Classified Review Committee  
University Senate  
Louisiana Tech University  
Ruston, LA 71272

It is an honor to be nominated by the Louisiana Tech University Senate Members as a candidate for the 2022 Classified Loyalty Award.

I started my Louisiana Tech University career in March, 1999 in the Admissions office. I processed all freshman applications, as well as provided customer service to staff, faculty, students and parents. I am grateful to have begun in this area, because it opened the doors to meet so many different people across campus and within the local community.

In December 2006, I took a position in Finance & Administration as the Administrative Assistant 5, working under Vice President Joe Thomas. This was a challenging move, but one that I do not regret. It taught me to be resilient and to accept change. I became more familiar with the University's policies and procedures, as well as the becoming more acquainted with the Administration and their daily practices. After the retirement of VP Thomas in 2014, the Division of Administration & Facilities was created, led by Associate VP Sam Wallace. That has been my home away from home ever since. I also provide administrative support when needed for the entire division.

I would like to consider myself a loyal employee of Louisiana Tech University. I enjoy assisting other divisions with whatever is necessary to conquer the task at hand. I try to learn everything about the university and its processes so that I am always current with Tech policies and events. I love to attend the Faculty/Staff luncheons, and enjoy the fellowship with my co-workers. I am also a season ticket holder for the Louisiana Tech University Baseball program.

Louisiana Tech is by far one of the top institutions in this state, as well as the nation. I am so blessed to have been given the opportunity to serve such an outstanding university for over 23+ years.

I am a Tech graduate. I love my Tech family. **I BLEED TECH BLUE.**

Sincerely,

  
Stacy Miller

Loyalty Award – Classified Review Committee  
University Senate  
Louisiana Tech University  
Ruston, Louisiana 71272

It is my pleasure to write this letter recommending Stacy Miller for the Classified Employee Loyalty Award.

Stacy Miller has been an employee of Louisiana Tech University for in excess of 23 years. She started her employment in the Admissions Office and learned the campus from one end to the other. In the admissions office Stacy learned the importance of service and professional image.

Stacy maintains that service persona and daily goes beyond office responsibilities to help a student, parent, vendor or member of the general public solve a problem or find an answer or solution. Instead of taking the easy solution of just transferring a call, Stacy will find the person that can help. I often overhear, “if you don’t get what you need please call me back”.

Stacy understands that the importance of image and what the Louisiana Tech University image is and should be. She gets frustrated when others don’t help and don’t do their job in a professional manner.

Each and every day, in her job duties and every other way, Stacy Miller exhibits her loyalty to the University and each and every student, faculty and member of the staff.

I am proud to work with and consider Stacy a friend and fellow member of the Louisiana Tech University family.

Sincerely,

Members of Awards Subcommittee  
University Senate  
Ruston, LA 71272

Dear Members:

I am writing this letter in support of Stacy Miller for the 2022 Loyalty Award at Louisiana Tech University.

Stacy has been an employee of Louisiana Tech for more than 23 years displaying her loyalty to the University and her department. Given the nature of her work in Administration and Facilities, she is constantly communicating with all areas across campus assisting others in their day-to-day activities. She is knowledgeable about many departments, and always offers a helping hand to meet the various needs, both internally and externally.

She has fun at her job, and is loved by the many student-workers that have come and gone over the years. Seeing those students go on to achieve success after graduation provides significant joy and fulfillment for Stacy. Work is more than just work; it is family.

Dependable. Determined. Hard working. All traits that accurately describe Stacy and part of the many reasons why she is deserving of this loyalty award.

Sincerely,

A handwritten signature in blue ink that reads 'Adam McGuirt'.

Executive Director of Strategic Initiatives  
Louisiana Tech University

To Whom It May Concern,

I write to support Stacy Miller for the Loyalty Award recognizing outstanding performance by a University employee. Stacy is a hardworking coordinator who regularly goes above and beyond what is expected of her. Stacy works on vital and necessary things many of us never see. She is often the link in our Division's diverse workforce that allows us to work in concert together.

Due to the nature of Facility and Administration activities, Stacy is also required to collaborate with many Departments who have varying missions throughout Louisiana Tech. As such, her work regularly impacts the entire campus. She serves as a liaison that enables multiple people from different Departments to work jointly and complete essential tasks. Stacy is frequently the moving force behind the scenes that connects the efforts of many.

When I have a question about something at Louisiana Tech and am unsure where to start, I often call Stacy. If she does not know, she seldom fails to point me in the correct direction.

It is my sincere hope that you will select Stacy as the winner of this year's Loyalty Award.

Joe Peel
