knowing and voluntary. To give Consent, a person must be of legal age. Assent, or, “to go along with,” does not constitute Consent if obtained through Coercion or from an individual, whom the Alleged Offender knows or reasonably should know, is Incapacitated. The responsibility of obtaining consent rests with the person initiating sexual activity. Use of alcohol or drugs does not diminish one’s responsibility to obtain Consent. Consent to engage in sexual activity may be withdrawn by any person at any time. Once withdrawal of Consent has been expressed, the sexual activity must cease. Consent is automatically withdrawn by a person who is no longer capable of giving Consent. A current or previous consensual dating or sexual relationship between the Parties does not itself imply Consent or preclude a finding of responsibility.

n. **Incapacitation:** An individual is considered to be Incapacitated if, by reason of mental or physical condition, the individual is manifestly unable to make a knowing and deliberate choice to engage in sexual activity. Being drunk or intoxicated can lead to Incapacitation; however, someone who is drunk or intoxicated is not necessarily Incapacitated, as Incapacitation is a state beyond drunkenness or intoxication. Individuals who are asleep, unresponsive or unconscious are Incapacitated. Other indicators that an individual may be Incapacitated include, but are not limited to, inability to communicate coherently, inability to dress/undress without assistance, inability to walk without assistance, slurred speech, loss of coordination, vomiting, or inability to perform other physical or cognitive tasks without assistance.

o. **Coercion:** is the use of express or implied threats, intimidation, or physical force which places an individual in fear of immediate harm or physical injury or causes a person to engage in unwelcome sexual activity. Coercion also includes administering a drug,
intoxicant, or similar substance with the intent to impair that person’s ability to Consent prior to engaging in sexual activity.

p. Responsible Employee: Responsible Employees have the authority to take action to redress sexual violence and have been given the duty of reporting incidents of sexual violence or any other misconduct by students to the Title IX Coordinator or other appropriate school designee.

Victim Services
Depending upon the circumstances of the incident, the victim has the option of requesting the university’s aid in adjusting academic classes, on campus residence living and if applicable, adjusting the work environment. The university would facilitate this assistance through working with the appropriate university department, as necessary.

UNIVERSITY shall provide RESIDENT at least 24 hours notice in such situations, except when imminent danger to life, safety, health, or property is reasonably feared, for maintenance services requested by RESIDENT, or for fire safety inspections.

16.a. All University apartments are no smoking and alcohol free facilities. Smoking is not permitted anywhere in University Park or Park Place, including in apartments, balconies, hallways, stairwells, stairways, and indoor public spaces. Smoking within 25 feet of a building is prohibited. Alcohol (including beer or wine) is not allowed on campus. **Note:** The University reserves the right not to enter into (and/or terminate) a lease for anyone who, in the judgment of the University, represents a threat to the health or safety of University students, employees or other University constituents, or anyone who provides false information or fails to fully complete the lease agreement documentation.

**Education and Training Programs**

*Resident Assistant Handbook (Counseling 201)*

- **Goals of the RA:** 1. Provide a controlled and healthy environment that meets the needs of all residents and visitors.
- **Educational Skills Needed by RAs:** Crisis Management: This is the ability to view a crisis situation and control it effectively.
- **Louisiana Tech University Resident Assistant Job Description:** 11. Know all emergency procedures related to working in the residence halls.
- **Emergency Procedures:** In any emergency situation, the RA’s role should be to immediately seek assistance (for example, his hall director or University Police) and to supervise crowd control and remain at the scene to explain to staff/officers what has happened and identify people involved. When staff/police arrive, they are in charge of the incident. The RA should always write an incident report when an emergency situation occurs, and it should be submitted via the online incident reporting system (Maxient) before the next morning.
- In case of an emergency during a quarter break or holidays, University Police can be contacted by dialing 257-4018. If the operator does not answer, call the Ruston City Police at 255-4141. They will radio University Police to report to the scene of the emergency.

**Fire:** In the event of a small fire (i.e. trash can fire), put the fire out. Call your Hall Director. For a large fire, do not attempt to extinguish it. Pull a fire alarm and call 9-911 (emergency) and the Hall Director. You must remain calm and be able to give the emergency response team specific, detailed information.

*Residential Life Handbook (Conference Training)*

**Conference Training:** University and City officials provide information outlining emergency procedures to all staff.

**Quarterly Mandatory Meeting:** All residents are required to attend quarterly mandatory meetings within their residence hall. These mandatory meetings outline to residences the emergency procedures and responsibilities that they are required to adhere to. The mandatory meetings are administered by the Coordinators of Residential Life, Hall Directors, Resident Assistants, Tech Police, and Ruston Fire Department.

**Winter In-Service:** All Residential Life staff members are required to attend an emergency preparedness conference every winter quarter. The content of the in-service is dependent on the needs of the staff at the time. For example, the staff have received active shooter training and fire preparedness training as well as additional emergency procedural training.

**Evacuation Procedures and System Testing**

**Dog Town Community Bulletin:**

68
Upon check-in, a resident is directed by staff to review the rules and regulations on the department’s website. The regulations state the following:

**Emergencies:**

- For emergencies – fires, bomb scares, or any other emergency situations – students should notify University Police and a Department staff member immediately.

- A Residential Life Department staff member is on duty every weekend for emergencies. Flyers are posted at the residence halls in advance each week stating the name and contact numbers of the person(s) on duty.

**Fire Safety:**

- Residents should familiarize themselves with the exit procedures for their rooms or apartment: there is an Evacuation Plan Sheet as well as a Schematic Evacuation Sheet (specific to each room) on the back of room door to aid in fire evacuation. Should these sheets not be posted on your door, notify your RA.

- If a fire alarm sounds, remain calm and leave the building immediately. Use stairways rather than elevators. Elevators automatically advance to the ground floor of the building and door sets in the open position, when the fire alarm sounds. Fire drills are conducted each quarter as a safety measure. However, anytime the alarm sounds, all residents should leave the building.

**Room Checks:**

- To meet emergency situations, to make routine maintenance inspections, to maintain minimum health and safety standards, and to enforce regulations, the University reserves the right to enter students’ rooms.

**Systems Testing**

**Fire Alarm Testing (Residential Life Staff):** Every Tuesday the staff is required to test the fire alarm system within each residence hall to verify that the alarm system is working properly.

**Fire Drill (Residential Life):** Twice every quarter the staff is required to facilitate a fire alarm drill within each residence hall, whereby all residents are required to evacuate the residence hall within a required minimum time frame. If the evacuation procedure is not completed by required minimum time frame, the fire drill is facilitated once more until the minimum evacuation time frame is successfully attained. The fire drill records of completion are maintained by the Maintenance Supervisor at the Residential Life Office.

**Fire Alarm Testing (Outside Contractor):** Once every quarter an outside contractor is required to test the fire alarm system within each residence hall to verify that the alarm system is working properly.

**Sprinkler System Testing (Outside Contractor):** Once a year an outside contractor is
required to test the sprinkler system within each residence hall to verify that the sprinkler system is working properly.

**Fire Extinguisher Verification (Residential Life):** Upon employment each Residential Life staff member is issued a fire extinguisher and flashlight, which they are to maintain accessibility to within their room. Each Resident Assistant is required during their nightly rounds to verify that all fire extinguishers within the residence halls are properly charged.

**Fire Extinguisher Verification (Outside Contractor):** Once a year the fire extinguishers within each residence hall are checked to verify that the fire extinguishers are properly charged.

A Student Guide for Making Decisions about Alcohol and Other Drugs
Louisiana Tech University
Office of the Vice President for Student Advancement

Louisiana Tech Students,

Alcohol and other drug abuse has reached epidemic levels on many of our nation's college campuses resulting in the waste of America's most treasured resource: her youth. Realizing the gravity of this situation, President George Bush signed into effect the Drug-Free Schools and Community Act Amendments of 1989 (Public Law 101-226) on December 12, 1989. Therefore, Louisiana Tech has adopted an alcohol and drug-free campus. This law requires colleges and universities not only to adopt and implement programs to prevent illicit use of drugs and the abuse of alcohol on campuses, but also to necessitate the distribution of relevant information specified in these five standards:

I. Louisiana Tech University's code of conduct concerning unlawful use of alcohol and other drugs.
II. A description of local, state, and federal alcohol and other drug sanctions.
III. A description of the health risks associated with alcohol and other drug abuse.
IV. A description of vicinity drug and alcohol counseling, treatment or rehabilitation programs.
V. Louisiana Tech University's alcohol and other drug policy governing violations.

Please read and review the following pages concerning Louisiana Tech University's responses to these standards. Every student and employee of the University plays an important role in helping maintain a learning and living environment that is free of alcohol and other drug abuse.

Sincerely,

James M. King
Vice President for Student Advancement
STANDARD I

Louisiana Tech University adheres to all local, state, and federal laws pertaining to the use of alcohol and other drugs and will not tolerate violations thereof. Louisiana Tech University prohibits the unlawful possession, use, or distribution of alcohol and other drugs on University property or as part of University activities.

Individuals with specific concerns or questions related to this University's standards of conduct as they apply to the unlawful possession, use, and distribution of alcohol and other drugs should refer to Louisiana Tech University's CODE OF STUDENT RIGHTS, RESPONSIBILITIES, AND BEHAVIOR, Section Six, codes 6.04:02 and 6.04:21. This document is made available to each student at <http://www.latech.edu/students/student-conduct/> or in print from the Office of the Vice President for Student Advancement, Keeny Hall 305, phone (318) 257-2445.

STANDARD II

There are many local, state, and federal laws, which pertain to the illegal consumption, use, and distribution of alcohol and other drugs. The consequences of illegal use of these substances could result in a criminal record that may have a devastating effect on your educational plans and career pursuits. Review this synopsis of local, state, and federal alcohol and other drug laws. You may be surprised to learn the penalties for alcohol and other drug offenses. This information does not constitute legal advice. For additional information or legal advice, refer to the appropriate statutes, and/or consult with an attorney. You may report illegal drug activity through Tech Crime Stoppers at 257-4018. Please help us provide a safe educational environment.

STANDARD III

Alcohol and other drugs can have a devastating effect on the body. Short-term effects of even casual drug use can be noted immediately; indeed, even small doses of a drug can have a disastrous impact. But even more alarming are long-term effects — that damage the heart, lungs, muscles, bones or skin— which will not be evident for years and possibly will be permanent. Be informed, be aware. That which you inflict upon your body may shorten your life or tragically alter your lifestyle.

Alcohol and the College Experience
Facts You Need to Know

The following information contains highlights from the National report, A Call to Action: Changing the Culture of Drinking at U.S. Colleges. The report was developed by the National Institutes of Health National Advisory Council on Alcohol Abuse and Alcoholism Task Force on College Drinking. (www.collegedrinkingprevention.gov)

A Snapshot of Annual High-Risk College Drinking Consequences
* Death: Over 1,825 students ages 18-24 die from alcohol related unintentional injuries including motor vehicle accidents.
* Injury: 599,000 students ages 18-24 are unintentionally injured under the influence of alcohol.
* Assault: More than 690,000 students ages 18-24 are assaulted by another student who has been drinking.
* Sexual Abuse: More than 97,000 students ages 18-24 are victims of a sexual assault or date rape in which alcohol is involved.
* Unsafe Sex: 400,000 students ages 18-24 have unprotected sex and more than 100,000 report having been too intoxicated to know if they consented to sex.
* Academic Problems: About 25% of college students report academic consequences of their drinking including missing class, doing poorly on exams and receiving lower grades overall.
* Health Problems and Suicide Attempts: More than 150,000 students develop an alcohol related health problem and 1.2 and 1.5 percent of students indicate that they tried to commit suicide within the past year due to drinking.
* Drunk Driving: 2.1 million students between the ages 18 and 24 drove under the influence of alcohol last year.
* Vandalism: About 11 percent of students report that they have damaged property while under the influence.
* Police Involvement: About 5% of 4-year college students are involved with the local or campus police as a result of their drinking and an estimated 110,000 students between the ages of 18 and 24 are arrested for an alcohol-related violation such as public drunkenness or driving under the influence.

High-Risk Drinking Patterns
High-risk college student drinking includes the following:
* Underage drinking
* Drinking and driving or other activities where the use of alcohol is dangerous.
* Drinking when health conditions or medications make use dangerous.
* Binge Drinking; that is, 5 drinks in a row per occasion for males and 4 for females.
* Moderate drinking by persons of legal drinking age is defined as no more than 2 standard drinks per day for men and 1 drink per day for women.

What is a standard drink?
A standard drink contains approximately 14 grams (0.6 fluid ounces) of pure alcohol. Below are approximate standard equivalents.

- One 12 oz. Beer at 3% alcohol (look at the label) = One 5 oz. Glass of Wine at 12% alcohol = One 1.5 oz. shot of Hard Liquor at 40% alcohol or 80 proof

Female students are affected differently than males by high risk drinking. Women are affected differently due to several biological factors:
1. Women have less water in the body than men. Women have 51% as opposed to men having 61%. This means that women have less capacity to dilute alcohol in their body.
2. Women also have less of the enzyme dehydrogenase, the enzyme that metabolizes alcohol before it passes into the bloodstream.
3. Variations in the hormonal levels prior to menstruation can cause women to become intoxicated faster. This is especially evident during the days just before the commencement of the periods. Women who regularly take estrogen-added medications like birth control pills often experience extended effects of intoxication since the medication slows down the rate at which the body is able to eliminate the alcohol content.

**The Brain and The Buzz**

Alcohol and other drugs produce a wide range of effects, from a mild buzz/euphoria to death. These effects are often a result of chemicals altering the neurological activity of the brain. While some drugs have specific effects, targeting just one or two chemical messenger systems, alcohol does not. Alcohol effects just about everything the brain does at one dose or another.

The following is a partial list of effects common to alcohol and other drugs:

* Impairs motor coordination (e.g., the ability to walk/drive)
* Impairs memory (e.g., blackouts and ability to recall class work)
* Impairs judgment and decision making ("People under the influence do not make the best decisions")
* Impairs impulse control (e.g., increase the odds of doing things you will regret)
* Impairs sexual function (e.g., causes impotence and decreases vaginal lubrication)
* Significant mood swings (e.g., depression, irritability and aggressiveness)
* Can directly cause death

**Signs of Alcohol Poisoning and Overdose**

Symptoms listed above can be indicators of an overdose. While these symptoms might not seem like a big deal to you, the distance between these symptoms and death is surprisingly small. An alcohol overdose can quickly turn life threatening. It is important to be aware of the risk signs and to know what to do in order to save the individual’s life.

If you have any concern at all that someone may be in danger from an overdose, call for help. Don’t be embarrassed or worried about the person getting in trouble, just do it. You might save the person’s life.

**Signs of a life threatening overdose**

* **Try to wake the person.** If the person is passed out of semi-conscious and does not respond, there may be a serious problem.
  
  • **Listen to the person’s breathing.** Check for a rate that is irregular, or too slow/shallow.
  
  * **Check the person’s skin.** If the skin is cold, clammy, pale or bluish this is a sign of circulatory problems.

**TAKE ACTION**

* Call 911 or Campus Police (4018). Tell them that you are concerned someone has overdosed.
* Stay with the person until help arrives.
* Lay the person on his/her side. This will prevent choking should the person vomit.
* Once help arrives, tell them everything. Try to give as much information as you can recall regarding the situation, such as what the person was using and when they had they had their last drink/ drug

In cases of alcohol poisoning, many students agree, they would rather have an angry friend than a dead one.

A Guide To
Student Organizations
INTRODUCTION

NOTICE

It should be noted that these guidelines are a supplement to The Code of Student Rights, Responsibilities, and Behavior, which governs the activities of individual students of the University. The purpose of the supplement is to comply with Section 5.03.06 of that code, which states that the University is responsible for clearly setting forth rules, regulations, policies, and procedures that relate to student life.

On the Louisiana Tech campus, there are many types of student organizations to meet the needs of students. Some organizations honor and recognize students who have attained achievement in scholarship, etc., while other organizations are service, fellowship, or social-oriented. Governing, religious, professional, departmental, service, and special interest groups are also available. The principal aim of each student organization is to further the development of its members through wholesome activities and to promote the welfare of the University.

Louisiana Tech University assumes no legal responsibility or liability for the activities of student organizations. The University merely extends recognition and certain services to the organization.

Student organizations cannot contractually obligate the University nor do they represent the University. The University accepts no legal responsibility for the organization’s activities.

STRUCTURE AND OPERATION OF STUDENT ORGANIZATIONS

I. Forming of Student Organizations

OrgSync.com is the official database platform utilized by Louisiana Tech University to maintain all records for officially recognized student organizations. For assistance in logging into OrgSync, please contact the Office of Student Activities. Individuals interested in forming a student organization should follow these steps:

A. Each proposed organization should identify all students interested in joining the organization. Each organization must have a minimum of ten members to be considered for official recognition. Each organization must enlist a Louisiana Tech University employee (faculty or staff) to serve as advisor. In the event of the resignation of an advisor, a new advisor shall be named and the Student Activities Office notified within one month.

B. Leaders of the proposed organization should consult with a representative of the Office of the Director of Student Activities for specific instructions.

C. The group of students should write a constitution and bylaws for the proposed organization.

D. The following general outline for proposed constitution and bylaws is to be followed by student groups seeking University recognition.

1. Name of the organization
2. Purpose of the organization
3. Definition of membership
   a. Define special memberships; e.g., alumni, associate, etc.
   b. Clearly state qualifications for all types of memberships.

11. Method of selection of faculty advisor.
    Faculty Advisor section must contain the following:
    The faculty advisor shall not exercise care, custody, and/or control over the funds of the organization; however, it is within the guidelines and purview of the faculty advisor to review, on a regular basis, any and all aspects of the banking procedures/guidelines/activities of the organization (including, but not limited to, cancelled checks, bank statements, check books) in order for the organization to maintain its mission and purpose as an officially recognized organization on the campus of Louisiana Tech University. It is also understood that the organization’s bank account cannot use Louisiana Tech’s name, tax identification number or logo in any form or fashion.
12. Listing of standing committee names and responsibilities.
13. Statement that the organization will abide by the rules and regulations of Louisiana Tech University.
15. All pages of the constitution must be numbered.

The constitution of every student organization seeking recognition by the University must contain a statement that the organization and its members agree to uphold and abide by the rules and regulations of Louisiana Tech University.

E. The proposed organization shall submit one typed original copy of the constitution and bylaws (on 8 1/2 x 11-inch bond paper) to the Subcommittee on Student Organizations through the Office of the Director of Student Activities. F. Following notification by the Director of Student Activities of the receipt of a list of officers, a copy of the membership roll, and a complete set of the official documents approved by the Student Organizations Committee, the organization is considered an official student organization and is entitled to function as a regular part of the University community.

II. Re-establishing Recognition

Student Organizations that have been recognized in the past by the University shall follow the same
guidelines as listed in “Forming of New Student Organization.” Groups with past indebtedness to the University shall be required to pay all debts prior to the reestablishment of recognition.

In addition, groups attempting to reorganize that have faced previous disciplinary action by the Student Organization Committee shall be required to appear before the full Student Organizations Committee to apply for recognition.

III. Changing Constitution
Any proposed changes must be included in a revised copy of the complete constitution and submitted to the Office of the Director of Student Development. Following the action of the committee, the organization will be notified by the Director of the committee’s decision. No change in a student organization and/or bylaws can become effective until officially approved.

IV. Violation of Constitution and/or General Violations
If a student organization violates provisions of its constitution and/or bylaws (as on file in the Office of the Director of Student Development), the Student Organizations Committee will recommend the appropriate disciplinary action against the organization, which may include but is not limited to (a) warning; (b) probation; (c) revocation of University recognition; (d) restrictions.

GENERAL GUIDELINES

REVIEW OF CONDUCT AND ACTIVITIES

Activities of each student organization are subject to review by the Vice President for Student Advancement and/or the Student Organizations Committee, in addition to the review exercised by Councils, Association, Departments, Colleges, or other groups to which the student organization may be related.

Review of specific activities—e.g., direct violations of University or Departmental policy or guidelines outlined within this manual, such as, but not limited to hazing, unacceptable social behavior, harassment, public disturbances, etc.—may be brought before the Student Organizations Committee by any individual, association, organization, or private interest provided the following procedure is followed:

A. The activity is clearly defined by this manual or other University publications as an unauthorized activity or violation of policy.

B. The possible violations of the policies defined within should be provided in a typewritten statement to the Office of the Vice President for Student Advancement. The report must be accurate with locations, times, and as many witnesses as possible, and shall be signed by the individual presenting the alleged violations. This individual shall also provide his/her own address and telephone number in the report.

If a student organization violates provisions of its constitution and/or the Student Organization Agreement (on file in the Office of the Director of Student Activities), the Vice President for Student Advancement or his designee may issue a directive to the agent of the student organization detailing the concerns of the University and the appropriate course of action to resolve the matter. The agent of the student organization may request that the behavior or the sanction that was imposed by the Vice President’s Office be reviewed by the Student Organizations Committee. This procedure is outlined in the Student Organization Relationship Agreement found in this manual.
HAZING

Hazing, defined in Section 3.01:20 not only violates University policy, but it is a crime punishable by up to a ten thousand dollar fine and five years imprisonment (See LA RS 14:40.8). Additionally, the University is required by law to expel from the University anyone who commits an act of hazing for at least one quarter (See LA RS 17:1801). Any known or suspected incident of hazing by any member of a student organization must be reported to the University as soon as possible. Reports of hazing can be submitted to the Student Conduct and Academic Integrity Office via the Incident Report form at [https://cm.maxient.com/reportingform.php?LouisianaTech](https://cm.maxient.com/reportingform.php?LouisianaTech), in person in the Student Conduct office in Keeny 305 or by phone at 257-3396. If the observed hazing incident is urgent or potentially life threatening, then University Police should be immediately contacted at 257-4018.

RETAINING RECOGNITION

For a student organization to be considered as continuing on active status, the following conditions must be met annually:

A. There will be up to one mandatory meeting for student organizations to attend per quarter. At least one representative from each organization, preferably an officer of the organization, must be in attendance at all scheduled mandatory meetings.

B. The organization must have active status on OrgSync, verifying understanding of the University alcohol and hazing policy, and University Relationship Agreement. Each organization must update their OrgSync portal every Fall by October 15th.
   1. Organization status is valid for one academic year.
      a. All organizations will automatically have their status reset to expire on August 31st of each year, and organizations must renew by October 15th of each year. The purpose of this is to ensure that membership rosters are updated each year.
      b. Failure to renew the organization's status on OrgSync between August 31 and October 15 may result in suspension through the remainder of the Fall quarter and until the organization's status has been renewed.

C. An organization must have a minimum voting membership of ten (10) student members by the end of the quarter during which its recognition is first granted and for every quarter thereafter. Any exception to this regulation must be approved by the Student Organizations Committee.

D. The organization may not have any outstanding debts to any department of the University.

E. Each organization shall have a faculty advisor. In the event of the resignation of an advisor, a new advisor shall be named within one month. Notification of this new advisor will be made to the Director of Student Activities in Tolliver Hall.

SIGNS AND POSTERS

In order that defacing or possible damage to the outside of buildings or other structures (such as light standards and trash cans) or parts of the landscape (such as trees and shrubs) may be avoided, no signs shall be affixed to any University structure or landscaping on any occasion. Anyone desiring to post material within a building at any place besides those so designated for posting must first secure special permission from the University faculty or staff member in charge of the building; otherwise, such
materials will be removed.

There are special occasions when banners may be posted outside the Student Center. Organizations seeking permission to do this should contact the Director of Student Activities.

**ACTIVITIES**

**Unauthorized Soliciting, Advertising, Selling, and Distribution of Material**

Students, student organizations, groups of students, solicitors, agents, salesmen, etc., may not solicit, advertise, sell, or distribute material of any nature on University-owned or University-controlled property without approval. Request for approval should be in writing and directed to (a) the Director of Residential Life for the areas of on-campus residence; (b) the Director of Student Activities for the Student Center, Tolliver, and Centennial Plaza; (c) the Vice President of Financial Affairs / Comptroller for all academic facilities, Library, maintenance area, etc.; (d) the Director of Athletics for intercollegiate athletic fields; and (e) the Superintendent of Maintenance for all other outside areas. Requests for approvals for other University facilities should be directed to the appropriate facilities manager.

**Organization Membership and Advisors**

Only individuals who are affiliated with the University as students, faculty, or staff may become actives, pledges, or members of student organizations. Organizations may elect, in compliance with their constitutions, honorary and alumni members; however, these members may not vote or hold office. Each organization must have a faculty advisor to be eligible for recognition by the University.

**Social Events**

I. Only organizations which are officially recognized by Louisiana Tech University may schedule an event on campus. Inactive organizations or organizations on probation or suspension cannot sponsor activities on the Louisiana Tech University campus.

II. All functions of an essentially social nature sponsored by student organizations on the campus of Louisiana Tech must be registered and approved. To register an event, the organization must complete the facility reservation form available at forms.latech.edu.

   1. The facility reservation form details the planned activity and notifies the organization's advisor, the manager of the facility in which the event is planned, University Police, and the Director of Student Activities.

      a. All functions including meetings must be registered through this site and approved at least two weeks prior to the event.

      b. Failure to register an even may result in review by the Student Organizations Committee.

III. On-Campus Parties, Functions, and/or Social Events:

   A. A University representative is required to be in attendance at on-campus parties, functions, and/or social events sponsored by student organizations for their membership and invited guests. The representative must be a full-time member of the University faculty or administrative staff.

   B. One (1) University representative and one (1) or more law enforcement officers as deemed appropriate by the Chief of University Police (officers to be employed at the expense of the sponsoring organization) are required to be in attendance at on-campus parties, functions, and/or social events sponsored by student organizations and open to the University community.
C. Student Organizations exist to meet the needs of the students of Louisiana Tech University. Events sponsored by recognized student organizations should be within the role, scope, and mission of the sponsoring organization. No activity may be sponsored by a recognized student organization on the Tech campus whereby students of other universities or the general public are active participants (i.e., dances, skating parties, swimming parties, etc.) It is permissible for a student organization to sponsor an event where the general public is admitted as spectators (i.e., lectures, talent shows, pageants, concerts, etc.) provided the activity meets the role and scope of that organization. When the event is open to the public, as well as the University community, one (1) University representative and two (2) or more University law enforcement officers—to be employed at the expense of the sponsoring organization as deemed appropriate by University Police—are required to be in attendance.

D. When an event is canceled, it is the responsibility of the student organization to cancel all services it has contracted (e.g., University Police, Food Service, services from Buildings and Grounds, and facility reservation). Failure to do so will result in charges and fees to the organization.

E. Louisiana Tech University is recognized by the federal/state government as a alcohol- and drug-free zone, in accordance with the Drug-Free Schools and Community Act Amendments of 1989 (Public Law 101-226). No student organization will be permitted to sponsor events whereby alcohol is served on the Louisiana Tech University campus.

IV. Off-Campus Parties, Residences, Functions, and/or Social Events

A. Student organizations or groups will assume complete responsibility for off-campus activities, including the conduct of any and all participants attending such functions. Failure to accept and/or discharge this responsibility will subject the violating student organization or group to suspension of social privileges and/or revocation of University recognition.

B. All construction affiliated with a student organization, including, but not limited to, props, walkways, decks, and swimming pools, shall be in compliance with City and State building codes.

C. All organizations scheduling off-campus activities where alcohol will be present must abide by the following guidelines:

1. The possession, use, and/or consumption of ALCOHOLIC BEVERAGES must be in compliance with any and all applicable laws of the state, parish, and city.

2. No alcoholic beverages may be purchased through the chapter treasury nor may the purchase of alcoholic beverages for members or guests be undertaken or coordinated by any member in the name of or on behalf of the chapter. At all chapter parties in which alcohol is present, the members of the organization and their guests are responsible for bringing their own alcoholic beverages (BYOB). Any violation of the “BYOB” intent will be disciplined as such. A cash bar with a licensed and insured vendor may be substituted for “BYOB.” A fair market value for the alcoholic beverage must be collected by the vendor, and the student organization is not allowed to subsidize the sale. The student organization is responsible for insuring that all applicable laws of the state, parish, city, and the University are followed and that the proper permits and licenses are obtained prior to the event.

3. No alcoholic beverages of bulk form (keg, jungle juice, etc.) may be purchased or used. Kegs of beer will not be allowed. A keg is considered a common source of alcohol. Providing a common source of any alcoholic beverage—be it beer, alcoholic punch, or an open bar—implies that it is provided by or on behalf of the organization, regardless of who actually purchased it.

4. No members, collectively or individually, shall purchase for, serve to, or sell
alcoholic beverages to any minor (i.e., those under legal “drinking age”).

5. The possession, sale, and/or use of any ILLEGAL DRUGS or CONTROLLED SUBSTANCES is strictly prohibited.

6. No organization may co-sponsor an event with an alcohol distributor, charitable organization, or tavern (tavern defined as an establishment generating more than half of annual gross sales from alcohol) where alcohol is given away, sold, or otherwise provided to those present.

7. No organization may co-sponsor or co-finance a function where alcohol is purchased by any of the host groups or organizations.

8. OPEN PARTIES where alcohol is present—meaning those with unrestricted access by non-members of the organization without specific invitation—shall be prohibited. Private parties can be held on organization property or through leasing a facility. A guest list should be retained during “private parties” and kept on file for three (3) weeks following.

9. No member shall permit, tolerate, encourage, or participate in “drinking games.”

10. The University strongly encourages the hiring of police or security personnel at any event where alcohol is present.

V. University Activities Calendar

A University Activities Calendar is available so that student organizations may check to determine what activities have already been scheduled in an effort to arrive at an optimum date for their event. Registering is a combined responsibility of the Director of Student Activities and the student organization involved.

USE OF UNIVERSITY FACILITIES

I. Before an organization may use a campus facility, a member of the organization must complete the facility reservation form located online at forms.latech.edu. Each facility on the campus has guidelines for use. The manager of the desired facility will insure that the planned activity is in compliance with University regulations.

A. Once the facility reservation is submitted by an applicant, the advisor of the organization will be automatically notified to verify that the organization has permission to host the function. Once the advisor verifies with their e-signature, the manager of the facility will be notified and the facility manager will verify that the facility is available and that there are no conflicts with reserving the space. Once the facility manager signs, University Police will be notified. University Police will evaluate any safety concerns and determine the number of officers that should be present, if any. One University Police e-signs the form, the Director of Student Activities will be notified to verify that the organization is in active and good standing with the University. Once the Director of Student Activities e-signs the form, the applicant will be notified that the form has been completed.

B. The facility reservation form simply allows all necessary offices to verify and approve the function and the intent to use a space. The form does not guarantee the reservation. It is the responsibility of the applicant/organization to make contact with the facility manager to discuss any additional paperwork that is required to finalize the reservation.

C. It is good practice to contact the facility manager before completing the facility reservation form to check availability of the space and to notify them that you plan to submit the form online.

II. The scheduling of classes will take precedence over all other uses in a campus facility. Reservations or requests for a facility or space in a facility used for academic and non-academic purposes will honor academic needs as first priority between 8 am and 5 pm, Monday through Friday, and will be handled on a first-come, first-served basis within those categories. (This does not
restrict non-academic use when academic work is not officially scheduled.)

III. The University may honor the request of another group for space already assigned if:
A. Suitable alternate space is available for the group making the initial request;
B. No other suitable space is available for the second group requesting the space.

IV. Organizations using University facilities other than during the regular custodial day will be charged overtime rates for services necessary for readying the facility for regular use.

V. Cancellation of reserved dates should be made promptly with the Student Activities Office and the person in charge of the facility. A form for canceling reservations on campus should be filled out in the Student Activities Office.

VI. If, after an organization has reserved University space, it is decided that the intended use of the University facilities is not in the best interest of the University, the University reserves the right to cancel the reservation.

VII. Any organization decorating a building on the campus must receive the approval of the person in charge of the facility, subject to review by the Director of the Physical Plant.

VIII. If a student organization incurs a debt to the University, it should be paid promptly. If all indebtedness to the University is not cleared at the end of each quarter, the student organization will lose University reservation privileges for the next quarter. Continued failure to pay debts to the University could result in loss of University recognition.

IX. Please be sure that all signs and posters advertising events have been properly authorized by the Office of Student Activities. All signs and posters without proper authorization will be taken down and discarded.

FUNDRAISING EVENTS

I. Recognized student organizations may sponsor fund-raising events for which they sell tickets, sell products, charge admission, or solicit funds on University premises. Clearance for sponsoring fund-raising events is obtained as follows:

A. Secure approval for fundraising events from the Student Activities Office. This should be approved by the Director of Student Activities at least two weeks prior to the scheduled event.
B. Register the event properly by completing the registration blank for student activities, and if applicable, the request form for use of college facilities.

II. An organization shall not contract for entertainment, secure the use of a facility, purchase tickets for sale, or pursue a fundraising event until such event has been properly registered.

III. Only recognized student organizations may register fundraising events on the campus. The student organization registering the event will assume the entire responsibility for the event. An individual or group of individuals not representing a recognized student organization will not be permitted to register or sponsor fundraising events on the campus.

IV. Using credit card sales as a fundraiser is not allowed on the campus of Louisiana Tech University.

FRATERNITY HOUSING

Fraternities are an integral part of the University’s student life. There is a time-honored tradition to
allow an on-campus housing exemption to those students participating in Greek life, providing that both the student and the fraternity are in good standing with the University.

Fraternities that are a part of the Interfraternity Council are allowed to have a predetermined number of residents live at their fraternity house, provided the student has a minimum of 30 hours and a minimum 2.0 GPA. Each quarter every eligible fraternity shall submit a house list to the Dean of Student Life two weeks prior to fee payment. The house list will include the name and campus-wide identification number for every student living at the fraternity house. Attached to the house list will be a Fraternity Residence Approval Form completed by each resident and signed by the president of the fraternity.

It is the responsibility of the president and house manager of each fraternity to make sure that the house list is complete and that the students living at their house are eligible to do so.

Any student living in the fraternity house having less than 80 hours is required to purchase a meal plan. Fraternities that are found to have submitted inaccurate house lists face being fined the amount of room and board that is owed to the University. The individual student involved shall also be liable for payment of these fees. Any fraternity found in violation a second time during a one-year period will face the fines as listed above and will lose the privilege granted by the University for fraternity housing. After a one-year period, the fraternity may petition the University for reinstatement of residence facilities following the procedures listed below.

Any fraternity wishing to join the Interfraternity Council shall petition the University for permission to have students live at its facility. This petition should be made to the Dean of Student Life. Exemptions are not automatic and will be reviewed on a case-by-case basis. Any fraternity wanting to increase its housing capacity shall petition the Dean of Student Life for an increase in its allowed exemptions.

GRADE RELEASES

Interfraternity, National Pan-Hellenic, and Panhellenic-recognized organizations that require chapter grade reports to maintain affiliation and recognition with a national organization will request these reports through the Dean of Student Life each quarter in writing. Any other organization that is a recognized student organization may request grade releases through the Office of the Registrar. The written request will include the name, social security number, and signed student consent form from each individual member allowing the University to release each student's GPA to a named chapter representative for the sole purpose of academic verification of GPAs to the national organization. Use of student information not listed as directory information under FERPA regulations for purposes other than those listed on the release form are not allowed. Violations can be referred to the Student Organizations Committee.

STUDENT ORGANIZATIONS RELATIONSHIP AGREEMENT

INTRODUCTION

Inherent in any organization, such as a University, is a basic philosophy of operation. This philosophy leads to a system of values and beliefs that the University develops over time. Students apprehended for off campus violations of local, state, and federal laws are clearly within the jurisdiction of civil authority. The University’s concern may extend to off-campus violations of local, state, and federal laws if the individual student, a student organization, or group of students uses the University’s name to falsify its position or to associate it with a cause not appropriate to the mission of the University or when it serves to reflect on the quality of citizenship of the individual, organization, or group.

Student organizations or groups will assume complete responsibility for off-campus activities including the conduct of any and all participants attending such functions. Failure to accept and/or discharge this responsibility will subject the violating student organization or group to review by the University’s Student Organizations Committee.

**STUDENT ORGANIZATIONS COMMITTEE**

All disciplinary hearings will be closed except to those involved in the hearings. Other meetings of the Student Organizations Committee are open. Any request to the Student Organizations Committee to consider changes in the guidelines to the student organization contract or student organization manual must be submitted in writing to the Office of Student Conduct and Academic Integrity or Chairperson of the Student Organizations Committee.

**Recusal Policy**

Any alleged party may request the recusal of any faculty, staff or student member participating in the Student Organizations Committee (SOC) hearing process on the grounds of personal bias or conflict of interest by submitting a written statement to the Vice President of Student Advancement or his designee stating the exact nature of the request and the reason(s) the SOC board member cannot be
impartial. The designee may not be the same individual responsible for adjudicating the conduct allegation. The written request, which must be signed and dated, should be submitted at least four business days prior to the hearing. The Vice President for Student Advancement or his designee will determine whether to honor the request or not. All involved parties will be notified accordingly.

It should be noted that this agreement is designed as a supplement to the Code of Student Rights, Responsibilities, and Behavior, which governs the activities of individual students of the University. The purpose of the supplement is to comply with Section 5.03.06 of that code, which states that the University is responsible for setting forth clearly stated rules, regulations, policies, and procedures that relate to student life.

STUDENT GOVERNMENT ASSOCIATION

The Student Government Association, or “SGA,” has the greatest student representative authority on campus. The Student Government Association receives a $4.50 per student per quarter student-assessed fee. The organization is student run and uses the quarterly assessment to positively impact Tech students. SGA is the governing body for the Student Association of which all students are members.

Composition
The student body president, vice-president, secretary, treasurer, and cabinet heads form the Executive Branch of SGA. They are in charge of carrying out or executing all programs and projects.

The Legislative Branch is made up of the Student Senate. The Senate is composed of college senators, elected by students enrolled in the respective colleges; class senators and presidents, elected by students of each class; and ex-officio members from BSU, NPHC, United Campus Ministries, and underrepresented groups like AWS, Residential Life, Panhellenic, IFC, Union Board, ISA, and KLPI. Their responsibilities include representing their constituents by voting on bills, resolutions, and Appropriations, and serving on various committees.

The Judicial Branch of our government is the Supreme Court, which is composed of nine student justices, who insure that SGA follows its constitution and bylaws.

There are other non-elected positions in the SGA. The position of Member-at-large provides an opportunity for students to get involved with less responsibility.

UNION BOARD

History of the Union Board
The Louisiana Tech University Union Board was established in 1940 as the Student Union. The station is allocated a budget of $2.50 per student per quarter, received from the Student Assessment Fee, plus money derived from ads sold to outside businesses. RADIO TECH: KLPI is run by the KLPI student organization. It is open to any student enrolled at Louisiana Tech University. KLPI was established to create and maintain interest in radio as a medium of communication. Its function is to provide a programming service primarily for Louisiana Tech University and secondarily for the broadcast area. In addition, participants in the group's activities obtain actual experience in the operation of a radio station.
Hazing Awareness & Prevention Manual
In accordance with Acts 635, 637, and 640 of the 2018 Regular Session of the Louisiana Legislature (“Louisiana Hazing Laws”), the Louisiana Board of Regents has adopted a Uniform Policy on Hazing Prevention applicable to all Louisiana public postsecondary education institutions. The policy aims to enhance the Legislature’s efforts to establish statewide mandatory requirements and is designed to help public postsecondary institutions create and maintain safety for all students who participate in the institutions’ activities, programs, groups, teams, organizations, and PanHellenic associations.

Louisiana Tech University is committed to provide a supportive, educational environment that promotes our students’ mental and physical well-being, safety and respect for one’s self and others. Involvement in student organizations and engagement in University sanctioned activities should be determined by the free will of each student and should not be impeded or impacted by the act of hazing.

Hazing in any form is strictly prohibited at Louisiana Tech University and all reasonable measures to prevent hazing will be enforced. This manual will outline the definition of hazing, the current laws against hazing, penalties for violations of the laws against hazing, information regarding the potential dangers of hazing, and measures that you can take to help Louisiana Tech University eliminate hazing.

1. Definition of Hazing

Hazing means any intentional, knowing, or reckless act by a person acting alone or acting with others that is directed against another when both of the following apply:

(i) The person knew or should have known that such an act endangers the physical health or safety of the other person or causes severe emotional distress.

(ii) The act was associated with pledging, being initiated into, affiliating with, participating in, holding office in, or maintaining membership in any organization.

(iii) Some examples of hazing include but are not limited to the following acts:

(i) Physical brutality, such as whipping, beating, paddling, striking, branding, electric shocking, placing of a harmful substance on the body, or similar activity.

(ii) Physical activity, such as sleep deprivation, exposure to the elements, confinement in a small space, or calisthenics, that subjects the other person to an unreasonable risk of harm or that adversely affects the physical health or safety of the individual or causes severe emotional distress.

(iii) Activity involving consumption of food, liquid, or any other substance, including but not limited to an alcoholic beverage or drug, that subjects the individual to an
unreasonable risk of harm or that adversely affects the physical health or safety of the individual or causes severe emotional distress.

(iv) Activity that induces, causes, or requires an individual to perform a duty or task that involves the commission of a crime or an act of hazing.

2. Laws and Penalties for Hazing

Act No. 635 of the 2018 Regular Session of the Louisiana Legislature is an act to amend and reenact R.S. 17:1801 and to enact R.S. 14:40.8, to create the crime of criminal hazing.

Criminal Hazing

It shall be unlawful for any person to commit an act of hazing.

Any person who commits an act of hazing shall be either fined up to one thousand dollars, imprisoned for up to six months, or both.

If the hazing results in the serious bodily injury or death of the victim, or the hazing involves forced or coerced alcohol consumption that results in the victim having a blood alcohol concentration of at least .30 percent by weight based on grams of alcohol per one hundred cubic centimeters of blood, any person who commits an act of hazing shall be fined up to ten thousand dollars and imprisoned, with or without hard labor, for up to five years.

If any person serving as a representative or officer of an organization, including any representative, director, trustee, or officer of any national or parent organization of an organization that is a sanctioned or recognized member at the time of the hazing, knew and failed to report to law enforcement that one or more of the organization's members were hazing another person, the organization may be subject to the following:

(a) Payment of a fine of up to ten thousand dollars.
(b) Forfeiture of any public funds received by the organization.
(c) Forfeiture of all rights and privileges of being an organization that is organized and operating at the education institution for a specific period of time as determined by the court. If the hazing results in the serious bodily injury or death of the victim, or results in the victim having a blood alcohol concentration of at least .30 percent by weight based on grams of alcohol per one hundred cubic centimeters of blood, the period of time shall be for not less than four years.

(2) A national or parent organization that receives a report alleging the commission of an act or acts of hazing may conduct a timely and efficient investigation to substantiate or determine the veracity of the allegations prior to making a report to law enforcement. The investigation shall be completed no later than fourteen days after the date on which the report was received alleging the commission of an act or acts of hazing.

Act No. 640 of the 2018 Regular Session of the Louisiana Legislature prohibits hazing at Louisiana’s public postsecondary institutions.
Hazing in any form, or the use of any method of initiation into fraternal
organizations in any educational education institution supported wholly or in part by
public funds, which is likely to cause bodily danger or physical punishment to any
student or other person attending any such institution is prohibited.

Whoever violates the provisions of this Section shall be expelled, suspended, or
dismissed from the education institution and not permitted to return for at least one
quarter. In addition, the person violating the provisions of this Section may also be
subject to the provisions of R.S.
14:40.8 which provides penalties for certain hazing activities.

If an organization has taken disciplinary action against one of its members for hazing or
has reason to believe that any member of the organization has participated in an incident
of hazing, the organization shall report the incident to the institution with which it is
affiliated. If an organization or any of its members has been disciplined by a parent
organization for hazing, the organization shall report the hazing for which the
organization was disciplined to the institution with which it is affiliated.

3. Impacts and Dangers of Hazing (source: HAZINGPREVENTION.ORG)

IMPACT ON PERSON BEING HAZED

The media is full of stories reporting one of the worst possible consequences of hazing: death.
While death is the worst possible outcome, there are far more examples of less severe but still
life-altering consequences. One study has shown that 71% of those who are hazed suffer from
negative consequences. These consequences may include but are not limited to:

- Physical, emotional, and/or mental instability
- Sleep deprivation
- Loss of sense of control and empowerment
- Decline in grades and coursework
- Relationships with friends, significant others, and family suffer
- Post-traumatic stress syndrome
- Loss of respect for and interest in being part of the organization
- Erosion of trust within the group members
- Illness or hospitalization with additional effects on family and friends

IMPACT ON THOSE WHO HAZE

Those who are leading or participating in the hazing may unintentionally trigger the memory of a
traumatic event in the victim’s past that could result in devastating consequences. Those who are
accused of engaging in the hazing behaviors may face suspension or expulsion, and legal action
which may include misdemeanor or felony charges and/or jail time.

Personal impact: In addition to being accountable to the organization, the College, the
state criminal process, and civil litigation, those that haze may experience the following:

- Decline in grades and coursework
- Relationships with friends, significant others, and family suffer
- Loss of connection to alums through the organization

• Media scrutiny
• Damage to one’s personal reputation
• Warped sense of leadership
• Feelings of shame and guilt

IMPACT ON THE ORGANIZATION

When a team, club or chapter participates in hazing, not only are individuals affected, but the organization also suffers. Individuals and their organization may be accountable to the national offices as well as institutional and local governing boards. Depending on the organization, the consequences can be quite significant. A local chapter of a Greek Life organization might be suspended from campus for a number of years, whereas a sports team could forfeit their season or a club could be disbanded. In addition, the following outcomes may result when members of an organization participate in hazing:
• Loss of reputation within the campus community, local area and nationally
• Loss of recognition for the organization, team or club and/or other privileges revoked
• Civil damages may be levied against the organization
• Organization’s officers may be held responsible
• A gradual erosion of the true meaning and values of the organization

4. What You Can Do

Hazing is everyone’s responsibility. Knowing the definition of hazing and the policies and laws is the first step. If you suspect a hazing incident, you have the responsibility to act. If you are involved with an organization that you feel like is committing an act of hazing, report the incident to the advisor and president of your organization and report the incident to the Department of Student Activities.

Additionally, reports of hazing can be submitted to the Student Conduct and Academic Integrity Office via the Incident Report form at https://cm.maxient.com/reportingform.php?LouisianaTech, in person in the Student Conduct office in Keeny 305 or by phone at 257-3396.

Finally, hazing can be life threatening. If you suspect that an act of hazing is creating an emergency, don’t hesitate. Contact Tech Police at 257-4018 or call 911.

Procedures and policies for student use of facilities and properties are established by the Division of Student Affairs and coordinated with the University department having primary oversight of the specific facility or property. All scheduling of facilities and properties must be made and approved through the Student Activities Office in Tolliver Hall or through the Aramark Food Service Office in the Student Center at least two weeks prior to the event. To maintain safety, security, and order, to ensure orderly scheduling of campus facilities, and to preclude conflicts with academic and curricular activities, Louisiana Tech University reserves the right to limit such activities by the following regulations regarding time, place, and manner of such activities.

In order to fulfill its public service mission, Louisiana Tech University may allow the use of certain facilities and properties by public and non-public groups provided there is not a conflict with University scheduled events and that the usage and event does not detract from the University’s mission. In addition, the University requires that all non-university groups must provide proof of liability and workmen’s compensation insurance, an indemnification agreement, and cost reimbursement sufficient to cover the operational cost of the facilities or property utilized. Proof of liability insurance and the indemnification agreement must be filed and approved by the Student Activities Office before any facility or property can be approved for outside use.

The Student Activities Office will assist the scheduling and use of University facilities and properties directly with the departments responsible for the specific facility or property. Because of the uniqueness of each facility, scheduling needs, etc., the department having oversight for each facility will establish usage policies and charges specific to their facility and property. Charges for usage are to be sufficient to cover the cost for use of the particular facility and must be paid in advance unless satisfactory arrangements are made in advance for direct billing to a responsible party. Collections for usage charges are to be made by the department having oversight of the facility and must be promptly deposited with the Office of the Comptroller. Invoices will be issued by the department having oversight of the facility and will be processed and collected through the Comptroller’s Office. Louisiana Tech University reserves the right to reduce or waive charges where a compelling public need or interest is served, such as emergency shelter, high school graduation ceremonies, high school academic or athletic events, and charitable events.

The University reserves the right to assign alternate space if there is a conflict with class activities or if it is in the best interest of the University to take such action.

The University Space Utilization Committee, in consultation with the Internal Auditor, will periodically review policies and charges related to usage of University facilities and properties and will make recommendations to the President. A separate policy section will be established for each specialized facility and will become a part of this overall Facilities Usage Policy.
Academic Honor Code

SECTION ONE: PREAMBLE
Academic integrity at Louisiana Tech University is based upon and encompasses the Tenets of Tech: integrity, respect, honesty, fairness, leadership, loyalty, enthusiasm, caring, hope, pride, confidence, excellence, commitment, and knowledge. Through the active pursuit of academic integrity, the University strengthens the value of the education and degrees that students seek to earn. Consequently, the University expects that all members of its academic community will demonstrate honesty and integrity in all academic relationships.

The purpose of the Honor Code is to articulate and support the interests of Louisiana Tech University in maintaining the highest standard of conduct in academic affairs. Policy on Classroom Behavior
Policy on Classroom Behavior

Introduction

1. The goal of Louisiana Tech University and its faculty and students is to foster a dynamic environment of higher learning where all students develop analytical skills, learn to think critically and communicate effectively, promote inquiry, pursue knowledge, and prepare for productive careers. Behavior in the classroom that impedes teaching and learning and creates obstacles to this goal is considered disruptive and therefore subject to sanctions. The purpose of these sanctions is to create and protect an optimum learning experience for all students. The sanctions should not be considered punitive, either by the student or by the instructor. Disagreement expressed in a civil fashion, eccentricity, idiosyncrasy, and unconventional behavior are not, per se, disruptive to the classroom experience. These sanctions are intended only to preserve the classroom as a place to pursue knowledge, exchange ideas, and share opinions in an atmosphere of tolerance. Students have the responsibility of complying with behavioral standards. Faculty members have a professional responsibility to set reasonable limits on the expression of opinions while treating students with dignity, respect, and understanding while guiding classroom activities. At the classroom level, clear guidelines for behavior and early intervention are the foundation for an intellectually stimulating experience for students and instructors alike. Instructors are encouraged to include in their syllabi guidelines for classroom behavior. Instructors who state these guidelines early and enforce them at the first appearance of disruptive behavior prevent minor episodes of classroom misconduct from escalating into serious confrontations and help transgressors to avoid the more serious consequences of such actions. The instructor has ultimate control over classroom behavior and may dismiss or remove from the classroom any student engaged in disruptive behavior.

Guidelines for Classroom Discipline

1. In the case of an incident involving a disruptive student, the instructor of record for the course will communicate with the student as soon as possible after the first incident of disruptive behavior to clearly address the inappropriate behavior, review the classroom rules, and instruct the student on the behavior that is required in the future. The instructor will document this conversation.

2. If the disruptive behavior continues, as soon as possible, the instructor will provide a written warning to the student identifying the prohibited behavior that occurred, the rules that were violated, and the behavior that is required in the future. The warning could include notice that any subsequent violations of the classroom rules may result in one or more of the following sanctions: removal from the class, grade of F on an assignment, grade of F in the course, or referral to the Office of Student Conduct and Academic Integrity.

3. If the disruptive behavior continues or is serious, the instructor will document the disruptive behavior and notify the Office of Student Conduct and Academic Integrity using the following report: https://cm.maxient.com/reportingform.php?LouisianaTech. The report should also include a copy of all documentation of the student’s previous disruptive behavior. The instructor will notify his/her Department Head and Dean of the matter. The Student Conduct and Academic Integrity Office will be responsible for handling the complaint in accordance with the Code of Student Rights, Responsibilities, and Behavior which is located at: https://www.latech.edu/documents/2018/05/studenthandbook.pdf/. If the student is found in violation of the Code of Student Rights, Responsibilities, and Behavior, one or more of the following sanctions may apply: administrative probation, community service, counseling, or removal from the University.
