

OFFICE OF FINANCIAL AID

Satisfactory Academic Progress Policy

The policy contained herein is the result of the federal regulations governing Satisfactory Academic Progress, October 29, 2010 to be effective July 1, 2011. The applicable regulations are in 34 CFR 668.16(e), 668.32(f) and 668.34.

Louisiana Tech University will evaluate all applicants for federal financial aid using the following policy contained herein. These policies meet the federal requirements, but may not coincide with other academic institutions' policies as each institution is required to develop their own specific policy.

Louisiana Tech's University's SAP Rules determine who is eligible or ineligible for Federal Financial Aid.

Satisfactory Academic Progress (SAP) is determined at the end of each payment period (quarter) or at the time of admission/re-admission. A student's eligibility is evaluated using three criteria: 1) GPA, 2) Completion rate (PACE), and 3) the 150% rule for maximum aggregate hours. Upon posting of grades/transcripts and attendance data, a student's cumulative GPA will be evaluated along with the completion rate (PACE). PACE is determined by dividing the cumulative hours earned (EHRS) at, or transferred to, Louisiana Tech University by the cumulative hours attempted (AHRS) at, or transferred to, Louisiana Tech University. All withdrawals (W), Incompletes (I), No Credit (NC), Completed/Passed (A, B, C, D, S), and Failed (F) courses are included in calculating PACE (*even if they show as 0 hours on your transcript*).

Addendum (Starting Spring Quarter 2020): The CARES Act provides additional flexibilities in the calculation of the quantitative component of SAP. Any attempted credits that were not completed ("W", "F", "I") by students affected by COVID-19 qualifying emergency will be excluded from the PACE and 150% Rule calculations. There are no CARES Act provisions for cumulative GPA.

The U.S. Department of Education allows students a maximum of 150% of their program hours to earn a degree. If a student has met, exceeded, or cannot achieve their degree before reaching the 150% rule, the only action available is to appeal their limit or complete the program without further federal financial aid. Appeals must be prepared and submitted according to the guidance furnished later in this policy.

- **Undergraduate:** Eligible students must have a minimum of a 2.00 undergraduate cumulative GPA with at least 67% completion rate (PACE) and must meet the criteria for the 150% rule based on their program hour requirements. All attempted undergraduate level hours are calculated as part of 150% rule.
- **Graduate:** Eligible students must have a minimum of a 3.00 graduate cumulative GPA with at least 67% completion rate (PACE) and must meet the criteria for the 150% rule based on their program hour requirements. All attempted graduate level hours (posted on Student Record) are calculated as part of 150% rule.

If a current Louisiana Tech University student is found to be below SAP standards for GPA and/or PACE, one Warning period is permitted immediately following the deficient quarter. Students who have not met SAP qualifications at the end of their Warning quarter will be deemed ineligible for federal financial aid and have funds terminated for the

****All previous SAP Policies you may possess or have read are no longer valid. This is the only valid policy****

upcoming quarter (*See additional descriptions [Dual Enrollment](#) and [Transfer students](#)*). A student who has their federal financial aid funds terminated has the option to either submit a Satisfactory Academic Progress [Appeal](#) or attend at their own expense until their cumulative GPA and/or PACE are within SAP standards. An approved appeal, or meeting SAP standards, will result in [Reinstatement](#) as long as the student is within the 150% rule. Reinstatements are not retroactive to earlier quarters.

Specific appeal requirements can be found below or on the [SAP Appeal form](#). The following will provide definitions and appeal guidance.

Additional Descriptions to Policy

Academic renewal: Students granted academic renewal will have to appeal for federal financial aid eligibility. If the appeal is approved, students will still have all attempted hours considered when evaluating aggregate hours. Questions about Academic Renewal should be addressed to the Admissions Office at (318) 257-3036.

Appeal: Process for requesting Office of Financial Aid to engage in a review for exceptions to the policy for an individual student. Student must initiate the appeal.

Disabilities: Students who arrive at Louisiana Tech and are aware of learning or other disabilities should immediately contact the Office of Disability Services so that appropriate accommodations can be made. A student with a documented disability and functional limitations is still held to the same academic expectations as other students. If the student is registered with the Office of Disability Services and receives appropriate accommodations, the student should be able to maintain Satisfactory Academic Progress for financial aid eligibility purposes.

Dual Enrollment (Early Start) and Summer Enrichment: High school students taking college courses will have these courses evaluated when matriculating at Louisiana Tech University. If the true freshmen's college level courses attempted prior to freshman enrollment fail to meet the 2.00 cumulative GPA and/or 67% completion requirements (PACE), the student will remain eligible for one period of enrollment (quarter) in order to meet SAP standards. The student is expected to raise their grades and completion rate to the required level at the end of the period of enrollment (quarter) or they will be placed on Warning for the next period of enrollment. See description of [Warning](#) below.

Reinstatement: When a student who has had their federal financial aid funds terminated now meets SAP standards as well as the 150% rule.

Transfer Students: Students entering Louisiana Tech University from previous or intervening post-secondary institutions must submit all prior transcripts to the Admissions Office for subsequent posting by the Registrar to the student's Louisiana Tech University academic record. Students who have not submitted all needed transcripts will remain ineligible for federal Title IV student financial aid until such time as all transcripts have been received and posted by the Registrar's Office. If the college level credit from all universities is not sufficient to meet the cumulative GPA, PACE, or 150% rule requirements, the student may appeal and/or fund the academic costs with alternative funds until they qualify for reinstatement. SAP status for transfer students is either [eligible](#) or [ineligible](#).

Appeal Descriptions and Instructions

Appeals for exceptions to the policy must be submitted in writing using the Tech [Satisfactory Academic Progress Appeal Form](#) *with all appropriate documentation and an unofficial copy of the most recent academic transcript*. Suggesting that the Office of Financial Aid contact doctors, professors, or other persons for additional information is not considered adequate documentation. Appeals must be received no later than the deadline (stated on form or in

All previous SAP Policies you may possess or have read are no longer valid. This is the only valid policy

notification letter) for the specific quarter that you are requesting eligibility. We recommend submitting an appeal as soon as possible after the deficiency occurs so that the appeal can be evaluated before classes begin. **A student may only appeal a total of three times during an academic career at Louisiana Tech.**

- Federal regulations do not provide (allow) for a second appeal based on the same circumstances that immediately follows a previous probation period. While a student may, over the course of an entire academic career, repeat the financial aid warning status and any subsequent probation, two such periods cannot be consecutive without an intervening period during which the student meets SAP requirements.

Appeals for excessive aggregate hours (150% Rule) must include an explanation from you of the need for additional hours, any documentation that you would like to include with your explanation, a Degree Completion Plan (found on the Financial Aid Forms page) signed by the advisor, which includes courses remaining by quarter, and an expected graduation date. These documents and an unofficial copy of the current transcript must be furnished with the appeal. A successful appeal will allow you to be “on completion plan”. Any deviation from the completion plan will result in cancellation of aid.

Additional degrees: Students seeking additional degrees are limited as follows:

- Associate**.....60 credit hours beyond prior degree (not to exceed the maximum for one bachelor’s program)
- Bachelors**.....60 credit hours beyond prior degree
- Masters**.....45 credit hours beyond prior degree

Students seeking a third Associate, Bachelor’s, or Master’s Degree are not eligible for federal financial aid. Doctorates are considered terminal degrees thus no federal aid is available for a second doctoral program.

Developmental/ESL/Remedial courses are counted as hours attempted and, if successfully completed, hours earned unless the aggregate total exceeds 30. Developmental/ESL/Remedial courses in excess of 30 hours are not counted when determining enrollment level for federal aid.

Double Majors and multiple minors: Students seeking double majors must complete their degree program for the primary major within the limits set for that major. Additional hours will not be allowed for double majors, multiple minors or concentrations.

Repeated courses: All repeated courses are counted as attempted whether the hours were earned or not.

Financial Aid Eligibility Status Descriptions

- **Eligible** – Student is meeting Cumulative GPA and PACE requirements without conditions.
- **Warning** – Student did not meet Satisfactory Academic Progress standards at the end of the last quarter of attendance at Louisiana Tech.
- **Probation** – Student was on Warning, failed to meet SAP standards, and had their appeal approved to receive aid for one additional quarter.
- **Ineligibility** – Student is not meeting SAP standards and no exceptions have been granted.
- **On Plan** – In rare instances, a student may be placed “on plan” which requires 100% successful completion, no drops, F’s, or withdrawals, and a specified GPA.
- **On Completion Plan** – Student has met 150% limit, appealed, and has been approved for a finite period of extension during which they must enroll in only specific courses required to complete the degree program. Basic Cumulative GPA and PACE requirements may be superseded if the student is placed “on plan” or “on completion plan” at which time the specifics in the plan will govern requirements for aid.

Other Descriptions

Academic probation: has no direct correlation to eligibility for federal financial aid. Contact the Registrar's Office at (318) 257-2176 for further information.

Academic suspension: Students are ineligible for financial aid while suspended. An explanation of cumulative grade point averages and their effect on enrollment is found in the Louisiana Tech University Catalog. Contact the Registrar's Office at (318) 257-2176 for further information.
