

Military Service/Medical Leave/Internship:

You have the right to place your scholarship on "HOLD" if you have a break in your enrollment due to Military Service, Medical Leave, or an Internship. In order to apply for this type of exception you must include:

1. The Scholarship Exception/Appeal Form
2. A written explanation as to why you are requesting an exception
3. The required documentation with dates relevant to your situation (Military Orders, Medical Documentation, Proof of Internship)

Formal Appeal:

You have the right to appeal scholarship suspension if you have extenuating circumstances. A description of Tech's scholarship appeal process can be found below. The Office of Financial Aid will review your appeal once grades are posted and you will be notified of the appeal decision via campus e-mail. You must submit documentation to show why your academic record was affected by extenuating circumstances beyond your control and that you have taken necessary steps to prevent a reoccurrence. **The decision of eligibility by the Office of Financial Aid will be final and may not be further appealed. You are allowed a maximum of two (2) appeals.** If your appeal is approved, you will be placed on probation. During this time you are allowed to receive your scholarship. If your appeal is denied, you may attend Tech, but you will need to pay for your own educational expenses to do so.

Probation:

This means your academic record falls below the minimums and your status will be monitored in the next term of attendance. You must successfully complete each quarter with a 3.00 quarterly GPA to retain your probation, and a 3.0 cumulative to be removed from probation. You should meet with an Academic Advisor to discuss the resources Tech has available to help you meet the requirements of probation.

Instructions:

1. Please take time to carefully prepare your appeal. Your future financial aid depends on these documents. Focus on the events that occurred and how they caused your progress to be affected. Consider your entire academic history. Recognize that you did not go on suspension because of one class or even one term's grades. Explain unavoidable events and how they affected you rather than offering excuses or promises to do better in the future.
2. Attach the required items. (See checklist on the Appeal Form) If you do not provide the required documentation, **it will be denied.**
