

Installing or Setting Up Duo

1. Install the Duo App on your smartphone or tablet first using the App Store or Google Play Store.

Before continuing, it is highly recommended to enroll from a computer.

2. Go to <http://mfa.latech.edu>

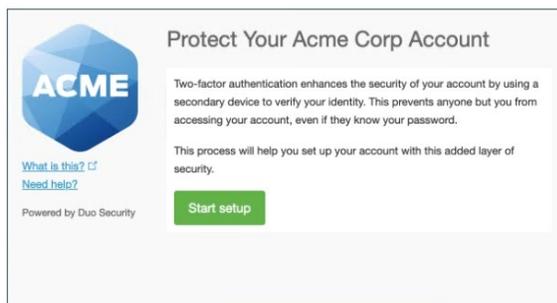

3. Login using your Moodle Credentials and click the YES button

4. Now log out of your session

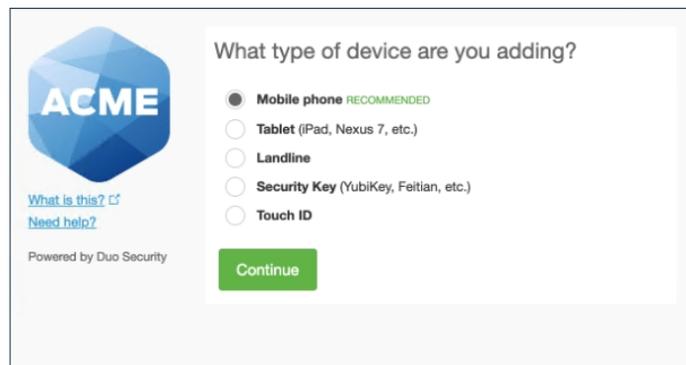

5. Log back in again. This time you will be prompted to enroll a phone/tablet as a secondary authentication device.

Example:

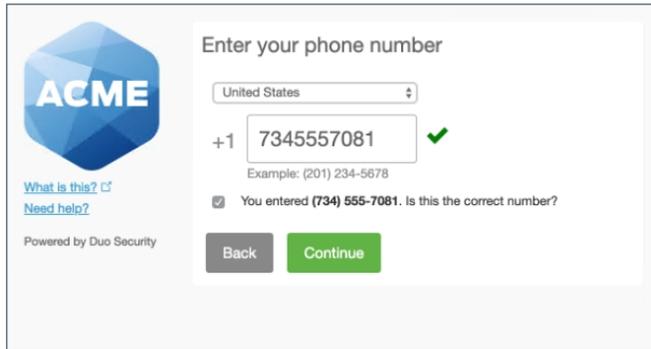

Click “Start setup” on the Welcome Screen:

Select the Secondary authentication device you want to use and click “Continue”:

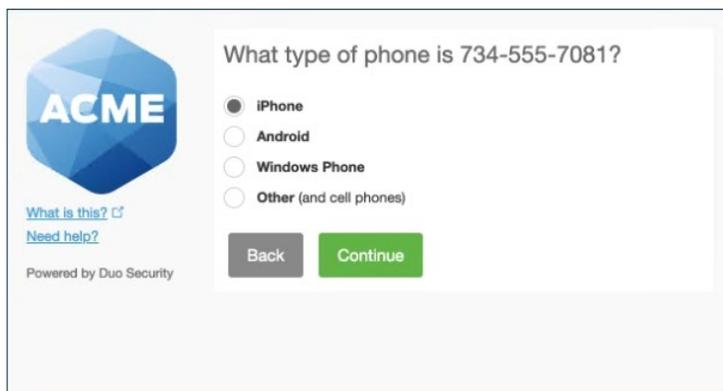

Type your phone Number if you chose your smartphone as the Secondary device for authentication and click the “Continue” button:

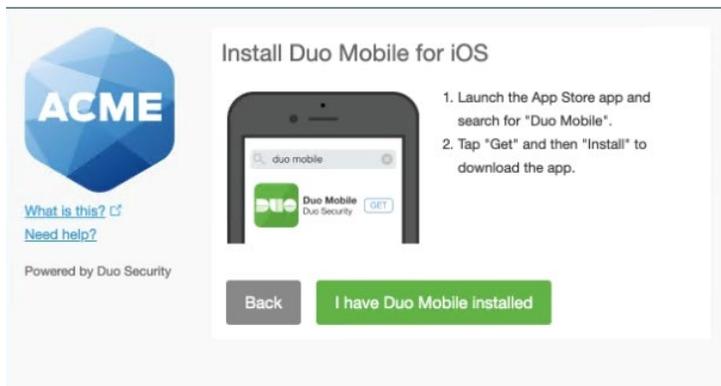

The screenshot shows the 'Enter your phone number' screen. On the left is the ACME logo and links for 'What is this?' and 'Need help?'. Below that, it says 'Powered by Duo Security'. The main content area has a title 'Enter your phone number', a dropdown menu for 'United States', and a text input field containing '+1 7345557081' with a green checkmark. Below the input is an example '(201) 234-5678' and a checked checkbox with the text 'You entered (734) 555-7081. Is this the correct number?'. At the bottom are 'Back' and 'Continue' buttons.

Then choose the Platform that your phone or tablet is running and click “Continue”

The screenshot shows the 'What type of phone is 734-555-7081?' screen. On the left is the ACME logo and links for 'What is this?' and 'Need help?'. Below that, it says 'Powered by Duo Security'. The main content area has a title 'What type of phone is 734-555-7081?' and four radio button options: 'iPhone' (selected), 'Android', 'Windows Phone', and 'Other (and cell phones)'. At the bottom are 'Back' and 'Continue' buttons.

Then click “I have Duo Mobile installed”

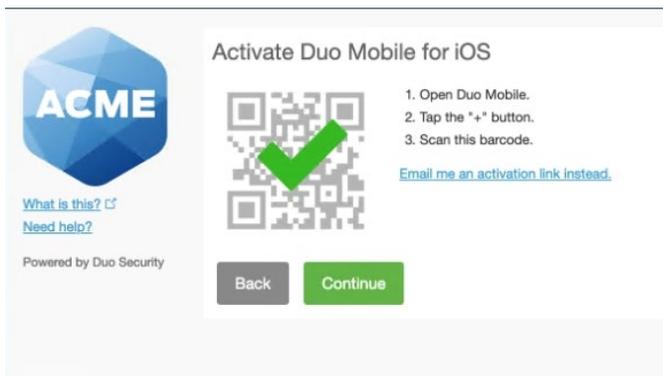

The screenshot shows the 'Install Duo Mobile for iOS' screen. On the left is the ACME logo and links for 'What is this?' and 'Need help?'. Below that, it says 'Powered by Duo Security'. The main content area has a title 'Install Duo Mobile for iOS', a screenshot of an iPhone search for 'duo mobile' showing the app card with a 'GET' button, and a numbered list: '1. Launch the App Store app and search for "Duo Mobile". 2. Tap "Get" and then "Install" to download the app.' At the bottom are 'Back' and 'I have Duo Mobile installed' buttons.

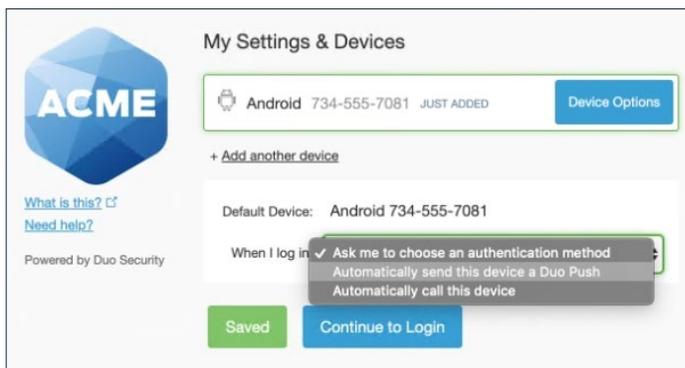

Activate Duo Mobile by scanning the barcode with the App's built-in barcode scanner

Once the barcode is scanned successfully, click the “Continue” button. If you cannot scan the barcode you may have an email link sent to you for confirmation instead.

IMPORTANT: select the “Automatically send this device a Duo Push” option and then click “Continue to Login”

Your device is now ready. Click “Send me a Push” to test it. Then on your smartphone, tap the “Approve” button on the Duo login request.
