CYBER ENGINEERING

Roughly 1,300 unique fields have an urgent need for cyber engineers. Louisiana Tech's Cyber Engineering Program is best described as the fusion of computer science and electrical engineering applied to the cyberspace domain. cyber engineers engage in political and social issues present in cyberspace, and need to have an understanding of associated security concerns, social and political impacts, and ethical consequences.

MAJORS & CONCENTRATIONS

APPLIED & NATURAL SCIENCES

- Agricultural Business**
Concentrations: Business; Plant Science
- Animal Science**
Concentrations: Livestock Production; Pre-Veterinary Medicine
- Biology**
- Environmental Science**
- Fashion Merchandising and Retail Studies**
- Forestry**
Concentrations: Forest Management; Wildlife Habitat Management
- Geographic Information Science**
- Health Informatics & Information Management**
- Human Development and Family Science**
Concentrations: Child Development Specialist; Child Life; Family Science
- Medical Laboratory Science**
- Nursing**
- Nutrition and Dietetics**
Concentrations: Registered Dietitian; Non-Registered Dietitian

BUSINESS

- Accounting**
- Business Administration**
- Business Economics**
- Computer Information Systems**
- Finance**
- Management**
Concentrations: Business Management; Entrepreneurship; Human Resources Management
- Marketing**
Concentrations: General Marketing; Sales; Digital Marketing; Sports Marketing
- Sustainable Supply Chain Management**

EDUCATION & HUMAN SCIENCES

- Elementary Education**
- Secondary Education and Teaching**
Concentrations: Agricultural Education; English Education; Social Studies Education
- Exercise and Health Promotion**
- Kinesiology and Health Sciences**
- Psychology**

Revised 08/2023

ENGINEERING & SCIENCE

- Biomedical Engineering**
- Chemical Engineering**
- Chemistry**
Concentrations: Pre-Medical; Pre-Dentistry
- Civil Engineering**
- Computer Science**
Concentrations: Computer Engineering; Cloud Computing & Big Data; Cyber Security; Graphics & Game Design
- Construction Engineering Technology**
- Cyber Engineering**
- Electrical Engineering**
- Industrial Engineering**
- Instrumentation & Control Systems Engineering Technology**
- Mathematics**
- Mechanical Engineering**
- Physics**

LIBERAL ARTS

- Architectural Studies**
- Aviation Management**
Concentration: Aviation Maintenance Management
- Communication**
Concentrations: Communication Studies; Journalism; Theatre
- English**
Concentrations: Creative Writing; Literature; Technical Writing
- Graphic Design**
- History**
- Interdisciplinary Studies**
- Interior Design**
- Modern Language**
Concentrations: French; Spanish
- Music**
Concentrations: Liberal Arts; Music Education (Instrumental); Music Education (Vocal); Music Industry Studies; Performance
- Political Science**
Concentration: Pre-Law
- Pre-Professional Speech-Language Pathology**
Concentration: Audiology
- Professional Aviation**
- Sociology**
- Studio Art**

WELCOME TO LOUISIANA TECH

WELCOME TO RUSTON

The City of Ruston is a great university town. There are plenty of restaurants, coffee houses, and outdoor parks in the area. In the City of Ruston, students will experience the quiet and intimate setting of a small town, making it better to focus on education, with the fun and excitement of a bigger city. Ruston is also located within a short driving distance of two larger cities, giving ample opportunities for the weekend.

BULLDOG SCHOLARSHIP

The Bulldog Scholarship allows qualifying international undergraduate students to pay in-state tuition: a significant saving! For more information visit ISO.LATech.edu

INTERNATIONAL UNDERGRADUATES

CHECKLIST

- ☐ Completed Undergraduate Application
- ☐ Completed Financial Support Statement
- ☐ Original TOEFL (at least 525 on PBT or 71 on iBT) or Duolingo Score of 95
- ☐ Official academic records and transcripts (High School GPA of 2.5)
- ☐ Translations of supporting documents in English must accompany all documents
- ☐ SAT/ACT required only for English-speaking countries. Alternate testing can be arranged

Email ISO@LATech.edu with questions

INTERNATIONAL GRADUATES

CHECKLIST

- ☐ Completed online application
- ☐ Completed Financial Support Statement
- ☐ Original TOEFL (at least 550 on PBT or 80 on iBT), or 6.5 IELTS, or Duolingo Score of 105
- ☐ Original GRE or GMAT score (requirements vary by program)
- ☐ Official academic records and transcripts
- ☐ Certified translations of supporting documents in English must accompany all documents
- ☐ \$40 Application Fee
- ☐ Any additional letters of recommendation

HANDS-ON LEARNING

LIVING WITH THE LAB

Our first-year engineering program boosts experiential learning through student ownership of the lab. Students are provided with a robotics kit, tools, software, and supplies to complete design projects. This expands the scope and complexity of projects that can be undertaken with large groups and fosters the development of knowledge, skills, and confidence that lead to innovation.

STUDENT MANAGED INVESTMENT FUND

This \$1 million fund is managed by undergraduate students in the College of Business who are responsible for all investment research, portfolio positions, and reporting. The state-of-the-art Trading Room functions as both a classroom and lab where students have exclusive access to the same software used on Wall Street.

LIVING WITH CYBER

The freshman computing curriculum utilizes a unique hardware platform the size of a credit card to provide students hands-on projects in learning the intricacies of computing. Students look at problems, design algorithms, and propose solutions. This curriculum provides students with an overview of computing and helps prepare them for career opportunities in many computing fields.
